The Making of Modern America Gary A. Donaldson, 2012-10-18 The Making of Modern America introduces students to the cultural social and political paths the United States has traveled from the end of WWII to the present day While deftly cataloguing the sweeping changes and major events in America from Dewey Defeats Truman through the election of our first black President this newly updated edition never loses touch with that American history taking place at the level of the people This edition details not just the United States rich cultural history but elegantly repositions it as integral to our understanding of any portion of this country s past Donaldson provides a factual foundation for students and then pushes them to interpret those facts framing the discussions essential to any complete study of American history The Making of Modern America Second Edition is updated to include A new chapter titled The Second Bush and Obama From the War on Terrorism to the Audacity of Hope updating readers on the calamitous end to President George W Bush s second term the Obama administration s first term challenges and the Great Recession Newly revised readings each profiling an historical event speech or figure Lee Harvey Oswald to Bill Gates to Condoleeza Rice at the conclusion of each chapter Creating Sanctuary Sandra L Bloom, 2013-04-12 Creating Sanctuary is a description of a hospital based program to treat adults who had been abused as children and the revolutionary knowledge about trauma and adversity that the program was based upon This book focuses on the biological psychological and social aspects of trauma Fifteen years later Dr Sandra Bloom has updated this classic work to include the groundbreaking Adverse Childhood Experiences Study that came out in 1998 information about Epigenetics and new material about what we know about the brain and violence This book is for courses in counseling social work and clinical psychology on mental health trauma and trauma theory **Escaping Plato's Cave** Mort Rosenblum, 2013-11-05 Cave Blindness Like Plato s cave dwellers who only saw inaccurate reflections of reality on the wall America has been blinded to dangerous realities inside and outside our borders argues award winning journalist Mort Rosenblum Our ignorance is not just deplorable it is literally killing us and others Rosenblum who has reported from more than one hundred countries many of which he has outlived explains how we all can and must learn more about what s really happening in the Middle East Europe Africa Asia Latin America in matters of war peace business the environment and education This cri de coeur by one of our planet s most eloquent journalists is a must read for anyone concerned about what they don t see in the newspaper or on TV Escaping Plato s Cave offers both insight and practical ways for Americans to get out of the cave and see what s really going on around us *Fixing America* John Buchanan, 2005-10-01 An award winning investigative reporter provides a clear honest diagnosis of the country s chronic diseases corporate rule big media and the religious right in this damning analysis Exposing the darker side of capitalism this critique raises alarms about the security of democracy in today s society including the rise of the corporate state the insidious role of professional lobbyists the emergence of religion and theocracy as a right wing political tactic the failure of the mass media and the sinister presence of

an Orwellian neo fascism Drawing on historic voices that include John Adams Mahatma Gandhi Thomas Jefferson Robert F Kennedy James Madison Thomas Paine and Mark Twain this treatise articulates a fresh vision for 21st century America that deserves the attention of every patriot

**Leading Men** Jackson Katz, 2012-10-22 Why Americans always elect men as presidents It s no secret that there is a wide and growing gender gap in American presidential politics Over the past thirty years Democrats have made major gains with women while Republicans have been doing far better with men especially white working class men The question is why In *Leading Men* Jackson Katz argues that racial politics and economic anxieties are not enough to explain the dramatic gender divide in American voting patterns Cutting against the grain of typical analyses of the gender gap that have focused almost exclusively on women Katz trains his focus the other way around on the male side of the equation He offers stunning evidence that American presidential campaigns have evolved into nothing less than quadrennial referenda on competing versions of American manhood And in the process he never takes his eye off what this development means for women as both candidates and citizens Written in an engaging style that will appeal to general readers political experts and activists alike Katz explores some of the major political developments news events and campaign strategies that have made the presidency the center of a cultural conversation about manhood over the past few decades Ranging from the election of the former Hollywood actor Ronald Reagan in 1980 through the election of Barack Obama in 2008 and into the 2012 campaign season Katz zeroes in on how the very notion of what it means to be presidential has in many ways become synonymous with traditional definitions of manhood Whether he is examining right wing talk radio s relentless attacks on the masculinity of Democratic candidates or how fears of appearing weak and vulnerable end up shaping candidates actual policy positions Katz offers a new way to understand the power of image in presidential politics In the end *Leading Men* offers nothing less than a paradigm shifting way to understand the dynamics of presidential elections and the very nature of the American presidency

*Intelligence Matters* Bob Graham, Jeff Nussbaum, 2004-09-14 In this explosive controversial and profoundly alarming insider s report Senator Bob Graham reveals faults in America s national security network severe enough to raise fundamental questions about the competence and honesty of public officials in the CIA the FBI and the White House For ten years Senator Graham served on the Senate Intelligence Committee where he had access to some of the nation s most closely guarded secrets Following the attacks of September 11 2001 Graham co chaired a historic joint House Senate inquiry into the intelligence community s failures From that investigation and his own personal fact finding Graham discovered disturbing evidence of terrorist activity and a web of complicity At one point a terrorist support network conducted some of its operations through Saudi Arabia s U S embassy and a funding chain for terrorism led to the Saudi royal family In February 2002 only four months after combat began in Afghanistan the Bush administration ordered General Tommy Franks to move vital military resources out of Afghanistan for an operation against Iraq despite Franks s privately stated belief that there was a job to finish in Afghanistan and that the war on terrorism should focus next

on terrorist targets in Somalia and Yemen Throughout 2002 President Bush directed the FBI to limit its investigations of Saudi Arabia which supported some and possibly all of the September 11 hijackers The White House was so uncooperative with the bipartisan inquiry that its behavior bore all the hallmarks of a cover up The FBI had an informant who was extremely close to two of the September 11 hijackers and actually housed one of them yet the existence of this informant and the scope of his contacts with the hijackers were covered up There were twelve instances when the September 11 plot could have been discovered and potentially foiled Days after 9 11 U S authorities allowed some Saudis to fly despite a complete civil aviation ban after which the government expedited the departure of more than one hundred Saudis from the United States Foreign leaders throughout the Middle East warned President Bush of exactly what would happen in a postwar Iraq and those warnings went either ignored or unheeded As a result of his Senate work Graham has become convinced that the attacks of September 11 could have been avoided and that the Bush administration s war on terrorism has failed to address the immediate danger posed by al Qaeda Hezbollah and Hamas in Afghanistan Syria Yemen and Somalia His book is a disturbing reminder that at the highest levels of national security now more than ever intelligence matters **Bush Must Go** Bill Press,2004-06-10 More information to be announced soon on this forthcoming title from Penguin USA **Culturally Incorrect** Rod Parsley,2009-04-08 Parsley exposes the failure of the current generation of believers to engage the culture present a relevant gospel and lead influence through service and paints a vivid picture of the cost and implications of that failure Parsley explains how the culture wars have entered a new critical phase for the United States and discusses the areas in which this war is being fought Cultural Scientific Geopolitical Media and Academia He presents an understanding of the paradigms assumptions and values that animate the humanist secularist and neo pagan enemies of Christianity in America and offers a strategy for winning this war what he calls a New Great Awakening and how evangelism social action and the engagement of culture fit into that plan Smoke & Mirrors Stephen Paine,2007-02-11 A hypnotist counts us collectively back to 2000 where it all began We were mesmerized hypnotized and bamboozled It was all a deceptive show performed through the tricks of Smoke namely getting our country back We do not have to sleep walk nor goose step any more We can end this Now *Had Enough?* James Carville,2003 In *Had Enough* the legendary political adviser comes out of his corner swinging taking on the Bush White House and the Republican leaders in Congress on every front from the economy to education to foreign affairs But he doesn t just attack he lays out constructive had enough solutions for healing the damage done by the Republicans and helping disheartened Democrats get back on their feet In addition he offers Ten Rules for Progressives to Live By and a new War Room mantra for a new era **BOOK JACKET** Title Summary field provided by Blackwell North America Inc All Rights Reserved **The Casting Handbook** Suzy Catliff,Jennifer Granville,2013-06-26 Casting is a crucial creative element of any production and yet the craft and skills needed to put together a successful and exciting cast are often overlooked The Casting Handbook explains the casting process from beginning to end and covers everything

producers and directors needs to know as well as proving a fascinating and illuminating read for actors The book explores how to prepare a breakdown where to source actors how to prepare for a casting session how to make casting decisions how a cast is put together how deals are done ethics and the law with special reference to casting children how a casting director contributes to the initial development of the script how the casting works from fringe theatre to Hollywood blockbusters The Casting Handbook considers actors producers agents and directors relationship with a casting director the day to day work that is casting and how approaching it in a professional and informed manner can make the difference to the final product Including interviews with actors agents directors casting directors and producers case studies exercises and a fact file of useful templates and contacts this book offers a thorough induction into the casting process suitable for students and early career professionals in any media
