Letter to a Great Grandson Hugh Downs, 2007-11-01 When you are a great grandfather you will experience something so much more powerful and meaningful than being a father or a grandfather that you will look at the march of generations with new eyes When his great grandson Alexander was born in 2002 Hugh Downs suddenly gained a rare perspective on the world he had seen the evolution of American culture through five generations his parents his own his children s his grandchildren s and now his great grandson s Once Downs realized the extraordinary amount of love he experienced for his brand new descendent as well as the profound connection he felt between them he decided to write him a letter to be read at different stages of Alexander s life Letter to A Great Grandson offers wisdom advice and speculation about how life was how life is and how life may be in the future As one of America s most trusted commentators Downs is a grandfather figure to many and his words will resonate with readers everywhere at any age Letter to A Great Grandson presents a completely new system for categorizing life Downs has divided it into seventeen stages ranging from infant to post puberty minor to young old to ancient and everything in between This unique organization allows him to offer specific thoughts on each stage making the book pertinent to all age levels ideal for reading over and over again during different periods in life Downs discusses the common problems and achievements in each stage and along the way offers his characteristically erudite and conversational thoughts on relationships science sex education careers literature and life in general He also includes touching tidbits from his own childhood and those of his family illustrating that sometimes one must look back in order to look forward Though Letter to A Great Grandson is not a how to book it does teach by example It stresses the importance and joy of sharing your thoughts and feelings with the children in your life and of actively maintaining family connections before it is too late This makes it a wonderful model for great grandparents grandparents and parents alike Considering the special bond between grandparents and grandchildren and great grandparents and great grandchildren surprisingly few books address this important relationship When this vital n0 heartwarming subject matter is combined with Hugh Downs s unique wisdom wit and warmth the result is a book that will truly be treasured [Letter to a great grandson](#) Hugh Down, 2004 **Letter to My Grandchildren** Sunshine Moreland Wilson, 1986 **Horace Walpole's Letters** George E. Haggerty, 2011-05-12 In looking closely at Horace Walpole s Correspondence George E Haggerty shows how these letters when taken in aggregate offer an astonishingly vivid account of the vagaries of eighteenth century masculinity Walpole talks about himself obsessively his wants his needs his desires his physical and mental pain his artistic appreciation and his critical responses It is impossible to read these letters and not come away with a vivid impression of a complex personality from another age Haggerty examines the ways in which Walpole presents himself as an eighteenth century gentleman and considers his personal relationships his needs and aspirations his emotionalism and his rationality in short his construction of himself in order to see what it tells us about the age in general and more specifically about masculinity in an era of social flux This study of Walpole

and his epistolary relations offers a unique window into both the history of masculinity in the eighteenth century and the codification of friendship as the preeminent value in western culture Recent studies have tried to rewrite Walpole in a twenty first century mold while this work looks at the writer and the ways in which he constructs himself and his relations not in hopes of uncovering a lurid secret but rather in pursuit of the figure that he created and that has fascinated generations of readers and writers since the eighteenth century

Letters, Postcards, Email Esther Milne,2012-02-27 In this original study Milne moves between close readings of letters postcards and emails and investigations of the material technological infrastructures of these forms to answer the question How does presence function as an aesthetic and rhetorical strategy within networked communication practices As her work reveals the relation between old and new communication systems is more complex than allowed in much contemporary media theory Although the correspondents of letters postcards and emails are not usually present to one another as they write and read their exchanges this does not necessarily inhibit affective

communication Indeed this study demonstrates how physical absence may in some instances provide correspondents with intense intimacy and a spiritual almost telepathic sense of the other's presence While corresponding by letter postcard or email readers construe an imaginary incorporeal body for their correspondents that in turn reworks their interlocutor's self presentation In this regard the fantasy of presence reveals a key paradox of cultural communication namely that material signifiers can be used to produce the experience of incorporeal presence

Letters of Two Centuries Charles Fraser Mackintosh, 1890 *The Prison Letters of Nelson Mandela* Nelson Mandela, 2018-07-10 One of NPR's Great Reads of 2018 An unforgettable portrait of one of the most inspiring historical figures of the twentieth century published on the centenary of his birth Arrested in 1962 as South Africa's apartheid regime intensified its brutal campaign against political opponents forty four year old lawyer and

African National Congress activist Nelson Mandela had no idea that he would spend the next twenty seven years in jail. During his 10 052 days of incarceration the future leader of South Africa wrote a multitude of letters to unyielding prison authorities, fellow activists, government officials and most memorably to his courageous wife Winnie and his five children. Now 255 of these letters, many of which have never been published, provide exceptional insight into how Mandela maintained his inner spirits while living in almost complete isolation and how he engaged with an outside world that became increasingly outraged by his plight. Organized chronologically and divided by the four venues in which he was held as a sentenced prisoner, *The Prison Letters of Nelson Mandela* begins in Pretoria Local Prison where Mandela was held following his 1962 trial. In 1964 Mandela was taken to Robben Island Prison where a stark existence was lightened only by visits and letters from family. After eighteen years, Mandela was transferred to Pollsmoor Prison, a large complex outside of Cape Town with beds and better food, but where he and four of his comrades were confined to a rooftop cell apart from the rest of the prison population. Finally, Mandela was taken to Victor Verster Prison in 1988 where he was held until his release on February 11, 1990. With accompanying facsimiles of some of his actual letters, this landmark volume reveals how Mandela, a lawyer by training, advocated for prisoners' human rights. It reveals him to be a loving father who wrote to his daughter, "I sometimes wish science could invent miracles and make my daughter get her missing birthday cards and have the pleasure of knowing that her Pa loves her." Aware that photos and letters he sent had simply disappeared, more painful still are the letters written in 1969 when Mandela was forbidden from attending the funerals of his mother and his son Thembi; he was reduced to consoling family members through correspondence. Yet what emerges most powerfully is Mandela's unfaltering optimism. Honour belongs to those who never forsake the truth even when things seem dark and grim; who try over and over again; who are never discouraged by insults, humiliation, even defeat. Whether providing unwavering support to his also imprisoned wife or outlining a human rights philosophy that resonates today, *The Prison Letters of Nelson Mandela* reveals the heroism of a man who refused to compromise his moral values in the face of extraordinary punishment. Ultimately, these letters position Mandela as one of the most inspiring figures of the twentieth century. From *The Prison Letters of Nelson Mandela*, "A new world will be won not by those who stand at a distance with their arms folded but by those who are in the arena whose garments are torn by storms, whose bodies are maimed in the course of contest. I am convinced that floods of personal disaster can never drown a determined revolutionary nor can the cumulus of misery that accompanies tragedy suffocate him. My respect for human beings is based not on the colour of a man's skin nor authority he may wield but purely on merit. A good pen can also remind us of the happiest moments in our lives, bring noble ideas into our dens, our blood, our souls. It can turn tragedy into hope, victory." **Iowa Letters** Johannes Stellingwerff, 2004. Stellingwerff, Free U of Amsterdam and Swierenga, history. Hope College, Holland, present an expanded edition of the original Dutch text published under the title *Amsterdamse Emigranten Buiten Schipperheijn* 1976.
