Europe ,2004 **Romanians in Western Europe** Remus Gabriel Anghel,2013-07-22 In recent years Romanians have become the second largest migrant group in Western Europe Following the liberalization of border controls and the massive economic and political changes in Eastern Europe human mobility has increased and is becoming a permanent feature of post Cold War Europe The arrival of many Eastern Europeans with Romanians being the largest migrant group has produced public concerns on immigration in some West European countries This is particularly the case in Italy where Romanian irregular migrants are often stigmatized as poor troublemakers by authorities and the mass media This book challenges such commonly held assumptions that artificially divide migrants into categories of wished and unwished immigrants winners and losers of international migration This book compares two migrant groups The first is composed of ethnic Germans who migrated legally from Timisoara Romania to Nuremberg Germany The second is made up of those who migrated irregularly from Borsa Romania to Milan Italy The analysis highlights a paradoxical situation Irregular Romanian migrants in Milan had fewer rights and opportunities yet through migration they gained prestige and came to enjoy a sense of success Alternately the Germans who had migrated to Nuremberg who received more rights and opportunities perceived that they had suffered a loss of social prestige The focus on migrants social status employed in the book seeks to clarify this puzzle and provide an analytical framework for researching the linkages between the migration and incorporation of Romanians who are today European citizens and European states migration policies and migrant transnationalism Celluloid Ceiling Gabrielle Kelly,Cheryl Robson,2014-05-27 An extensive overview of female film directors worldwide showing how they are breaking through the Celluloid Ceiling and succeeding in a still very male dominated industry The book contains exclusive interviews with women film directors explores the impact of digital technology and reaches some surprising conclusions Now that Kathryn Bigelow has made history as the first woman to win an Oscar for directing we ask whether this is a new era for women filmmakers This unique international overview highlights emerging women directors and groundbreaking pioneers and provides a one stop guide to the leading film directors of the 21st century and the people who inspired them From the blockbusters of the Hollywood studios to emerging voices from Saudi Arabia Pakistan and Laos we learn of women making films in traditionally male dominated areas such as action fantasy and horror There are contributions from countries with film industries in every state from nascent to mature and this book demonstrates how economic and technological change is creating new opportunities for women film directors everywhere **BEST BOOK ON WOMEN DIRECTORS DUE TO ITS GLOBAL OVERVIEW** Diane Amazon Gabrielle Kelly and Cheryl Robson have crafted a watershed work **CELLULOID CEILING** is essential reading for anyone who wants to know how women directors are helping reshape filmmaking D A Morris Amazon

This book is an essential resource for anyone tracking the inspiring work being done by women film directors from around the world UCF Film The level of public consciousness about the barriers faced by female filmmakers is higher than it has ever been Despite this the discussion more often than not centres around North America and to a lesser extent Europe Australia and New Zealand and I am guilty as charged This is perfectly understandable but clearly women do make films outside of these countries and it can be illuminating to consider how their experiences reflect or differ from those with which we are more familiar To this end the arrival of a new book *The Celluloid Ceiling* could not be more timely Edited by Gabrielle Kelly and Cheryl Robson it takes a purposefully global overview of the status quo and in doing so provides some fascinating stories and insights reminding us of what is lost when we limit the discussion to Anglophone directors Matthew Hammett Knott indiewire
