**The Enchantment of Modern Life** Jane Bennett, 2016-11-22 It is a commonplace that the modern world cannot be experienced as enchanted that the very concept of enchantment belongs to past ages of superstition Jane Bennett challenges that view She seeks to rehabilitate enchantment

showing not only how it is still possible to experience genuine wonder but how such experience is crucial to motivating ethical behavior. A creative blend of political theory, philosophy, and literary studies, this book is a powerful and innovative contribution to an emerging interdisciplinary conversation about the deep connections between ethics, aesthetics, and politics. As Bennett describes it, enchantment is a sense of openness to the unusual, the captivating, and the disturbing in everyday life. She guides us through a wide and often surprising range of sources of enchantment, showing that we can still find enchantment in nature, for example, but also in such unexpected places as modern technology, advertising, and even bureaucracy. She then explains how everyday moments of enchantment can be cultivated to build an ethics of generosity, stimulating the emotional energy and honing the perceptual refinement necessary to follow moral codes. Throughout, Bennett draws on thinkers and writers as diverse as Kant, Schiller, Thoreau, Kafka, Marx, Weber, Adorno, and Deleuze. With its range and daring, *The Enchantment of Modern Life* is a provocative challenge to the centuries-old narrative of disenchantment, one that presents a new alter tale that discloses our profound attachment to the human and nonhuman world.

### **The Gaslight**

**Effect** Dr. Robin Stern, 2018-01-09 In this groundbreaking guide, the prominent therapist Dr. Robin Stern shows how the Gaslight Effect works, how you can decide which relationships can be saved and which you have to walk away from, and how to gasproof your life so you'll avoid gaslighting relationships. Your husband crosses the line in his flirtations with another woman at a dinner party. When you confront him, he asks you to stop being insecure and controlling. After a long argument, you apologize for giving him a hard time. Your mother belittles your clothes, your job, and your boyfriend. But instead of fighting back, you wonder if your mother is right and figure that a mature person should be able to take a little criticism. If you think things like this can't happen to you, think again. Gaslighting is an insidious form of emotional abuse and manipulation that is difficult to recognize and even harder to break free from. Are you being gaslighted? Check for these telltale signs: 1. Does your opinion of yourself change according to approval or disapproval from your spouse? 2. When your boss praises you, do you feel as if you could conquer the world? 3. Do you dread having small things go wrong at home, buying the wrong brand of toothpaste, not having dinner ready on time, a mistaken appointment written on the calendar? 4. Do you have trouble making simple decisions and constantly second-guess yourself? 5. Do you frequently make excuses for your partner's behavior to your family and friends? 6. Do you feel hopeless and joyless?
