Letter To Soviet Leaders:

Letter to Soviet Leaders Aleksandr Isaevich Solzhenitsyn, 1974 Also published in Index on Censorship April 1974

Letter to the Soviet Leaders Aleksandr Isaevich Solzhenitsyn, 1974 In 1973 near the height of the Sino Soviet conflict Solzhenitsyn sent a Letter to the Soviet Leaders to a limited number of upper echelon Soviet officials This work which was published for the general public in the Western world a year after it was sent to its intended audience beseeched the Soviet Union's authorities to Give them their ideology Let the Chinese leaders glory in it for a while And for that matter let them shoulder the whole sackful of unfulfillable international obligations let them grunt and heave and instruct humanity and foot all the bills for their absurd economics a million a day just to Cuba and let them support terrorists and guerrillas in the Southern Hemisphere too if they like The main source of the savage feuding between us will then melt away a great many points of today's contention and conflict all over the world will also melt away and a military clash will become a much remoter possibility and perhaps won't take place at all author's emphasis Wikipedia

Constructing Ethnopolitics in the Soviet Union D. Zisserman-Brodsky, 2003-07-03 The nationality question was long central to Soviet thought and policy and the failure to provide a convincing answer played a major role in the break up of the Soviet Union into ethnically or nationally defined states Zisserman Brodsky explores various explanations of nationalism and its resurgence through a close and unprecedented examination of dissident writings of diverse ethnic groups in the former Soviet Union thereby bridging macro theory with micro politics Dissident ethnic networks were a crucial independent institution in the Soviet Union and a basis of civil society Voicing the discontent and resentment of the periphery at the policies of the centre or metropole the dissident writings known as samizdat highlighted anger at deprivations imposed in the political cultural social and economic spheres Ethnic dissident writings drew on values both internal to the Soviet system and international as sources of legitimation they met a divided reaction among Russians with some privileging the unity of the Soviet Union and others sympathetic to the rhetoric of national rights This focus on national rather than individual rights helps explain developments since the fall of the Soviet Union including the prevalence of authoritarian governments in newly independent states of the former Soviet Union

Letter to the Soviet Leaders. Translated from the Russian Aleksandr Isaevich Solzhenitsyn, 1974

Biographical Dictionary of Dissidents in the Soviet Union, 1956-1975 E.J. Driessen, H.L. Verhaar, S.P. de Boer, 2024-11-25 *The Zinoviev Letter* Gill Bennett, 2018-08-12 This is the story of one of the most enduring conspiracy theories in British politics an intrigue that still has resonance almost a century later the Zinoviev Letter of 1924 Almost certainly a forgery no original has ever been traced and even if genuine it was probably Soviet fake news Despite this the Letter still haunts British politics nearly a century after it was written it was the subject of major Whitehall investigations in the 1960s and 1990s and cropped up in the media as recently as during the Referendum campaign and the 2017 general election The Letter encouraging the British proletariat to greater revolutionary fervour was apparently sent by Grigori

Zinoviev head of the Bolshevik propaganda organization to the British Communist Party in September 1924 Sent to London through British Secret Intelligence Service channels it arrived during the general election campaign and was leaked to the press The Letter's publication by the Daily Mail on 25 October 1924 just before the General Election humiliated the first ever British Labour government headed by Ramsay MacDonald when its political opponents used it to create a Red Scare in the media Labour blamed the Letter for its defeat insisting there had been a right wing Establishment conspiracy and many in the Labour Party have never forgotten it The Zinoviev Letter has long been a symbol of political dirty tricks and what we would now call fake news But it is also a gripping historical detective story of spies and secrets fraud and forgery

international subversion and the nascent global conflict between communism and capitalism **The Soviet Quest for Regional Security** Jan Åke Dellenbrant, 1986 This study deals with three cases where the regional security aspect of Soviet decision making was important Firstly the Baltic region will be considered The Soviet strategy for promoting stability in the Baltic republics has been that of integration The three republics have become politically and economically firmly integrated with the rest of the Soviet Union Secondly Soviet Central Asia will be analyzed Here the Soviet leaders decided that an intervention of Afghanistan would be the best measure to counteract alleged foreign influence The third case deals with Soviet Polish relations During the Polish crisis of 1980-81 there was a definite possibility of the Soviet military invasion One motive for an intervention would have been the destabilizing effects of the Western parts of the USSR that the Polish development had However another strategy was chosen a strategy of non intervention namely that of martial law The concerns for regional security could be studied both at the central and regional level The republic level first party secretaries who supervise the political stability of their regions constitute an especially interesting source when studying the regional component in the Soviet decision making During the Brezhnev period the regional party secretaries became far more active in foreign policy matters than earlier This fact has largely been overlooked in Western research on the Soviet Union *The Russian Orthodox Church* Jane Ellis, 2024-11-26 The Russian Orthodox Church 1986 concentrates on the recent history of the church examining the situation of Russian Orthodox believers in the Soviet Union It demonstrates that freedom of religion did not exist in the Soviet Union although the church remained a vigorous and potent force in Soviet society which the authorities were unable to ignore Between Two Millstones, Book 1 Aleksandr Solzhenitsyn, 2018-10-30 Russian Nobel prize winner Aleksandr Solzhenitsyn 1918-2008 is widely acknowledged as one of the most important figures and perhaps the most important writer of the last century To celebrate the centenary of his birth the first English translation of his memoir of the West Between Two Millstones Book 1 is being published Fast paced absorbing and as compelling as the earlier installments of his memoir *The Oak and the Calf* 1975 Between Two Millstones begins on February 13 1974 when Solzhenitsyn found himself forcibly expelled to Frankfurt West Germany as a result of the publication in the West of *The Gulag Archipelago* Solzhenitsyn moved to Zurich Switzerland for a time and was considered the most famous man in the

world hounded by journalists and reporters During this period he found himself untethered and unable to work while he tried to acclimate to his new surroundings Between Two Millstones contains vivid descriptions of Solzhenitsyn's journeys to various European countries and North American locales where he and his wife Natalia Alya searched for a location to settle their young family There are fascinating descriptions of one on one meetings with prominent individuals detailed accounts of public speeches such as the 1978 Harvard University commencement comments on his television appearances accounts of his struggles with unscrupulous publishers and agents who mishandled the Western editions of his books and the KGB disinformation efforts to besmirch his name There are also passages on Solzhenitsyn's family and their property in Cavendish Vermont whose forested hillsides and harsh winters evoked his Russian homeland and where he could finally work undisturbed on his ten volume dramatized history of the Russian Revolution The Red Wheel Stories include the efforts made to assure a proper education for the writer's three sons their desire to return one day to their home in Russia and descriptions of his extraordinary wife editor literary advisor and director of the Russian Social Fund Alya who successfully arranged at great peril to herself and to her family to smuggle Solzhenitsyn's invaluable archive out of the Soviet Union Between Two Millstones is a literary event of the first magnitude The book dramatically reflects the pain of Solzhenitsyn's separation from his Russian homeland and the chasm of miscomprehension between him and Western society **Soviet**

Yugoslavia and the Soviet Union in the Early Cold War Svetozar Rajak, 2010-10-18 This book provides a comprehensive insight into one of the key episodes of the Cold War the process of reconciliation between Yugoslavia and the Soviet Union At the time this process had shocked the World as much as the violent break up of their relations did in 1948 This book provides an explanation for the collapse of the process of normalization of Yugoslav Soviet that occurred at the end of 1956 and the renewal of their ideological confrontation It also explain the motives that guided the two main protagonists Josip Broz Tito of Yugoslavia and the Soviet leader Nikita Sergeevich Khrushchev Based on Yugoslav and Soviet archival documents this book establishes several innovative theories about this period Firstly that the significance of the Yugoslav Soviet reconciliation went beyond their bilateral relationship It had ramifications for relations in the Eastern Bloc the global Communist movement and on the dynamics of the Cold War world at its crucial juncture Secondly that the Yugoslav Soviet reconciliation

brought forward the process of de Stalinization in the USSR and in the Peoples Democracies Thirdly it enabled Khrushchev to win the post Stalin leadership contest Lastly the book argues that the process of Yugoslav Soviet reconciliation permitted Tito to embark together with Nehru of India and Nasser of Egypt upon creating the new entity in the bi polar Cold War world the Non aligned movement This book will be of interest to students of Cold War History diplomatic history European history and International Relations in general Svetozar Rajak is a lecturer at the London School of Economics and Political Science He is the Managing Director of the LSE Cold War Studies Centre and is a member of the Editorial Board of the journal Cold War History **News Letter** United States.
