worshiped worked traveled and lived as they kept moving from one State to another always praying to find steady work in order to settle down in one location and belong to a local church and make lasting friends When the Dykes family became multi billionaires their first priority was to establish food centers in large cities that had the largest populations because most of the authorities were giving their citizens a slice of bread with a bowl of soup once a day And not one day passed that the Dykes family failed to keep the poor unfortunate people across the U S foremost on their minds in order to try and help them Journey for Life is not a formula about how to handle resources but it is a synopsis of what wealth can do to help our fellowman
