The Orthodox Church in the Arab World, 700-1700 Samuel Noble, Alexander Treiger, 2014-03-15 All of the texts chosen for this volume are interesting in their own right but the collection of these sources into a single volume with helpful introductions and bibliographies makes this book an invaluable resource for the study of Arabic Christianity and indeed the history of Christianity more broadly Hugoye Journal of Syriac Studies Arabic was among the first languages in which the Gospel was preached The Book of Acts mentions Arabs as being present at the first Pentecost in Jerusalem where they heard the Christian message in their native tongue Christian literature in Arabic is at least 1 300 years old the oldest surviving texts dating from the 8th century Pre modern Arab Christian literature embraces such diverse genres as Arabic translations of the Bible and the Church Fathers biblical commentaries lives of the saints theological and polemical treatises devotional poetry philosophy medicine and history Yet in the Western historiography of Christianity the Arab Christian Middle East is treated only peripherally if at all The first of its kind this anthology makes accessible in English representative selections from major Arab Christian works written between the eighth and eighteenth centuries The translations are idiomatic while preserving the character of the original The popular assumption is that in the wake of the Islamic conquests Christianity abandoned the Middle East to flourish elsewhere leaving its original heartland devoid of an indigenous Christian presence Until now several of these important texts have remained unpublished or unavailable in English Translated by leading scholars these texts represent the major genres of Orthodox literature in Arabic Noble and Treiger provide an introduction that helps form a comprehensive history of Christians within the Muslim world The collection marks an important contribution to the history of medieval Christianity and the history of the medieval Near East

The Christian Encounter with Muhammad Charles Tieszen, 2020-11-12 This book offers a fresh appraisal of Muhammad that considers the widest possible history of the ways in which Christians have assessed his prophethood To medieval Christian communities Muhammad the leader of a religious and political community that grew quickly and with relative success was an enigma Did God really send him as a prophet with a revelation Was the political success of the community he founded a divine validation Or were he and his followers inspired by something evil Despite their attempts modern Christians continued to be puzzled by Muhammad The Qur'an provided a framework for understanding and honouring Jesus was it possible for Christians to reciprocate with regard to Muhammad This book applies the same analysis to both medieval and modern assessments of Muhammad in order to demonstrate the continuities and disparities present in literature from the two eras

Globalism in the Middle Ages and the Early Modern Age Albrecht Classen, 2023-09-05 Although it is fashionable among modernists to

claim that globalism emerged only since ca 1800 the opposite can well be documented through careful comparative and transdisciplinary studies as this volume demonstrates offering a wide range of innovative perspectives on often neglected literary philosophical historical or medical documents Texts images ideas knowledge and objects migrated throughout the world already in the pre modern world even if the quantitative level compared to the modern world might have been different In fact by means of translations and trade for instance global connections were established and maintained over the centuries Archetypal motifs developed in many literatures indicate how much pre modern people actually shared But we also discover hard core facts of global economic exchange import of exotic medicine and on another level intensive intellectual debates on religious issues Literary evidence serves best to expose the extent to which contacts with people in foreign countries were imaginable often desirable and at times feared of course The pre modern world was much more on the move and reached out to distant lands out of curiosity economic interests and political and military concerns Diplomats crisscrossed the continents and artists poets and craftsmen traveled widely We can identify for instance both the Vikings and the Arabs as global players long before the rise of modern globalism so this volume promises to rewrite many of our traditional notions about pre modern worldviews economic conditions and the literary sharing on a global level as perhaps best expressed by the genre of the fable **Secular Nationalism and Citizenship in Muslim Countries** Kail C.

Pinggéra,2017-12-18 The art of interpreting Holy Scriptures flourished throughout the culturally heterogeneous pre modern Orient among Jews Christians and Muslims Different ways of interpretation developed within each religion not without considering the others How were the interactions and how productive were they for the further development of these traditions Have there been blurred spaces of scholarly activity that transcended sectarian borders What was the role played by mutual influences in profiling the own tradition against the others These and other related questions are critically treated in the present volume **Letter to a Zionist Friend** Ben David,1937 **Muslim-Christian Polemics across the**

To whom the majesty of kingship has not been conferred Samuel Tuominen, 2022-05-31 How did Sir Isaac Newton the most important figure of the Scientific Revolution believe in literal fulfillment of the biblical prophecies on the end times What did he say about the foretold Antichrist What Paul really taught in 2 Thessalonians 2:3 on the revelation of the man of lawlessness Will Rapture precede that or vice versa How and why did Princess Diana think that her husband Charles the Prince of Wales was a murderer How and why did she think that there was a conspiracy against her and that he would murder also her in a staged car accident How does this relate to the biblical prophecies on the foretold Antichrist Why so many students of the Bible prophecy have taught since the early 1980s that Prince Charles could be actually the foretold Antichrist To many of us he seems superficially the most unlikely candidate for this role But is he in fact the most likely candidate based on the number of biblical prophecies on that man what Charles can fulfill more literally than any other presumed Antichrist candidate How there is hardly any biblical prophecy on that man's foretold attributes that Charles cannot already fulfill one way or another How has he taken lately a more prominent and visible political role Why Joe Biden and many other world leaders follow the post pandemic agenda called Build Back Better that Prince Charles launched in January 2020 at Davos together with the founder of World Economic Forum Klaus Schwab Why does its expert Justin Haskins think it represents the most significant threat to capitalism and individual liberty in more than a half century Why Prince Charles has been compared already with such bloodthirsty tyrants as Pol Pot like Michael Rubin did in his op ed in the Washington Examiner an American conservative news website and weekly magazine How Charles himself likes to compare himself with the cruel tyrants of the past centuries like Henry VIII How the Book of Daniel foretold the whole world history of the last twenty five centuries How it relates to Prince Charles Did Daniel see the history of the British Empire and its monarchy Did he see something epoch making to happen in 2023 What about the mysterious relic of the Middle Ages called True Cross And so much more in this book that one reader characterized as revolutionary

Jews Among Muslims Shlomo Deshen, Walter P. Zenner, 1996-12 Includes material on the history of

Jews in Morocco Tunisia Tripolitania Syria Iraq Yemen and Iran **Germany and Israel** Daniel Marwecki,2025-08-07 A radical reinterpretation of the relationship between two states whose history has always been intertwined particularly revisiting Germany's involvement in the Palestinian question According to common perception the Federal Republic of Germany supported the formation of the Israeli state for moral reasons to atone for its Nazi past but did not play a significant role in the Arab Israeli conflict However the historical record does not sustain this narrative Daniel Marwecki's pathbreaking analysis deconstructs the myths surrounding the odd alliance between Israel and post war democratic Germany Thorough archival research shows how German policymakers often had disingenuous cynical or even partly antisemitic motivations seeking to whitewash their Nazi past by supporting the new Israeli state This is the true context of West Germany's crucial backing of Israel in the 1950s and 60s German economic and military support greatly contributed to Israel's early consolidation and eventual regional hegemony This initial alliance has affected Germany's role in the Israeli Palestinian conflict to the present day Marwecki reassesses German foreign policymaking and identity shaping and raises difficult questions about German responsibility after the Holocaust exploring the many ways in which the genocide of European Jews and the dispossession of the Palestinians have become tragically intertwined in the Middle East's international politics This long overdue investigation sheds new light on a major episode in the history of the modern Middle East **Identifying as Arab in Canada** Houda Asal,2020-10-11T00:00:00Z While Arabs now attract considerable attention from media the state and sociological studies their history in Canada remains little known Identifying as Arab in Canada begins to rectify this invisibilization by exploring the migration from Machrek the Middle East to Canada from the late 19th century through the 1970s Houda Asal breathes life into this migratory history and the people who made the journey and examines the public collective existence they created in Canada in order to understand both the identity Arabs have constructed for themselves here and the identity that has been constructed for them by the Canadian state Using archival research media analysis laws and statistics and a series of interviews Asal offers a thorough examination of the institutions these migrants and their descendants built and the various ways they expressed their identity and organized their religious social and political lives Identifying as Arab in Canada offers an impressively researched but accessibly written much needed glimpse into the long history of the Arab population in Canada **The Posen Library of Jewish Culture and Civilization, Volume 9** Samuel D. Kassow,David G. Roskies,2020-11-24 The Posen Library's groundbreaking anthology series called a feast of Jewish culture in ten volumes by the Chronicle of Higher Education explores in Volume 9 global Jewish responses to the years 1939 to 1973 a time of unprecedented destruction dislocation agency and creativity An extensive look at Jewish civilization and culture from the eve of World War II to the Yom Kippur War It's a weighty collection to be sure but one that's consistently engaging An edifying and diverse survey of 20th century Jewish life Kirkus Reviews starred review Readers seeking primary texts documents images and artifacts constituting Jewish culture and civilization will not be disappointed More important they

might even be inspired This set will serve to improve teaching and research in Jewish studies at institutions of higher learning and at the same time promote maintain and improve understanding of the Jewish population and Judaism in general Booklist starred review The ninth volume of The Posen Library of Jewish Culture and Civilization covers the years 1939 to 1973 a period that editors Kassow and Roskies call one of the most tragic and dramatic in Jewish history Organized geographically and then by genre this book details Jewish cultural and intellectual resources throughout this era particularly in political thought literature the visual and performing arts and religion This volume explores worldwide Jewish perceptions of momentous events that transpired in the mid twentieth century and how Jews redefined themselves across regions throughout an era rife with tragedy displacement and dispersion The breadth and depth of this work goes beyond any comparable collection with detailed insights and sharp focus to accompany its breathtaking scope A major ten volume anthology project more than a decade in the making the Posen Library is an ideal reference tool for scholars teachers and students at all levels

Culture of Letter-Writing in Pre-Modern Islamic Society Adrian Gully, 2008-02-07 The Culture of Letter Writing in Pre Modern Islamic Society received an honourable mention from the British Kuwait Friendship Society at BRISMES 2009 Writing letters was an important component of intellectual life in the Middle Islamic period telling us much about the cultural history of pre modern Islamic society This book offers a unique analysis of letter writing focusing on the notion of the power of the pen The author looks at the wider context of epistolography relating it to the power structures of Islamic society in that period He also attempts to identify some of the similarities and differences between Muslim modes of letter writing and those of western cultures One of the strengths of this book is that it is based on a wide range of primary Arabic sources thus reflecting the broader epistemological importance of letter writing in Islamic society
