Fatal Remedies:

Fatal Remedies Donna Leon, 2009-12-29 The Italian police detective's latest case hits close to home in this novel in the New York Times bestselling series For Commissario Brunetti it began with an early morning phone call In the chill of the Venetian dawn a sudden act of vandalism shatters the quiet of the deserted city But Brunetti is shocked to find that the culprit waiting to be apprehended at the scene is someone from his own family Meanwhile Brunetti is under pressure from his superiors to solve a daring robbery with a link to a suspicious accidental death Does it all lead back to the Mafia And how are his family's actions connected to these crimes The truth must be uncovered in this novel in the Silver Dagger Award winning series by one of the best of the international crime writers Rocky Mountain News Leon's devoted readers love her books for their juicy mystery plots and also for the rich and varied cast of recurring characters among which is the city of Venice itself Publishers Weekly

Challenging the Performance Movement Beryl A. Radin, 2006-06-01 Accountability is a watchword of our era Dissatisfaction with a range of public and private institutions is widespread and often expressed in strong critical rhetoric The reasons for these views are varied and difficult to translate into concrete action but this hasn't deterred governments and nongovernmental organizations from putting into place formal processes for determining whether their own and others goals have been achieved and problems with performance have been avoided In this thought provoking book government and public administration scholar Beryl Radin takes on many of the assumptions of the performance movement arguing that evaluation relies too often on simplistic one size fits all solutions that are not always effective for dynamic organizations Drawing on a wide range of ideas including theories of intelligence and modes of thought assumptions about numbers and information and the nature of professionalism Radin sheds light on the hidden complexities of creating standards to evaluate performance She illustrates these problems by discussing a range of program areas including health efforts as well as the education program No Child Left Behind Throughout the author devotes particular attention to concerns about government standards from accounting for issues of equity to allowing for complicated intergovernmental relationships and fragmentation of powers She explores in detail how recent performance measurement efforts in the U S government have fared and analyzes efforts by nongovernmental organizations both inside and outside of the United States to impose standards of integrity and equity on their governments The examination concludes with alternative assumptions and lessons for those embarking on performance measurement activities Sequels Janet G. Husband, Jonathan F.

Does Compliance Matter in Special Education? Catherine Kramarczuk Voulgarides, 2018-04-20 This book asks a question that many educators may think but won't say out loud Does compliance with IDEA legislation matter The author acknowledges that while compliance with IDEA Individuals with Disabilities Education Act is important it can also be an administrative burden that detracts from practitioners capacity to adequately serve students with disabilities Using data collected from three suburban school districts Voulgarides helps us to understand how compliance with IDEA intersects with decades of evidence of racial inequities in student outcomes This timely and thought provoking book unpacks the civil rights history of IDEA examines the impact of its procedural focus on educational practice and questions why racial inequities in special education persist despite good intentions by policymakers educators and school personnel Book Features Uses empirical evidence to examine the common assumption that compliance with IDEA leads to educational equity Focuses on the different dimensions of the equity concern that lie at the intersection between race disability and educational policy Challenges practitioners to think about the roles they play in both the production and the disruption of educational inequities

Evaluation for Participation and Sustainability in Planning Angela Hull, E.R. Alexander, Abdul Khakee, Johan Woltjer, 2012-03-29 Planning evaluation is required to establish the success of planning interventions both of physical developments and new approaches Yet this should not be a task undertaken purely by professionals without participation by those affected by the process and outcomes of the projects This book provides case studies and advice on how to balance conservation with economic growth the cost effectiveness of plans alongside the effects upon the community and the importance of engaging with all stakeholders involved in a project Practical aspects of the evaluation process covered include

how evaluation is used in planning introducing new kinds of information or criteria alternative ways of collecting presenting information how strategic planning objectives are implemented in local practice International contributors provide empirical studies and cases of application which are of practical value to those involved in the evaluation of planning The book concludes by offering a new paradigm a locally oriented context specific participatory and multi disciplinary approach to planning evaluation *The Surgeon's Vade-mecum: Containing the Symptoms, Causes, Diagnosis, Prognosis, and Treatment of Surgical Diseases, Etc* Robert Hooper,1809 *The Clinical Journal* ,1929 *Principles and Practice of Medicine* John Charles Peters,Frederick Greenwood Snelling,1863 **Understanding the Victorians** Susie L. Steinbach,2016-08-05

Understanding the Victorians paints a vivid portrait of this era of dramatic change combining broad survey with close analysis and introducing students to the critical debates taking place among historians today Encompassing all of Great Britain and Ireland over the whole of the Victorian period it gives prominence to social and cultural topics alongside politics and economics and emphasises class gender and racial and imperial positioning as constitutive of human relations This second edition is fully updated throughout containing a new chapter on leisure in the Victorian period the most recent historiographical research in Victorian Studies and enhanced coverage of imperialism and working class life Starting with the Queen Caroline Affair in 1820 and coming up to the start of World War I in 1914 Susie L Steinbach uses thematic chapters to discuss and evaluate topics such as politics imperialism the economy class gender the monarchy arts and entertainment religion sexuality religion and science There are also three chapters on space consumption and the law topics rarely covered at this introductory level With a clear introduction outlining the key themes of the period a detailed timeline and suggestions for further reading and relevant internet resources this is the ideal companion for all students of the nineteenth century
