The Great Encounter Jayme A. Sokolow, 2016-07-08 Traditional histories of North and South America often leave the impression that Native American peoples had little impact on the colonies and empires established by Europeans after 1492 This groundbreaking study which spans more than 300 years demonstrates the agency of indigenous peoples in forging their own history and that of the Western Hemisphere By putting the story of the indigenous peoples and their encounters with Europeans at the center a new history of the New World emerges in which the Native Americans become vibrant and vitally important components of the British French

Spanish and Portuguese empires In fact their presence was the single most important factor in the development of the colonial world By discussing the great encounter of peoples and cultures this book provides a valuable new perspective on the history of the Americas *Sedimentary Cover of the Craton in Canada* D.F. Stott,J.D. Aitken,1993 The early chapters of the volume present data and interpretations of the geophysics of the craton and summarise with sequential maps the tectonic evolution of the craton The main body of the text and accompanying plates and figures present the stratigraphy structural history and economic geology of specific sedimentary basins and regions The volume concludes with a summary chapter in which the currently popular theories of cratonal tectonics are discussed and the unresolved questions are identified

Region, Manitoba Joseph R. Jehl,Blanch A. Smith,1970 *A Journey from Prince of Wales's Fort in Hudson's Bay to the Northern Ocean in the Years 1769, 1770, 1771, and 1772* Samuel Hearne,Joseph Burr Tyrrell,1911 *Irish and Scottish Encounters with Indigenous Peoples* Graeme Morton,David A. Wilson,2013-05-01 The expansion of the British Empire during the eighteenth and nineteenth centuries created the greatest mass migration in human history in which the Irish and Scots played a central complex and controversial role The essays in this volume explore the diverse encounters Irish and Scottish migrants had with Indigenous peoples in North America and Australasia The Irish and Scots were among the most active and enthusiastic participants in what one contributor describes as the greatest single period of land theft cultural pillage and casual genocide in world history At the same time some settlers attempted to understand Indigenous society rather than destroy it while others incorporated a romanticized view of Natives into a radical critique of European society and others still empathized with Natives as fellow victims of imperialism These essays investigate the extent to which the condition of being Irish and Scottish affected settlers attitudes to Indigenous peoples and examine the political social religious cultural and

economic dimensions of their interactions Presenting a variety of viewpoints the editors reach the provocative conclusion that the Scottish and Irish origins of settlers were less important in determining attitudes and behaviour than were the specific circumstances in which those settlers found themselves at different times and places in North America Australia and New Zealand Contributors include Donald Harman Akenson Queen's John Eastlake College Cork Marjory Harper Aberdeen Andrew Hinson Toronto Michele Holmgren Mount Royal Kevin Hutchings Northern British Columbia Anne Lederman Royal Conservatory of Music Patricia A McCormack Alberta Mark G McGowan Toronto Ann McGrath Australian National Cian T McMahon Nevada Graeme Morton Guelph Michael Newton Xavier P draig Siadhail Saint Mary's Brad Patterson Victoria University of Wellington Beverly Soloway Lakehead and David A Wilson Toronto
