Kafkas Ear:

Investigating Franz Kafka's "Der Bau" Andrea Ebarb, 2023-04-27 In 2016 the Israeli Supreme Court ruled that Max Brod's posthumous papers which included a collection of Kafka's manuscripts be transferred to the National Library of Israel in Jerusalem. If Kafka's writings may be seen to belong to Jewish national culture and if they may be considered part of Israel's heritage then their analysis within a Jewish framework should be both viable and valuable. This volume is dedicated to the research of Franz Kafka's late narrative *The Burrow* and its autobiographical and theological significance. Research is extended to incorporate many fields of study: architecture, sound studies, philosophy, cultural studies, Jewish studies, literary studies to illustrate the dynamics at work within the text which reveal the Jewish aspects implicitly thematized. Examination of the structure created, the nature of sound perceived, the atmosphere experienced and the acts performed by the protagonist serve as the foundation of this analysis and offer new access to Kafka's work by presenting an interpretive space. A semantic approach *Der Bau* is presented as a life concept given the task of constituting identity, highlighting the critical link between the literary and biographical Kafka and demonstrating the necessity of understanding the author as a Jewish writer to understand his late narrative. For her outstanding research project, Andrea Newsom Ebarb was awarded the Forschungspreis der Vereinigung der Freunde der Universität Mainz e.V. in 2023.

A Franz Kafka Encyclopedia Richard T. Gray, Ruth V. Gross, Rolf J. Goebel, Clayton Koelb, 2005-08-30 Known for depicting alienation, frustration and the victimization of the individual by impenetrable bureaucracies, Kafka's works have given rise to the term *Kafkaesque*. This encyclopedia details Kafka's life and writings. Included are more than 800 alphabetically arranged entries on his works, characters, family members and acquaintances, themes and other topics. Most of the entries cite works for further reading and the Encyclopedia closes with a selected general bibliography.

Kafka's Last Pipes John P. Anderson, 2017-01-22 Fresh from the twilight zone of Kafka's *The Metamorphosis*, this non-academic author treats on a line-by-line basis two of Kafka's last stories, stories written while he was wheezing with tuberculosis. Not surprisingly, these stories feature pipes, just what Kafka was thinking about all the time while he was bed-ridden. His sore pipes, Kafka experienced the threat of death at the same time as he experienced the love of his life with Dora Diamant. In these two stories, Kafka spotlights fear and love, the most basic human issues and those that had taken possession of Kafka's life. Fear and love in the lives of a mole-like creature alone in a burrow and mice in a crowded colony. In stories with no humans, Kafka teaches us what is most important in being human. *The Burrow* examines fear-based isolation of a mole-like creature living all alone in his underground burrow. The only connection with others is fear-based, taking by claws and teeth. You are either the diner or dinner, never a guest or host. You are alone but not independent because fear eats your life possibilities; independence could give you your own worst enemy. *Josephine the Singer* features love-based giving through art. Kafka's last word on the purpose of art: Like a loving parent giving to her child, the artist mouse Josephine attempts to inspire independent individuality in other mice in the colony.

through the example of her unique and spontaneous singing This she gives free of charge Because of fear of survival stoked by the colony leadership the rest of the mouse collective hears her singing as a mouse but not as an individual They remain in fear based group think with reduced life possibilities In both stories the issue is the effect of fear or love on independent individual identity and life possibilities For Kafka this was the uber human issue as he prepared to meet his maker

Picturing Ourselves Linda Haverty Rugg,2007-12-01 Photography has transformed the way we picture ourselves Although photographs seem to prove our existence at a given point in time they also demonstrate the impossibility of framing our multiple and fragmented selves As Linda Haverty Rugg convincingly shows photography s double take on self image mirrors the concerns of autobiographers who see the self as simultaneously divided in observing being and unified by the autobiographical act Rugg tracks photography s impact on the formation of self image through the study of four literary autobiographers concerned with the transformative power of photography Obsessed with self image Mark Twain and August Strindberg both attempted unsuccessfully to integrate photographs into their autobiographies While Twain encouraged photographers he was wary of fakery and kept a fierce watch on the distribution of his photographic image Strindberg believing that photographs had occult power preferred to photograph himself Because of their experiences under National Socialism Walter Benjamin and Christa Wolf feared the dangerously objectifying power of photographs and omitted them from their autobiographical writings Yet Benjamin used them in his photographic conception of history which had its testing ground in his often ignored Berliner Kindheit um 1900 And Christa Wolf s narrator in *Patterns of Childhood* attempts to reclaim her childhood from the Nazis by reconstructing mental images of lost family photographs Confronted with multiple and conflicting images of themselves all four of these writers are torn between the knowledge that texts photographs and indeed selves are haunted by undecidability and the desire for the returned glance of a single self

Kafka's Other Prague Anne Jamison,2018-06-15 Kafka s *Other Prague* Writings from the Czechoslovak Republic examines Kafka s late writings from the perspective of the author s changing relationship with Czech language culture and literature the least understood facet of his meticulously researched life and work Franz Kafka was born in Prague a bilingual city in the

Habsburg Empire He died a citizen of Czechoslovakia Yet Kafka was not Czech in any way he himself would have understood He could speak Czech but like many Prague Jews he was raised and educated and wrote in German Kafka critics to date have had little to say about the majority language of his native city or its minor literature as he referred to it in a 1913 journal entry Kafka's Other Prague explains why Kafka's later experience of Czech language and culture matters Bringing to light newly available archival material Anne Jamison's innovative study demonstrates how Czechoslovakia's founding and Kafka's own dramatic political professional and personal upheavals altered his relationship to this other Prague It destabilized Kafka's understanding of nationality language gender and sex and how all these issues related to his own writing Kafka's Other Prague juxtaposes Kafka's German language work with Czechoslovak Prague's language politics intellectual currents and print culture including the influence of his lover and translator the journalist Milena Jesenská and shows how this changed cultural and linguistic landscape transformed one of the great literary minds of the last century *Essential Kafka* Phillip Lundberg, 2009-06-12 The Judgment Metamorphosis In the Penal Colony A Report to the Academy A Country Doctor The Burrow Investigations of a Dog or On Substance Hunger Artist Josephine the Songstress or The Mouse Folk Josef K The Messenger Nocturnal Deliberations a newly expanded Second Edition 9 Stories 3 Novel Excerpts with a Postscript on the Translator's Art This translation of Kafka has a dual purpose for starters it intends to provide English readers with a much better translation that Kafka's prose should find a more fitting analogy in modern American English whereby it should come to life to a greater degree and that his underlying philosophy and I say philosophy in the greater sense thus should be grasped more readily The second purpose is to explore issues regarding translation per se what is the proper role of the translator and why is it that the vast majority of translations tend to leave the typical reader perplexed and quite frankly dissatisfied The stories and excerpts included in this second edition have been carefully chosen to really bring the reader to the core issues that make manifest Kafka's literary genius This book also contains a short postscript on the art of translation that argues against the current modus operandi of translation theory indeed it goes so far as to quote from Kafka's diaries on his state of mind in composing as well as from Schleiermacher and early Roman translators on the responsibility of the translator to capture the spirit of the work in an imaginative manner Kafka was struggling in his writings with matters that go beyond the normal concerns and my intention in this translation is to remain true to Kafka's aims Thus this translation may prove valuable not only for the general readership but likewise for those who wish to study the intricacies of translation of text that deals with the most important matters All the same one should never neglect the humorous side and the joy to be discovered in having the last laugh **The Diaries of Franz Kafka** Franz Kafka, 2024-09-03 A NEW YORK TIMES BEST BOOK OF THE YEAR An essential new translation of the author's complete uncensored diaries a revelation of the idiosyncrasies and rough edges of one of the twentieth century's most influential writers An invaluable addition to Kafka's oeuvre The New York Times An essential new translation of Franz Kafka's complete uncensored diaries a revelation of the

idiosyncrasies and rough edges of one of the twentieth century's most important influential and visionary writers. Dating from 1909 to 1923, Franz Kafka's *Diaries* contains a broad array of writing including accounts of daily events, assorted reflections and observations, literary sketches, drafts of letters, records of dreams, and unrevised texts of stories. This volume makes available for the first time in English a comprehensive reconstruction of Kafka's handwritten diary entries and provides substantial new content, restoring all the material omitted from previous publications, notably names of people and undisguised details about them, a number of literary writings and passages of a sexual nature, some of them with homoerotic overtones. By faithfully reproducing the diaries' distinctive and often surprisingly unpolished writing as it appeared in Kafka's notebooks, translator Ross Benjamin brings to light not only the author's use of the diaries for literary invention and unsparing self-examination but also their value as a work of genius in and of themselves.
