From Great Wilderness to Seaway Towns Claire Puccia Parham, 2012-02-01 From Great Wilderness to Seaway Towns adds a new dimension to the debate over the perceived differences between American and Canadian society This fascinating case study examines two communities separated by the St Lawrence River Cornwall Ontario and Massena New York from the end of the Revolutionary War to the present Moving from the struggles of early settlers to industrialization and beyond Claire Puccia Parham chronicles how the residents of both areas created similar social political and economic institutions because of their peripheral locations in a capitalist world system and their inherent congregational and democratic values These distinctive views often brought them into conflict with national leaders **The Philosophy of Tim Burton** Jennifer L. McMahon, 2014-03-19 In 1952 just one year after Coach Adolph Rupp's University of Kentucky Wildcats won their third national championship in four years an unlikely high school basketball team from rural Graves County Kentucky stole the spotlight and the media's attention Inspired by young coach Jack Story and by the Harlem Globetrotters the Cuba Cubs grabbed headlines when they rose from relative obscurity to defeat the big city favorite and win the state championship A classic underdog tale The Graves County Boys chronicles how five boys from a tiny high school in southwestern Kentucky captured the hearts of basketball fans nationwide Marianne Walker weaves together details about the players their coach and their relationships in a page turning account of triumph over adversity This inspiring David and Goliath story takes the

reader on a journey from the team's heartbreaking defeat in the 1951 state championship to their triumphant victory over Louisville Manual the next year. More than just a basketball narrative, the book explores a period in American life when indoor plumbing and electricity were still luxuries in some areas of the country and when hardship was a way of life. With no funded school programs or bus system, the Cubs's success was a testament to the sacrifices of family and neighbors who believed in their team. Featuring new photographs, a foreword by University of Kentucky coach Joe B. Hall, and a new epilogue detailing where the players are now, *The Graves County Boys* is an unforgettable story of how a community pulled together to make a dream come true. *Federal Register*, 1942-12. *The Colfax Massacre* LeeAnna Keith, 2009. Drawing on a large body of documents, including eyewitness accounts and evidence from the site itself, Keith explores the racial tensions that led to the Colfax massacre, during which surrendering blacks were mercilessly slaughtered, and the reverberations of this message of terror sent throughout the South.
