Kismet 2 Raynesha Pittman, 2019-03-26 The saying goes: A hard head makes for a soft ass. If that's true, then Savannah James must be walking around with a pillow attached to her after playing games with Karma seeking revenge and being punished for it by facing death twice. It seems the thrill of playing with fate still remains. The lessons she should have learned from past mistakes mean nothing when her absent mother walks back into her life after 30 years, ready to rekindle a relationship that never existed. How long can Savannah expect to go on without fate coming back to haunt her? Will she ever realize that the apple didn't fall far from the tree? The game she thinks she's uniquely playing with life has an author of the same bloodline. Kismet 2: Some Things You Will Never Understand picks up where the emotional rollercoaster ride of Kismet left off, except with more conflict and drama. Readers will feel an adrenaline rush from the erotic loops and free-falling drops of a bumpy romance like no other. Buckle up and hold on tight for this literary ride. Is it Karma or Kismet? You be the judge. **I Owe You Nothing** Victoria Robinson, 2017-04-27 I want to take this opportunity to explain what this book is about. It is about sperm and egg donors and real parents who may or may not take responsibility for their actions. I am not talking about the people who attend the sperm banks or surrogate mothers or women who let people use their eggs to bring life into this world. Those people are blessing others for shortcomings that they may have. You will see the words donor and real parent a lot, but look at the explanation first. A sperm and egg donor to me are men and women who have children and do not take care of the blessings that God has presented them with in their lives. A real parent is the parent that is there everyday in the daily activities of the child. The real parent is the parent who is the key factor in the child's life. The real parent takes the responsible role for the child. The real parent is also the child's first teacher and the positive guide in the child's life on all levels. **Black Children of Incarcerated Parents Speak Truth to Power** Britany Jenine Gatewood, Bahiyyah Miallah Muhammad, Sydney Myat Turner, 2023-11-16 This book centers directly impacted Black children who have lived through parental incarceration. Their stories are told from holistic perspectives incorporating the full range of collateral consequences. Shifting from the Eurocentric and capitalistic viewpoint, they move us beyond negative outcomes to a positive prism by providing insider perspective, strategy, advice, and compelling experiences. We center Black children of incarcerated parents (BCOIP)'s rich narratives to show how they are conscious thinkers with perspectives that can help reimagine all Black children's lives and futures. These stories help readers better understand the importance of exploring the revolutionary ways BCOIP continue to survive, thrive, and transform amid the dynamic challenges surrounding mass incarceration. The book shifts the social dialogue from fear of intergenerational crime and incarceration to resilience, success, Black joy, and self-love and moves from sympathetic into an empathetic agenda. The book brings to the forefront counter-storytelling through oral narratives that fill a gap in literature that leaves out the voices of children of incarcerated

parents who are doctors lawyers professional athletes musicians community leaders activists professors teachers bestselling authors and much more These are vital experiences to share because not all BCOIP will end up in prison jail or a detention center Black Children of Incarcerated Parents Speak Truth to Power will be of great interest to scholars from the humanistic social sciences and humanities It is also a timely resource for students high school undergraduate and graduate in sociology criminology corrections humanities social work counseling education social justice and related courses as well as agency administrators community organizations servicing families of the incarcerated specifically incarcerated parents and the children of incarcerated parents themselves Working with Children and Families Separated by Incarceration Lois Wright,Cynthia Seymour,2000 More than 1 6 million children in this country have a parent in prison and a much larger number have experienced the incarceration of a parent at some point in their lives As a result these children endure traumatic separations from their parents and erratic shifts from one caregiver to another This handbook discusses the effects of parental incarceration and the community services that should be available to support and preserve families It also outlines child welfare practice needs and provides practical suggestions in areas such as child protection temporary placement in out of home care permanency planning and family reunification
