tireless world traveler with a real knack for looking at wherever he is and finding reasons to be fascinated by it Frank Cerabino columnist The Palm Beach Post The cast of characters in these seventeen stories of fascinating Floridians includes the living and the dead the famous and the infamous murderers imposters royal pretenders a supermarket cashier a housekeeper a homeless former crack addict rescued by an anonymous benefactor the woman who was elected chief of the Seminoles a Jordanian Cordon Bleu chef a chess champion who founded a city and the first two Jewish senators Even John Lennon makes an appearance A road trip across the state results in the shocking revelation that in the 1920 s Seminole children were prohibited from attending either white or colored schools but ends with an unexpected surprise the Seminole Tribe of Florida grown wealthy by the profits of its casinos now owns the worldwide Hard Rock Caf chain Some of the essays involved extensive research often sparked by an apparently trivial observation thus the story of the phony count and the fake countess begins when I noticed a sign with an inappropriate ampersand and leaps around the world to France the former Belgian Congo Yemen the Emirate of Sharjah and Tangier The people in this book are Floridians all and some were even born in the Sunshine State Yet most are transplants like me native born Americans migrating from elsewhere in the United States or immigrants fleeing Hitler s Germany Castro s Cuba and the poverty of Guatemala Each of them each of us possesses Real Stories to tell and in this book the reader will discover some of them **The Accidental Anthropologist** Michael

Jackson,2013-12-16 Journeys through the Congo Sierra Leone and Outback Australia in an inventive memoir by a Commonwealth Poetry Prize winning ethnographer The Accidental Anthropologist is a fascinating impeccably written memoir or more accurately a series of fragments Compelling and absorbing as well as intense and insightful Jackson writes a far from classically autobiographical text There is nothing predictable about the mode or incidents he has chosen to write about this is literary memoir at its best and most inventive Jackson has a fascination with the concept of personal metamorphosis the idea that a life can be dismantled and reassembled in a different country and set of relationships And throughout the story the author makes a pretty good fist of living the theory Jackson s experiences begin with his earnest portrayal of young adulthood in Wellington where he associates on the fringes with many of the literary figures of the early 1960s Bob Lowry Fleur Adcock James K Baxter R A K Mason and the artist McCahon Jackson finds himself homeless in London where he s drawn to help the poor and eventually finds his way to Cambridge where he stumbles upon anthropology His subsequent ethnographic fieldwork takes him to the Congo Sierra Leone and outback Australia Jackson makes it clear that our lives are barely our own they belong as much to the people the landscapes the influences of thought and ideology that absorb us He excels at the intensely personal and captivates with this masterful work The Accidental Anthropologist is a challenging and magnificent memoir much of it is spellbinding astute and disquieting *In Harmony* Dr. Lisa Redpath,2022-06-01 In Harmony The Complementary Musical Tales of the Brockton Symphony Orchestra Sharon Civic Orchestra and Sharon Community Chamber Orchestra is a stirring historical account of these three Massachusetts ensembles Each chapter documents the orchestras

operations ranging from their founders to the conductors repertoire players soloists volunteers fundraisers behind the scenes realities and special features While details of each organization are presented in depth a seasoning of interesting humorous and at times tragic human interest stories make these tales come alive Musicians audience members supporters and readers with a passion for history will find connections to the events told here Welcome to the inside world of these venerable ensembles which take their places in the history of orchestras with pride In Harmony is the most extensive and intriguing exploration into community orchestras in the literature Musical portraits are enlivened by real life adventure stories such as survival by WWII refugees the guarding of Stradivari violins performing during power failures and the dodging of puddles caused by leaking concert hall ceilings Most notable are the contributions made by core players whose passion for orchestral music making inspires them to share their talent time and commitment with the community often as part of their life s work Over time thousands of audience members have enjoyed their concerts scores of youth musicians have been awarded performance opportunities and scholarships and players have felt great satisfaction in their calling to perform Significant details illuminate the history of the Brockton Symphony Orchestra dating back to 1925 and the central roles that women played in the establishment of the Sharon Civic Orchestra and Sharon Community Chamber Orchestra The orchestras have been led by conductors from both the local and national stage Famous performers such as Charles Castleman Midori and Gil Shaham were guest soloists with the Brockton Symphony during the early days of their careers The overall cavalcade of esteemed stars included Karl Ulrich Schnabel Leonard Rose Samuel Mayes Boston Symphony Orchestra members and many others The conductors soloists volunteers and most importantly the players have devoted their lives to the making of symphonic music for all to enjoy Their tales are masterpieces

Quandaries of Belonging Michael Jackson,2020-12-15

Those who leave their homelands either under duress or by design will see them in a different light than those who have stayed put Michael Jackson argues that the perspective of the expatriate may be compared with what ethnographers call stranger value In moving between detachment and deep immersion this bifocal perspective implicates a bicultural one which is why Jackson has recourse to Mori traditional knowledge not in order to impose a Eurocentric interpretation on them but to show how cross cultural conversations and interactions can promote new forms of sociality and coexistence

Radio Hitler Nathan Morley,2021-06-15 The first in depth look at German home service radio stations during WW2 this is a fascinating insight into how the Nazi war machine sought to shape public opinion at home and abroad Based on original research and unlimited access of German archives *Radio Hitler* is an important new addition to the literature surrounding Nazi Germany
