H. P. B. Speaks C. Jinarajadasa, 1986-01-01 **H.P.B. Speaks** Helena Petrovna Blavatsky, 1950 **Philitis** Charles Casey, 1876 **The Theosophist** , 1893 **The Theosophical Review** , 1907 **Invisible Worlds** , 2013-10-14 To investigate the unexplained laws of Nature and the powers latent in humanity is one object of the Theosophical Society Annie Besant 1847 1933 outspoken feminist political activist and early president of the TS thought that psychic and spiritual development should be available to everyone not just a chosen few In her many books and articles providing guidelines her goal was not to help students develop supernormal powers but to help them increase consciousness in order to receive instruction from the ascended Masters Besant believed this work had positively changed her life and wanted others to enjoy the same benefit Although penned a century ago Besant s wisdom on the subject is still germane Her prose is clear and inspiring and Kurt Leland s introduction and notes are well informed He helpfully divides Besant s writings into four parts Occultism Light and Dark Higher Life Training the Investigation of Different Worlds and the Science of the Superphysical

The Awakened Ones Gananath Obeyesekere, 2012 While a rational consciousness grasps many truths Gananath Obeyesekere believes an even richer knowledge is possible through a bold confrontation with the stuff of visions and dreams Spanning both Buddhist and European forms of visionary experience he fearlessly pursues the symbolic nonrational depths of such phenomena reawakening the intuitive creative impulses that power greater understanding Throughout his career Obeyesekere has combined psychoanalysis and anthropology to illuminate the relationship between personal symbolism and religious experience In this book he begins with Buddha s visionary trances wherein over the course of four hours he witnesses hundreds of thousands of his past births and eons of world evolution renewal and disappearance He then connects this fracturing of empirical and visionary time to the realm of space considering the experience of a female Christian penitent who stares devotedly at a tiny crucifix only to see the space around it expand to mirror Christ s suffering Obeyesekere follows the unconscious motivations underlying rapture the fantastical consumption of Christ s body and blood and body mutilation and levitation bridging medieval Catholicism and the movements of early modern thought as reflected in William Blake s artistic visions and poetic dreams He develops the term dream ego through a discussion of visionary journeys Carl Jung s and Sigmund Freud s scientific dreaming and the cosmic and erotic dream visions of New Age virtuosos and he defines the parameters of a visionary mode of knowledge that provides a more elastic understanding of truth A career culminating work this volume translates the epistemology of Hindu and Buddhist thinkers for western audiences while revitalizing western philosophical and scientific inquiry

The Secret Doctrine Helena Petrovna Blavatsky, 1993-01-01 A fountain of esoteric knowledge for deep truth seekers this classic work examines the birth and structure of the universe and how everything has the Divine as its source It also traces the development of humanity drawing from sacred scriptures mythology and legends to give a spiritual view of human beings Volume III is an index to help readers find any topic easily

Illustrations [The Dawning of the Theosophical Movement](#) Michael Gomes,1987-01-01 Historical researcher Michael Gomes charts the dramatic origins of the theosophical movement one of the most influential philosophical systems to arise during the last hundred years In this skillfully woven story of the early years of theosophy the author re creates the key events involving Blavatsky Olcott and a small group of like minded occultists His account covers the publication of Blavatsky's occult encyclopedia Isis Unveiled concluding with the pilgrimage to India by the theosophical twins **Reflections on an Ageless Wisdom** Joy Mills,2014-07-01 Modern Theosophy expresses the ancient wisdom tradition found in all religions When H P Blavatsky founder of the Theosophical Society in 1875 told English journalist A P Sinnett she had gained her paranormal knowledge from more evolved beings called the Mahatmas Sinnett asked to communicate with them himself The result was a remarkable correspondence carried on from 1880 to 1885 with Mahatmas Khoot Hoomi and Morya Recorded in The Mahatma Letters to A P Sinnett the answers of these Teachers form an essential part of Theosophical literature At the time the Letters stormed the bastions of racial and religious prejudice and they continue to fascinate those seeking to probe the mysteries of the universe and the nature of consciousness Here is the most comprehensive magisterial discussion of The Mahatma Letters since they were first published in 1924 Eminent Theosophist Joy Mills bases her commentary on Vincente Hao Chin's 1999 edition of the Letters helpfully arranged chronologically to enable following the exposition as it originally unfolded Mills quotes Sinnett in emphasizing that the Mahatmas purpose was not to put the world into possession of occult knowledge but to train those who proved qualified so that they might ascend the path of spiritual progress Her focus then is on not only knowledge of the magnificent Occult Science but more significantly the ethical and moral values we must embrace to be of service to the world She offers her reflections on over 140 letters in the hope that they may prove useful to fellow students on the journey toward the spiritual heights May these letters call you as they have continued to call me to keep on exploring for truly there is no other way to go [Rudolf Steiner in Britain](#) Crispian Villeneuve,2009-09-14 Rudolf Steiner spent some five months of his life in Britain visiting there ten times between 1902 and 1924 With the exception of German speaking countries the longest time Steiner spent abroad was in Britain a place he clearly considered central to his work In this extraordinary thorough study of more than 1 200 pages and dozens of illustrations Crispian Villeneuve documents those important visits reproducing letters articles records and other archival material much of it published for the first time He also studies the interconnected theme of the life and work of D N Dunlop Rudolf Steiner's closest British colleague [Boris de Zirkoff on Madame Blavatsky's background and early life](#) Boris Mikhailovich de Zirkoff,2018-04-07

Madame Blavatsky Marion Meade,2014-04-01 The life and times of Helena Blavatsky the controversial religious guru who cofounded the Theosophical Society and kick started the New Age movement Recklessly brilliant Helena Petrovna Blavatsky scandalized her 19th century world with a controversial new religion that tried to synthesize Eastern and Western philosophies If her contemporaries saw her as a freak a charlatan and a snake oil salesman she viewed herself as a special

person born for great things She firmly believed that it was her destiny to enlighten the world Rebelliously breaking conventions she was the antithesis of a pious religious leader She cursed smoked overate and needed to airbrush out certain inconvenient facts like husbands lovers and a child Marion Meade digs deep into Madame Blavatsky s life from her birth in Russia among the aristocracy to a penniless exile in Europe across the Atlantic to New York where she became the first Russian woman naturalized as an American citizen and finally moving on to India where she established the international headquarters of the Theosophical Society in 1882 As she chased from continent to continent she left in her aftermath a trail of enthralled followers and the ideas of Theosophy that endure to this day While dismissed as a female messiah her efforts laid the groundwork for the New Age movement which sought to reconcile Eastern traditions with Western occultism Her teachings entered the mainstream by creating new respect for the cultures and religions of the East for Buddhism and Hinduism and interest in meditation yoga gurus and reincarnation Madame Blavatsky was one of a kind Here is her richly bizarre story told with compassion insight and an attempt to plumb the truth behind those astonishing accomplishments

The Letters of H. P. Blavatsky H. P. Blavatsky,2003-01-01 Helena P Blavatsky 1831 1891 is widely celebrated as the leading esoteric thinker of the nineteenth century who influenced an entire generation of artists and intellectuals and introduced Eastern spirituality to the West Until now however readers have been able to know this fascinating woman only through her public writings Few may have realized that H P B was also a tireless correspondent with family and colleagues friends and foes the learned and the simple Her personal correspondence reveals for the first time the private H P B in all of her sphinx like complexity rarely visible in her published material This unparalleled offering contains all known letters H P B wrote between 1860 and the time just before she left for India in 1879 Meticulously edited by John Algeo former President of the Theosophical Society in America and current Vice President of the international Society the volume also contains letters to and about Blavatsky articles and editorial commentary **Theosophy** ,1920 *The Masters Revealed* K. Paul Johnson,1994-07-22 **Mississippi Department Reports** Mississippi,1892 **Sun Ra's Chicago** William Sites,2021-01-11 Sites provides crucial context on how Chicago s Afrocentrist philosophy religion and jazz scenes helped turn Blount into Sun Ra Chicago Reader Sun Ra 1914 93 was one of the most wildly prolific and unfailingly eccentric figures in the history of music Renowned for extravagant performances in which his Arkestra appeared in neo Egyptian garb the keyboardist and bandleader also espoused an interstellar cosmology that claimed the planet Saturn as his true home In Sun Ra s Chicago William Sites brings this visionary musician back to earth specifically to the city s South Side where from 1946 to 1961 he lived and relaunched his career The postwar South Side was a hotbed of unorthodox religious and cultural activism Afrocentric philosophies flourished storefront prophets sold dream book bibles and Elijah Muhammad was building the Nation of Islam It was also an unruly musical crossroads where the man then known as Sonny Blount drew from an array of intellectual and musical sources from radical nationalism revisionist Christianity and science fiction to jazz blues Latin dance

music and pop exotica to construct a philosophy and performance style that imagined a new identity and future for African Americans Sun Ra's Chicago shows that late twentieth century Afrofuturism emerged from a deep utopian engagement with the city and that by excavating the postwar black experience of Sun Ra's South Side milieu we can come to see the possibilities of urban life in new ways Four stars Sites makes the engaging argument that the idiosyncratic jazz legend's penchant for interplanetary journeys and African American utopia was in fact inspired by urban life right on Earth Spectrum Culture *Masters Speak* Seymour B. Ginsburg, 2014-04-01 If you want to pursue in a Western way the path that we follow here at Mirtola you need to study and work with the Gurdjieffian teaching Thus did the guru Madhava Ashish at their first meeting invite American businessman Sy Ginsburg on a spiritual journey that would last 19 years until the guru's death and include both annual visits to Sri Madhava Ashish's Mirtola ashram near Almora in India's Himalayan foothills and a lengthy correspondence Along the way the entrepreneur author would not only be caught up in the teachings of G I Gurdjieff but also in the search for the elusive unitive vision the world viewed from the perspective of the greater Self and not the personality In this remarkable spiritual document the reader shares the search increasingly catching glimpses of the unitive vision as the book draws toward a close that is also an opening out into the vaster dimensions of the human mind *Masters and Men* Virginia Hanson, 1980-01-01 A fictionalized version of the story of the Mahatma letters
