## **Lets Murder The Moonshine Selected Writings:**

*Let's Murder the Moonshine* F. T. Marinetti, 1991 A selection of polemical writings and memoirs by the founder of the Futurist art movement      International Futurism in Arts and Literature Günter Berghaus, 2000 This publication offers for the first time an inter disciplinary and comparative perspective on Futurism in a variety of countries and artistic media 20 scholars discuss how the movement shaped the concept of a cultural avant garde and how it influenced the development of modernist art and literature around the world      **Feeling Modern** Justus Nieland, 2008 A new look at modernism s relationship to human feeling and the public sphere      Empire in the Air Chandra D. Bhimull, 2017-12-12 Honorable Mention 2019 Victor Turner Prize in Ethnographic Writing given by the Society for Humanistic Anthropology Honorable Mention 2019 Sharon Stephens Prize given by the American Ethnological Society Examines the role that race played in the inception of the airline industry *Empire in the Air* is at once a history of aviation and an examination of how air travel changed lives along the transatlantic corridor of the African diaspora Focusing on Britain and its Caribbean colonies Chandra Bhimull reveals how the black West Indies shaped the development of British Airways Bhimull offers a unique analysis of early airline travel illuminating the links among empire aviation and diaspora and in doing so provides insights into how racially oppressed people experienced air travel The emergence of artificial flight revolutionized the movement of people and power and Bhimull makes the connection between airplanes and the other vessels that have helped make and maintain the African diaspora the slave ships of the Middle Passage the tracks of the Underground Railroad and Marcus Garvey s black owned ocean liner As a new technology airline travel retained the racist ideas and practices that were embedded in British imperialism and these ideas shaped every aspect of how commercial aviation developed from how airline routes were set to who could travel easily and who could not The author concludes with a look at airline travel today suggesting that racism is still enmeshed in the banalities of contemporary flight      **The Feminist Avant-Garde in American Poetry** Elisabeth A. Frost, 2005-04 *The Feminist Avant Garde in American Poetry* offers a historical and theoretical account of avant garde women poets in America from the 1910s through the 1990s and asserts an alternative tradition to the predominantly male dominated avant garde movements Elisabeth Frost argues that this alternative lineage distinguishes itself by its feminism and its ambivalence toward existing avant garde projects she also thoroughly explores feminist avant garde poets debts and contributions to their male counterparts      **Samuel Beckett** Angela B. Moorjani, Carola Veit, 2001 From the contents Beckett and the quest for meaning Martin Esslin Beckett s tonic laughter Manfred Pfister The magic triangle James Joyce Samuel Beckett Arno Schmidt Friedhelm Rathjen Beckett performed in Italy Annamaria Cascetta Beckett and synaesthesia Yoshiki Tajiri Beckett versus the reader Michael Guest      **Saying I No More** Daniel Katz, 1999 This study argues that the expression of voicelessness in Beckett is not silence Rather the negativity and negation so evident in his work are not simply affirmed but the emptiness can all too easily itself become an affirmation of power      **Theatre and Performance in**

**Digital Culture** Matthew Causey, 2007-01-24 Theatre and Performance in Digital Culture examines the recent history of advanced technologies including new media virtual environments weapons systems and medical innovation and considers how theatre performance and culture at large have evolved within those systems The book examines the two Iraq wars 9 11 and the War on Terror through the lens of performance studies and drawing on the writings of Giorgio Agamben Alain Badiou and Martin Heidegger alongside the dramas of Beckett Genet and Shakespeare and the theatre of the Kantor Foreman Societas Raffaello Sanzio and the Wooster Group the book positions theatre and performance in technoculture and articulates the processes of aesthetics metaphysics and politics This wide ranging study reflects on how the theatre and performance have been challenged and extended within these new cultural phenomena [The Cambridge Companion to Modernist Culture](#) Celia Marshik, 2015 This companion provides students and scholars alike with an interdisciplinary approach to literary modernism Through essays written on a range of cultural contexts this collection helps readers understand the significant changes in belief systems visual culture and pastimes that influenced and were influenced by the experimental literature published around 1890 1945 **On Modern Poetry** Guido Mazzoni, 2022-04-19 Guido Mazzoni tells the story of poetry's revolution in the modern age The chief transformation was the rise of the lyric as it is now conceived a genre in which a first person speaker talks about itself Mazzoni argues that modern poetry embodies the age of the individual and has wrought profound changes in the expectations of readers **Performance** Marvin Carlson, 1996 An overview on the modern concept of performance *When Nationalism Began to Hate* Brian Porter, 2000-02-24 In *When Nationalism Began to Hate* Brian Porter offers a challenging new explanation for the emergence of xenophobic authoritarian nationalism in Europe He begins by examining the common assumption that nationalist movements by nature draw lines of inclusion and exclusion around social groups establishing authority and hierarchy among one's own and antagonism towards others Porter argues instead that the penetration of communal hatred and social discipline into the rhetoric of nationalism must be explained not merely assumed Porter focuses on nineteenth century Poland tracing the transformation of revolutionary patriotism into a violent anti-Semitic ideology Instead of deterministically attributing this change to the forces of modernization Porter demonstrates that the language of hatred and discipline was central to the way modernity itself was perceived by fin de siècle intellectuals The book is based on a wide variety of sources including political speeches and posters newspaper articles and editorials underground brochures published and unpublished memoirs personal letters and nineteenth century books on history sociology and politics It embeds nationalism within a much broader framework showing how the concept of the nation played a role in liberal conservative socialist and populist thought *When Nationalism Began to Hate* is not only a detailed history of Polish nationalism but also an ambitious study of how the term nation functioned within the political imagination of modernity It will prove an important text for a wide range of students and researchers of European history and politics *Modernism, Satire and the Novel* Jonathan Greenberg, 2011-09-15 In this groundbreaking study Jonathan Greenberg

locates a satiric sensibility at the heart of the modern By promoting an antisentimental education modernism denied the authority of emotion to guarantee moral and literary value Instead it fostered sophisticated detached and apparently cruel attitudes toward pain and suffering This sensibility challenged the novel's humanistic tradition set ethics and aesthetics into conflict and fundamentally altered the ways that we know and feel Through lively and original readings of works by Evelyn Waugh Stella Gibbons Nathanael West Djuna Barnes Samuel Beckett and others this book analyzes a body of literature late modernist satire that can appear by turns aloof sadistic hilarious ironic and poignant but which continually questions inherited modes of feeling By recognizing the centrality of satire to modernist aesthetics Greenberg offers not only a new chapter in the history of satire but a persuasive new idea of what made modernism modern **Blasted Literature** Deaglan O Donghaile, 2011-02-24 By connecting Fenian and anarchist violence found in popular fiction from the 1880s to the early 1900s with the avant garde writing of British modernism Deaglan O Donghaile demonstrates that Victorian popular fiction and modernism were directly influence **S O S** Amiri Baraka, 2015-03-03 **S O S** provides readers with rich vital views of the African American experience and of Baraka's own evolution as a poet activist The Washington Post Fusing the personal and the political in high voltage verse Amiri Baraka whose long illumination of the black experience in America was called incandescent in some quarters and incendiary in others was one of the preeminent literary innovators of the past century The New York Times Selected by Paul Vangelisti this volume comprises the fullest spectrum of Baraka's rousing revolutionary poems from his first collection to previously unpublished pieces composed during his final years Throughout Baraka's career as a prolific writer also published as LeRoi Jones he was vehemently outspoken against oppression of African American citizens and he radically altered the discourse surrounding racial inequality The environments and social values that inspired his poetics changed during the course of his life a trajectory that can be traced in this retrospective spanning more than five decades of profoundly evolving subjects and techniques Praised for its lyricism and introspection his early poetry emerged from the Beat generation while his later writing is marked by intensely rebellious fervor and subversive ideology All along his primary focus was on how to live and love in the present moment despite the enduring difficulties of human history A New York Times Editors Choice A big handsome book of Amiri Baraka's poetry that gives us word magic wit wild thoughts discomfort and pleasure William J Harris Boston Review The most complete representation of over a half century of revolutionary and breathtaking work Claudia Rankine The New York Times Book Review *Filippo Tommaso Marinetti* Ernest Ialongo, 2015-03-06 Filippo Tommaso Marinetti The Artist and His Politics explores the politics of the leader of the Futurist art movement Emerging in Italy in 1909 Futurism sought to propel Italy into the modern world and is famously known for outlandish claims to want to destroy museums and libraries in order to speed this transition Futurism however also had a much darker political side It glorified war as the solution to many of Italy's ills and was closely tied to the Fascist Regime In this book Ialongo focuses on Marinetti as the chief determinant of Futurist politics and explores how a seemingly

revolutionary art movement at one point having some support among revolutionary left wing movements in Italy could eventually become so intimately tied to the repressive Fascist regime Ialongo traces Marinetti s politics from before the foundation of Futurism through the Great War and then throughout the twenty year Fascist dictatorship using a wide range of published and unpublished sources Futurist politics are presented within the wider context of developments in Italy and Europe and Ialongo further highlights how Marinetti s political choices influenced the art of his movement

**The Great Black Spider on Its Knock-kneed Tripod** Michael Syrimis,2012-01-01 The emergence of cinema as a predominant form of mass entertainment in the 1910s inspired intellectuals to rethink their definitions of art The Great Black Spider on Its Knock Kneed Tripod traces the encounter of Italy s writers with cinema and in doing so offers vibrant new perspectives on the country s early twentieth century culture This comparative study focuses on the immediate responses to this cultural phenomenon of three highly influential intellectuals each with a competing aesthetic vision Filippo Tommaso Marinetti founder of Futurism Gabriele D Annunzio leader of Italian Decadentism and Luigi Pirandello a father of modern European theatre and theorist of humour Along with demonstrating how the popularization of the feature length narrative influenced each author s outlook and theories Michael Syrimis unravels the extent to which cinema enforced or neutralized the ideological and aesthetic differences between them

*D. H. Lawrence, Technology, and Modernity* Indrek Männiste,2019-02-07 While the dehumanizing effects of technology modernity and industrialization have been widely recognized in D H Lawrence s works no book length study has been dedicated to this topic This collection of newly commissioned essays by a cast of international scholars fills a genuine void and investigates Lawrence s peculiar relationship with modern technology and modernity in its many and varied aspects Addressing themes such as pastoral vs industrial mining war robots ecocriticism technologies of the self film poetic devices of technology entertainment and many others these essays help to reevaluate Lawrence s complicated standing within the modernist literary tradition and reveal the true theoretical wealth of a writer whose whole life and work according to T S Eliot was an assertion of what the modern world has lost

*Fascism and Neofascism* E. Weitz,A. Fenner,2016-09-27 The dramatic transformations of the the 1990s the end of the Cold War the establishment of political liberties and market economies in Eastern Europe German unification quickly led commentators to proclaim the end of all ideologies and the complete triumph of liberal capitalism Just as quickly however right wing extremism began a surge in Europe that has not significantly abated to this day Fascism and Neofascism is a collection of essays that is distinctive in two important ways First unlike most volumes which cover either historical fascism or the recent radical right Fascism and Neofascism spans both periods Secondly this volume also aims to bring newer modes of inquiry rooted in cultural studies into dialogue with more traditional ways of viewing fascism The editors approach is deliberately interdisciplinary even eclectic

**Poetry as Re-Reading** Ming-Qian Ma,2008-08-20 Grounded in a detailed and compelling account of the philosophy guiding such a project Ma s book traces a continuity of thought and practice through

the very different poetic work of objectivists Louis Zukofsky George Oppen Carl Rakosi and John Cage and language poets Susan Howe Lyn Hejinian Bruce Andrews and Charles Bernstein His deft individual readings provide an opening into this notoriously difficult work even as his larger critique reveals a new and clarifying perspective on American modernist and post modernist avant garde poetics Ma shows how we cannot understand these poets according to the usual way of reading but must see how they deliberately use redundancy unpredictability and irrationality to undermine the meaning oriented foundations of American modernism and to force a new and different kind of reading Pub desc
