They Saw Sasquatch Gary Swanson,Wendy Swanson,2016-09-01 The majority of the encounters in They Saw Sasquatch were submitted by residents of the Southern Oregon area where we spent years hiking the beautiful and rugged mountains We personally had several mysterious events which can only be logically attributed to the actual existence of a creature the likes of which is so human like that we now are able to accept the many reports as likely Included are encounters reported by a U S Forestry Service agent two Bureau of Land Management agents a fireman a sheriff s deputy a doctor ranchers rural property owners an accredited Sasquatch hunter hikers and full time goldminers as well as some tourists and river rafters Some of our contributors have chosen to remain anonymous so we have protected their identities We hope you enjoy reading about these interesting and sometimes frightening encounters as much as we did

On the Trail of Sasquatch Gary Swanson,2020-07-15 This collection of Sasquatch encounters includes several reports that took longer than usual to complete due to additional correspondence to confirm through additional witnesses and other sources some heretofore unreported instances of questionable relationships between our story submitters and their Bigfoot acquaintances An example of the necessity we felt to confirm some of the more unusual reports was the person who purchased a rural property and from the outset he experienced an encounter with some resident Sasquatch which was quite unpleasant According to the submitter he was pestered and harassed by these creatures until it came down to a violent confrontation causing him to use a firearm There were no injuries but he learned too late how to relate to these resident Sasquatch and he sold the home and property and returned to the city Another couple had back to back encounters with Sasquatch and they report how the clever Bigfoot actually changed their methods of disguising their presence by using tree branches to erase their own tracks to their secret fishing hole in the Washington state mountains Forced to abandon their second excursion by a sudden forest fire our reports had the experience of a lifetime Another submitter inherited a lakeshore cabin in Michigan and once again was reunited with Sasquatch he had first met as a child when visiting his grandfather Both human and Sasquatch were reunited over the gravesite of the grandfather s golden Labrador companion whom both human and Sasquatch shared memories This collection seems to share a common thread of closer involvement between species than most and even though the research required more checks and balances we thoroughly enjoyed sharing our submitters excitement

Nightmare in the Woods A. H. Verge,2017-01-14 Life was good for a young boy and his family living in northern New Jersey during the summer of 1976 Yet their world was about to be turned upside down with the discovery of an unknown creature lurking on the edge of their property Throughout that long summer the family would continue to have terrifying encounters with the creature known as Bigfoot Not only would they see the creature on multiple occasions but

would have terrifying close encounters and make a cast of its footprints NIGHTMARE IN THE WOODS is the true story of one family s frightening encounter with the unknown right in their own back yard *Sasquatch Encounters* Gary

Swanson,Wendy Swanson,2017-01-24 The encounters and sightings in *Sasquatch Encounters* have never been published in print or online before These incidents came to us from many states and they are in the words of those who met the Bigfoot The events and sightings in this book include a well accredited professor of anthropology offering his confirmation of the probability of the existence of these creatures and a fellow professor who had an actual encounter with Sasquatch before he ever met the other doctor The encounter by Evel Knievel s father as was told to the author by his personal friend Nic Knievel brother of the famed motorcycle stuntman Al Capone s shooting incident was found in a very old article that was prepared for printing in the Chicago Sun Times newspaper but for reasons unknown was never submitted Possibly due to fear of retaliation by the Capone gang There are several incidents that came from the personal journals of early gold miners that were submitted by their descendants proof that the Bigfoot has been there all along We did not start out belonging to the Bigfoot believers camp but as we were researching for our hiking book *Hiking Sasquatch Country Tails and Trails in Bigfoot s Backyard* we had some incidents that we couldn t explain until we came in contact with people in our Southern Oregon home that were able to shed light on our mysterious adventures and it made Sasquatch more than just theory Neither of us had before lived outside larger cities and we found profound enjoyment in hiking so we felt that a detailed hiking book would enable others to enjoy what we had Then after meeting so many people who had also had close encounters with the mysterious Sasquatch we decided to collect these experiences to add to our book The authors of these happenings are from all over the U S and it is amazing how much similarity there is in the descriptions of our mysterious Sasquatch which certainly lends credence to the existence of this wild being that seems to have the same senses of hearing and seeing as humans however magnified a hundred times Welcome to Bigfoot country **The Ohio Monster** David Walker,2018-07-11

Do you believe in Bigfoot Or are you one of them people who snicker every time you hear the subject mentioned There is no in between You either believe in the Big Hairy Man or you dont The author of this book not only believes but is also willing to stake his name and reputation on it as well In this book entitled *The Ohio Monster* be prepared to set aside your personal beliefs and take a closer look at the circumstances surrounding the authors encounters with the creature Skeptics will be hard pressed to rationalize away the belief that this could be nothing more than a man dressed in a monkey suit out to play tricks on somebody Hailing from the backwoods of the State of Ohio the author came face to face at an early age with his greatest fear a large hairy monster For the longest time he tried his best to keep away from the Thing as he called it but he simply couldn t outrun destiny Now with the passage of time he feels the thing Bigfoot may have singled him out continued to appear to him because he knew that one day this man would end up defending him Crazy right Well welcome to the world of the supernatural where everything s possible Its a world wherein the elites of science cannot prove or disprove these kind of

things Its a world where the average citizen is encouraged to think for themselves without the added baggage of the scientific world telling them otherwise No body or bones to prove Bigfoot exists No problem With a thousand or more verifiable sighting reports within the last fifty years or so somebody is seeing something They cant all be lying And if so for what purpose Some even have long standing careers on the line and still have felt obligated to come forward with their encounters People from all over the world and from all walks of life have claimed to have seen monstrous types of beings before If true what do we have Ill tell you what we have we have an honest to gosh monster on our hands thats what And thats exactly what this book is aboutthe authors experiences with just one of these type of beings dubbed the Ohio monster

Hidden Encounters Doug Waller,2015-08-01 **Bigfoot** Ursula Vega,2022-06-13 This book was made from a few reports and some commentary and analysis of what was reported The reports are what people said they saw In this book the reports are relayed as they were reported and accompanied by the comments and notes my father wrote down pertaining to each report he was given Was it a bigfoot Was it a dogman Was it something else altogether That will be left up to you to decide A passionate team of bigfoot enthusiasts is bringing you eight brand new and true bigfoot stories that have never been covered before Find out what happens when an investigative journalist accidentally ends up on a tiny bigfoot infested island Immerse yourself in the history of a once beautiful resort that had to close after decades of bigfoot encounters Explore a journal entry of a polish woodsman that slowly realizes that what he saw in a deep forest has changed him forever Read about methods that modern bigfoot surveillance groups use to track the ever evasive legend Many people across the world believe in an ape like humanoid creature who is covered with hair and walks on two legs Those who claim to have seen this creature generally say that he has reddish brown hair is approximately seven to 10 feet tall has a conical shaped head emits a powerfully obnoxious stench and has enormous human like feet In the united states this creature is known as the sasquatch or bigfoot
