**He Was Some Kind of a Man** Roderick McGillis, 2011-04-08 *He Was Some Kind of a Man* Masculinities in the B Western explores the construction and representation of masculinity in low budget western movies made from the 1930s to the early 1950s These films contained some of the mid twentieth century s most familiar names especially for youngsters cowboys such as Roy Rogers Hopalong Cassidy and Red Ryder The first serious study of a body of films that was central to the youth of two generations *He Was Some Kind of a Man* combines the author s childhood fascination with this genre with an interdisciplinary scholarly exploration of the films influence on modern views of masculinity McGillis argues that the masculinity offered by these films is less one dimensional than it is plural perhaps contrary to expectations Their deeply conservative values are edged with transgressive desire and they construct a male figure who does not fit into binary categories such as insider outsider or masculine feminine Particularly relevant is the author s discussion of George W Bush as a cowboy and how his aspirations to cowboy ideals continue to shape American policy This engagingly written book will appeal to the general reader interested in film westerns and contemporary culture as well as to scholars in film studies gender studies children s literature and auto biography

**The Harlem Uprising** Christopher Hayes, 2021-10-26 In July 1964 after a white police officer shot and killed an African American teenage boy unrest broke out in Harlem and then Bedford Stuyvesant Protests rose up to call for an end to police brutality and the unequal treatment of Black people in a city that viewed itself as liberal A week of upheaval ensued including looting and property damage as well as widespread police violence in what would be the first of the 1960s urban uprisings Christopher Hayes examines the causes and consequences of the uprisings from the city s history of racial segregation in education housing and employment to the ways in which the police both neglected and exploited Black neighborhoods While the national civil rights movement was securing substantial victories in the 1950s and 1960s Black New Yorkers saw little or uneven progress Faced with a lack of economic opportunities pervasive discrimination and worsening quality of life they felt a growing sense of disenchantment with the promises of city leaders Turning to the aftermath of the uprising Hayes demonstrates that the city s power structure continued its refusal to address structural racism In the most direct local outcome a broad interracial coalition of activists called for civilian review of complaints against the police The NYPD s rank and file fought this demand bitterly further inflaming racial tensions The story of the uprisings and what happened next reveals the white backlash against civil rights in the north and crystallizes the limits of liberalism Drawing on a range of archives this book provides a vivid portrait of postwar New York City a new perspective on the civil rights era and a timely analysis of deeply entrenched racial inequalities

**Hoo-Doo Cowboys and Bronze Buckaroos** Michael K. Johnson, 2014-01-08 Hoo Doo Cowboys and Bronze Buckaroos undertakes an interdisciplinary exploration of the African American West through close readings of texts from a variety of media This approach allows for both an in depth analysis of individual texts and a discussion of material often left out or underrepresented in studies focused only on traditional literary material The book engages heretofore unexamined writing by Rose Gordon who wrote for local Montana newspapers rather than for a national audience memoirs and letters of musicians performers and singers such as W C Handy and Taylor Gordon who lived in or wrote about touring the American West the novels and films of Oscar Micheaux black cast westerns starring Herb Jeffries largely unappreciated and unexamined episodes from the golden age of western television that feature African American actors film and television westerns that use science fiction settings to imagine a postracial or postsoul frontier Percival Everett s fiction addressing contemporary black western experience and movies as recent as Quentin Tarantino s Django Unchained Despite recent interest in the history of the African American West we know very little about how the African American past in the West has been depicted in a full range of imaginative forms Hoo Doo Cowboys and Bronze Buckaroos advances our discovery of how the African American West has been experienced imagined portrayed and performed

Coming Clean Jessie Warren,2022-01-14 In the writing of Coming Clean over fifteen years I had several titles in mind but God gave me Coming Clean When arrested by the police you re taken to an interrogation room and an officer comes into the room He tells you to come clean Well using heroin for twenty seven years I was able to elude the law but I wasn t able to elude God God sat me down and said to me Come clean A further confirmation that God picks the title is when I went to a local art school and I told the class of my mental idea for the cover of the book and what I needed was for them to use their artistic talents to put my mental picture on paper About twenty five students submitted their work The first drawing I saw I knew it was the one that I ll use You see I snorted heroin for that twenty seven years If you notice the word clean is coming from my nose The student was not aware of this I had not told her God has been with me throughout this process step by step

Walker,2022-06-24 A startling and gripping reexamination of the Jim Crow era as seen through the eyes of some of the most important American writers Walker has opened up a fresh way of thinking about the intellectual history of the South during the civil rights movement Robert Greene *The Nation* In this dramatic reexamination of the Jim Crow South Anders Walker demonstrates that racial segregation fostered not simply terror and violence but also diversity one of our most celebrated

ideals He investigates how prominent intellectuals like Robert Penn Warren James Baldwin Eudora Welty Ralph Ellison Flannery O Connor and Zora Neale Hurston found pluralism in Jim Crow a legal system that created two worlds each with its own institutions traditions even cultures The intellectuals discussed in this book all agreed that black culture was resilient creative and profound brutally honest in its assessment of American history By contrast James Baldwin likened white culture to a burning house a frightening place that endorsed racism and violence to maintain dominance Why should black Americans exchange their experience for that Southern whites meanwhile saw themselves preserving a rich cultural landscape against the onslaught of mass culture and federal power a project carried to the highest levels of American law by Supreme Court justice and Virginia native Lewis F Powell Jr Anders Walker shows how a generation of scholars and judges has misinterpreted Powell s definition of diversity in the landmark case Regents v Bakke forgetting its Southern origins and weakening it in the process By resituating the decision in the context of Southern intellectual history Walker places diversity on a new footing independent of affirmative action but also free from the constraints currently placed on it by the Supreme Court With great clarity and insight he offers a new lens through which to understand the history of civil rights in the United States
