*Great Breeders and Their Methods* Frank J. Mitchell, 2005 The great Thoroughbred stallions of the 20th Century have one thing in common the Hancock family As independent breeders as salesmen and promoters as innovators and as conservators of racing and breeding four generations of the Hancock family have played a vital role in the development of the Thoroughbred From the original Ellerslie Farm in Virginia to Claiborne Farm and Stone Farm in Kentucky the Hancocks have been a dominant force in the American and indeed the international racing scene It has been said that the secret to the success of the Hancocks was the philosophy that success lies not in breeding the occasional champion but rather in controlling the bloodlines of the champions of the future Here are the business strategies the breeding theories the champion horses of the generations of diligent insightful men who have given so much to the industry

**Great Breeders and Their Methods** Mary Marshall, 2008 Leslie Combs II shaped the way Thoroughbred farms do business even today That just one man could mold so much of Thoroughbred racing's future is a remarkable feat one that's detailed in *Great Breeders and Their Methods* Leslie Combs II and Spendthrift Farm by Mary Marshall This third book in the *Great Breeders* series tells the colorful story of a Kentucky native who through determination and risky choices became a legend in the sport He took a wartime need for yearling markets and turned it into the iconic Keeneland sales His desire to buy top stallions and spread the cost with others made him a pioneer in North American stallion syndication His people skills gave him partners by the dozen and cemented his legacy in Thoroughbred history Marshall an equine journalist and long time Spendthrift fan weaves the world of Leslie Combs II his family and Spendthrift Farm into a captivating tale one that's envied by many and duplicated by few
