What is Faith? J. D. Myers,2019-01-14 You might know what you believe but do you know that you believe While many Christians know that they are supposed to believe they don t know if they actually do believe Stop wondering if you have false faith spurious faith temporary faith intellectual faith or head faith instead of heart faith All such terms are unhelpful and unbiblical and cause many Christians to wonder if they have truly believed By reading this book you will not only discover how faith works but also how to know that you believe This book also answers some of your most pressing questions about faith such as the relationship between faith and works whether or not God gives the gift of faith and how it is possible to be certain about your faith This book also provides explanations for several key Bible passages about faith *Guide to the*

Michael Carin,2001 Views the Holocaust as a pivotal event in history and concludes that God does not exist Argues for a secular humanistic Judaism of the future Jew Holocaust memory is central to this vision which aims at preventing another holocaust or any other genocide Presents an example of a Holocaust seder and stresses that every day should be Holocaust Day States that antisemitism is a constant in history and despite the utopian rationality and science based humanism espoused expresses a commitment to cut off the hands of any antisemitism that threatens before it can harm the Jews This combination of humanism and perpetual memorializing of the Holocaust is seen as giving some redemptive meaning to the Holocaust Much attention is paid to arguing that God s failure to save the Jews proves His non existence **The Readers**

Buchholz, 2023-08-16

In a nutshell Christianity is one of the greatest if not the greatest hoax ever perpetuated on people in the history of the universe It is practically all fantasy of one sort or another that millions of people believe in all over the world and have done so for many centuries since Christianity began It all could have been made up out of whole cloth The Old Testament cannot be taken at face value as the creation story was most likely borrowed from other sources and adapted to fit with the author s purpose of explaining how the world began The Exodus may be entirely fiction and most certainly did not happen the way it is described in the Bible As far as the New Testament is concerned it was written decades after the crucifixion of Jesus by people who were not eyewitnesses to the events they described There may have been a prophet whose teachings drew many followers but there was certainly no virgin birth no miracles and no resurrection The purpose of all the apocalyptic writing and second coming of Christ may have been motivated by the oppression of the Roman Empire where the Jewish people felt powerless and needed to believe in something that would provide them with a feeling that in the final analysis justice would be done and they would get their revenge Thus Christianity needs to be exposed for the fraud that it is which is what this book attempts to do by looking at the history of Christianity Biblical scholarship and other aspects of Christianity along with its alternatives *NIV, Understand*
