*Spots for MATH - Teacher's Edition - Grade 1* Spots for M.A.T.H., 2012-09 **Know God. He could be You** Sanjeev Sareen, 2024-03-26 We are all on a spiritual journey. The journey starts with 'I' as various ego identifications and gets completed when we realize ourselves as we truly are. There is a lot to our being that we are not privy to yet and have never realized so far. Know yourself your real dimension. It is said that whoever doesn't know the Self doesn't know anything, but whoever knows the Self has already acquired knowledge about the depth of the universe. This self realization will lead to God's realization. And it has to happen one day, maybe after a few hundred or thousands more incarnations riding the roller coaster of life through pains and pleasures etc. Why not now? The ignorance about the Self leads to the emotional roller coaster movement in life filled with pains and pleasures. But a stage comes in everyone's life when, after suffering in many incarnations, a spiritual awakening is there and we start looking for spiritual direction. We start looking for meaning and purpose in life. Journey with me through the book about spirituality Book 1 to learn about the Self and find the purpose of life. That will bring freedom from suffering and sorrow. We will feel relieved once the confusion is removed. The journey through this book can help us transform from a limited 'I' to the infinite Self. And we are already that. But that is not all. Knowing about Self and God is good and an evolved stage, but we must realize it. Book 2 will inspire us towards that goal. We shall realize there that God is and can be known. There is a step by step method to realize Him. And for this we do not have to go anywhere but within ourselves. Go within is what all Masters advocate for realizing the Truth, and yet it is this message that is continuously overlooked. This book will show us how through meditation we can manifest it. The reading will be an aid to assist us on our spiritual journey to self realization. Countless saints of all times and religions have demonstrated that. And we can do it too. Remember what the Bible says: First seek the kingdom of God. The word used is seek.

and not know God must be realized not just known Then it says Seek the kingdom of God It does not say to seek God directly but the kingdom Now the question is where is the kingdom of God It is everywhere and the nearest place is our own existence our body Then the question may come is there a model or path Yes Yoga Yoga means actions that bring about the union of the Soul and the Spirit from which we descend It is the yoga of the subtle body a union of mind and body control with a focus on meditation and energetics Meditation is not what we commonly assume it to be Yoga meditation helps to bring about greater peace mental control and joy leading to awakening All saints who have ever found God practiced some form of meditation to rediscover the real Self No matter our faith or belief this is the scientific highway to the infinite for anyone who practices it This spiritual guidebook will surely demand sufficient attention and stretching of the mind in certain places to understand the subtle subject Remember practice is the key Learn to know the Yog sutra Yoga philosophy and Yoga meditation science and techniques Practice it and feel the effects yourself Immediate benefits will be felt in physical mental and spiritual health Dear ones conceive of God as the highest necessity of your lives Wait no more God and immortality are not myths but something to be realized It is all science
