Feathers Of Death:

The Feathers of Death Simon Raven, 1998 A classic tale of British army life that launched a great literary career *The Feathers of Death* (Valancourt 20th Century Classics) Simon Raven, 2018-05-29 When Lieutenant Alastair Lynch shoots young Drummer Malcolm Harley in the back for desertion in the face of an enemy attack his action seems to be clearly justified by military precedent But after a court martial is convened to examine the facts of the case a different story emerges A tale of passionate love possessiveness and jealousy between the two men a brazen and scandalous relationship that ended in Harley's violent death The tension builds as the truth about the two men's liaison and Lynch's decision to pull the trigger gradually emerges leading to a shocking finale Simon Raven's classic first novel *The Feathers of Death* 1959 is a gripping thriller told in the clever witty and compulsively readable style for which Raven is known This edition features a new introduction by Gregory Woods One of the finest novelists of the post war years the most entertaining of writers a novelist of supreme merit Charles Spencer *The Telegraph* Extraordinary entertaining gripping and in fact memorable *Sunday Times* An exceptional gift for storytelling told with a narrative verve so rare those with the stomach for a tough and ugly tale will find it enthralling *The Times* London *The Feathers of Death*, 19?? *The Metaphysics of Death* John Martin Fischer, 1993 This collection of seventeen essays deals with the metaphysical as opposed to the moral issues pertaining to death For example the authors investigate among other things the issue of what makes death a bad thing for an individual if indeed death is a bad thing This issue is more basic and abstract than such moral questions as the particular conditions under which euthanasia is justified if it is ever justified Though there are important connections between the more abstract questions addressed in this book and many contemporary moral issues such as euthanasia suicide and abortion the primary focus of this book is on metaphysical issues concerning the nature of death What is the nature of the harm or bad involved in death If it is not pain what is it and how can it be bad Who is the subject of the harm or bad if the person is no longer alive how can he be the subject of the bad An if he is not the subject who is Can one have harm with no subject When does the harm take place Can a harm take place after its subject ceases to exist If death harms a person can the harm take place before the death occurs If death can be a bad thing would immortality be a desirable alternative This family of questions helps to frame the puzzle of why and how death is bad Other subjects addressed include the Epicurean view that death is not a misfortune for the person who dies the nature of misfortune and benefit the meaningfulness and value of life and the distinction between the life of a person and the life of a living creature who is not a person There is an extensive bibliography that includes science fiction treatments of death and immortality **Feather, a Child's Death and Life** Robert Peters, 1997 With great tenderness poet and critic Robert Peters recalls the brief life and sudden death of his son Richard a four year old called Feather by his sister Meredith and brother Rob Feather returns home ill one day from nursery school spends the afternoon in bed with his father and his stuffed toy seal and dies that evening Looking back after decades on that February day in 1960 when the skinned knees colds

and fevers of childhood were obliterated by the unthinkable fatal meningitis Peters sees with harrowing clarity the image of that little boy in the tugboat pajamas lying still on a gurney one bare foot visible at the edge of the sheet He recalls his anger his confusion What shall I do with my hands Feather A Child s Death and Life is an album of poetic and sometimes visceral snapshots portraits of a family a house a strained marriage a father reading poems to his children a young academic struggling to establish himself Peters catches his family in moments of almost transcendent joy and crushing grief The children s happiness on Christmas morning in summer at a Canadian lake or ice skating is shadowed by lessons in accepting death a succession of pet turtles mice and goldfish succumb Dad butchers the Thanksgiving turkey nicknamed Gobble in the snowy backyard The fourth book in Robert Peters series of memoirs Feather not only illuminates the lives of father and child but also reflects a moment in the life of a writer as Peters grief for his son finds expression in his first collection of poetry Songs for a Son
