quarterly cumulation **First Lady of Letters** Sheila L. Skemp, 2011-08-24 Judith Sargent Murray 1751-1820 poet essayist
playwright and one of the most thoroughgoing advocates of women's rights in early America was as well known in her own
day as Abigail Adams or Martha Washington Her name though has virtually disappeared from the public consciousness
Thanks to the recent discovery of Murray's papers including some 2,500 personal letters historian Sheila L. Skemp has
documented the compelling story of this talented and most unusual eighteenth century woman Born in Gloucester
Massachusetts Murray moved to Boston in 1793 with her second husband Universalist minister John Murray There she
became part of the city's literary scene Two of her plays were performed at Federal Street Theater making her the first
American woman to have a play produced in Boston There as well she wrote and published her magnum opus *The Gleaner* a
three volume miscellany that included poems essays and the novel like story *Margaretta* After 1800 Murray's output
diminished and her hopes for literary renown faded Suffering from the backlash against women's rights that had begun to
permeate American society struggling with economic difficulties and concerned about providing the best possible education
for her daughter she devoted little time to writing But while her efforts diminished they never ceased Murray was
determined to transcend the boundaries that limited women of her era and worked tirelessly to have women granted the
same right to the pursuit of happiness immortalized in the Declaration of Independence She questioned the meaning of
gender itself emphasizing the human qualities men and women shared arguing that the apparent distinctions were the
consequence of nurture not nature Although she was disappointed in the results of her efforts Murray nevertheless left a rich
intellectual and literary legacy in which she challenged the new nation to fulfill its promise of equality to all citizens

Patterns and Portraits Renée House, John Wayland Coakley, John Coakley, 1999 Volume 31 in the HSRCA series explores the important and largely unacknowledged contribution of women to the history of the Reformed Church in America. Much more than an expose of untold stories, this significant foray into women studies discusses the church's continuing struggle to define the role of women in ministry and begins at last to rewrite the whole story of this significant North American denomination.

Economic Development of Caricom Winston H. Griffith, 2021-10-12 The early pioneers of development attributed the poor economic and social conditions in less developed nations to cultural and environmental elements. Some argued that their small size was also a contributing element. In the latter decades of the twentieth century, proponents of the neoclassical counterrevolution shifted the focus to the dirigiste policies of governments. Taking a heterodox approach, however, this study argues that the persistent low level of development in CARICOM nations is due to their being utilized as global agricultural and manufacturing production platforms, their enduring colonial economic and social structures that have slowed down economic transformation, the negative attitudes of classes, the anti-development policies of some governments, and since the human element provides the motor forces that ultimately drive development, their failure to accumulate an adequate pool of knowledge, skills that are now dominating production processes in the new global economy.

The Veiled Garvey Ula Yvette Taylor, 2003-10-16 In this biography, Ula Taylor explores the life and ideas of one of the most important, if largely unsung, Pan African freedom fighters of the twentieth century: Amy Jacques Garvey. Born in Jamaica in 1895, Amy Jacques moved in 1917 to Harlem where she became involved in the Universal Negro Improvement Association (UNIA), the largest Pan African organization of its time. She served as the private secretary of UNIA leader Marcus Garvey. In 1922 they married. Soon after, she began to give speeches and to publish editorials urging black women to participate in the Pan African movement and addressing issues that affected people of African descent across the globe. After her husband's death in 1940, Jacques Garvey emerged as a gifted organizer for the Pan African cause. Although she faced considerable male chauvinism, she persisted in creating a distinctive feminist voice within the movement. In her final decades, Jacques Garvey constructed a thriving network of Pan African contacts, including Nnamdi Azikiwe, Kwame Nkrumah, George Padmore, and W. E. B. Du Bois. Taylor examines the many roles Jacques Garvey played throughout her life as feminist, black nationalist, journalist, daughter, mother, and wife. Tracing her political and intellectual evolution, the book illuminates the leadership and enduring influence of this remarkable activist.
