that operated at the margins of legality in a communist state In the post communist period after 1989 any attempt to censor Dracula has disappeared and the private sector in Romania has been swift to exploit the commercial possibilities of the Count However the Romanian state remains ambivalent about Dracula and continues to be reluctant to encourage or promote Dracula tourism As such Romania's dilemma with Dracula remains unresolved **Let's Go 2006 Western Europe** Jeremy Todd, Virginia Fisher, 2005-11-29 For the European traveler whose visiting several countries but skipping Eastern Europe This book does however cover Prague and Budapest as well as the Dalmatian Coast and destinations in Northern Europe **Let's Go 2008 France** Andrea Halpern, Let's Go Inc., 2007-11-27 Offering a comprehensive guide to economical travel in diverse regions of the world these innovative new versions of the popular handbooks feature an all new look sidebars highlighting essential tips and facts information on a wide range of itineraries transportation options off the beaten path adventures expanded lodging and dining options in every price range additional nightlife options enhanced cultural coverage shopping tips maps 3 D topographical maps regional culinary specialties cost cutting tips and other essentials **CD-ROM Directory 1996** Tfpl Publishing, 1996-02 This 15th edition of a yearly report provides a guide to all CD ROM and multimedia titles published In addition to a full description of each title the book contains the names and addresses of all the publishers and information providers *Let's Go Europe 2009* Let's Go, Inc. Gladstone,2013-01-11 When people in First World countries think of tourists in the vast expanses of the Third World today they typically think of pampered westerners filling up the luxury hotels and imposing their Orientalist gazes on the teeming masses As David Gladstone shows us in this fascinating and provocative book such preconceptions are wrong Coupling incisive and colorful ethnographic accounts of tourism in India and Mexico with sharp analysis Gladstone demonstrates the amazing complexity of this industry which now comprises close to ten percent of the world economy As he also shows the vast majority of tourists in the Third World are indigenous people with few resources often making pilgrimages to religious shrines From Pilgrimage to Package Tour is a fresh and entirely original account that stands tourism studies on its head and proves that this industry is far more complicated than it initially appears
