Grandi Speranze:

Charles Dickens's Great Expectations Mary Hammond, 2016-03-03 *Great Expectations* has had a long active and sometimes surprising life since its first serialized appearance in *All the Year Round* between 1 December 1860 and 3 August 1861 In this new publishing and reception history Mary Hammond demonstrates that while Dickens's thirteenth novel can tell us a great deal about the dynamic mid Victorian moment into which it was born its afterlife beyond the nineteenth century Anglophone world reveals the full extent of its versatility Re assessing generations of Dickens scholarship and using newly discovered archival material Hammond covers the formative history of *Great Expectations* early years analyses the extent and significance of its global reach and explores the ways in which it has functioned as literature and stage TV film and radio drama from its first appearance to the latest film version of 2012 Appendices include contemporary reviews and comprehensive bibliographies of adaptations and translations The book is a rich resource for scholars and students of Dickens of comparative literature and of publishing readership and media history **Italian Extracts** Antonio Montucci, 1806 *The Mirage of America in Contemporary Italian Literature and Film* Barbara Alfano, 2013-07-15 *The Mirage of America in Contemporary Italian Literature and Film* explores the use of images associated with the United States in Italian novels and films released between the 1980s and the 2000s In this study Barbara Alfano looks at the ways in which the individuals portrayed in these works and the intellectuals who created them confront the cultural construct of the American myth As Alfano demonstrates this myth is an integral part of Italians discourse to define themselves culturally in essence Italian intellectuals talk about America often for the purpose of talking about Italy The book draws attention to the importance of Italian literature and film as explorations of an individual's ethics and to how these productions allow for functioning across cultures It thus differentiates itself from other studies on the subject that aim at establishing the relevance and influence of American culture on Italian twentieth century artistic representations **Italy 1943-1948: From catastrophe to reconstruction** Massimo L. Salvadori, 2015-03-04T00:00:00+01:00 The topic of this second edition of the Gaetano Salvemini Colloquium is one of the most complex in Italian history In just a few years between July 1943 and April 1948 a rapid succession of events took place that are critical to understand the history of post fascist Italy along with the political and institutional process that led to the approval of the Constitution and the birth of the Republic *Le Stagioni di Giacomo Thomson* Giacomo Thomson, 1826 **Sulle tracce di George Orwell in Birmania** Emma Larkin, 2018-05-09 In Birmania gira una battuta popolare secondo cui Orwell non scrisse soltanto un romanzo sul Paese Giorni birmani ma un'intera trilogia completata da *La fattoria degli animali* e *1984* La connessione della Birmania oggi chiamata Myanmar con George Orwell non metaforica ma profonda e reale sua madre era nata in Birmania al culmine del raj britannico e la nonna viveva ancora l quando lui decise di arruolarsi Alla scomparsa di Orwell il romanzo in stesura trovato sulla sua scrivania era ambientato in Birmania In un intrepido diario di viaggio dal taglio politico e biografico Emma Larkin guida il lettore alla

scoperta dei luoghi dove Orwell ha vissuto e lavorato come agente della Polizia imperiale britannica vivendo esperienze che condizionarono profondamente la sua visione del mondo Attraversando Mandalay e Yangon le isolate aree meridionali del Delta dell Irrawaddy e le montagne del nord dove gli inglesi andavano in villeggiatura per sfuggire al caldo delle pianure l'autrice ritrae una Birmania appassionante e struggente Prima colonizzata e in seguito governata da una giunta militare isolazionista e brutale la nazione ha visto la propria storia e identità cancellate a più riprese da metodi di governo orwelliani che hanno soppresso libertà d'espressione e pensiero Ispirata dalla chiarezza morale e dal rifiuto dell'ingiustizia di Orwell l'autrice incontra persone che hanno trovato un modo di resistere agli effetti annientatori di uno dei più crudeli Stati di polizia restituendo loro dignità Questo libro una chiave per riscoprire Orwell appassionarsi alla Birmania e trovare gli strumenti per capire il travagliato e contraddittorio processo di democratizzazione in corso

la carezza del falco eliana della torre, 2013-06-24 I giovani William e Ghedeon giungono a Darforth con la prospettiva di un radioso futuro Le imminenti nozze di Lady Aleen li conducono al castello dove le loro vite verranno travolte dalla misteriosa uccisione del Duca Ghilberth di Darforth viene rinvenuto privo di vita orrendamente squartato nelle sue stanze La vita di William sconvolta quando i sospetti dello sceriffo Duncan Fairy cadono sulla sua giovane innamorata Mary Green che il ragazzo scopre essere Nulla più come prima e l'ombra del Falco si aggira su Darforth in cerca di vendetta La vicenda ambientata in epoca medievale nell'anno del Signore 1359 Amore vendetta e amicizia si alternano in un susseguirsi di colpi di scena dove la ricerca della verità si scontra con la superstizione e le credenze delle società di quel tempo Un giallo storico che coinvolgerà i lettori fino alla fine dove inaspettata verrà svelata l'identità del misterioso assassino

1862 193 [Robert Michels, Political Sociology and the Future of Democracy](#) Juan Linz, 2017-07-05 These essays by the brilliant historian of political science Juan Linz comprise a remarkable intellectual review of the life and work of Robert Michels his major book Political Parties and the dimensions of democracy as a functioning system Linz elucidates the importance of Michels in a way that offers more than a mechanical view of political parties as some sort of precisely ordered system of authority and influence Instead Michels offers a view of politics that is bottom up and untidy what he calls a reciprocal deference structure Michels is not simply the father of the iron law of oligarchy but the idea of politics as a less than orderly network of responsiveness responsibility and accountability Linz demonstrates with magisterial power why Michels must be ranked as a foremost thinker in classical political sociology The remaining three segments of the volume cover areas with which Linz has also long been identified Each in its own way illumines aspects of Michels as well Time and Regime Change articulates differences between change within a regime and change of a regime sometimes hard to identify because of the elongated time frames involved The next essay explains why Spain is neither a traditional society nor a successful modern nation The reliance upon central authority displaced the hoped for evolution of a society based on representative democratic institutions The final section Freedom and Autonomy of Intellectuals and Artists is a topic that

gripped Michels and Linz alike Freedom as a goal of the intelligentsia has been frustrated by those who provide ideological justification for repression of ideas and actions in the name of higher values This segment provides a bridge between Michels and Weber not to mention both of these major figures with Linz himself The role of state power in mediating intellectual freedom is the leitmotif that blankets the twentieth century The work is graced by a full length bibliography o **Del Rinnovamento Civile D'Italia** Vincenzo Gioberti,1911 Wordplay and Translation Dirk Delabastita,2016-04-29 Popular and multimodal forms of cultural products are becoming increasingly visible within translation studies research Interest in translation and music however has so far been relatively limited mainly because translation of musical material has been considered somewhat outside the limits of translation studies as traditionally conceived Difficulties associated with issues such as the musicality of lyrics the fuzzy boundaries between translation adaptation and rewriting and the pervasiveness of covert or unacknowledged translations of musical elements in a variety of settings have generally limited the research in this area to overt and canonized translations such as those done for the opera Yet the intersection of translation and music can be a fascinating field to explore and one which can enrich our understanding of what translation is and how it relates to other forms of expression This special issue is an attempt to open up the field of translation and music to a wider audience within translation studies and to an extent within musicology and cultural studies The volume includes contributions from a wide range of musical genres and languages from those that investigate translation and code switching in North African rap and rai and the intertextual and intersemiotic translations revolving around Mahler s lieder in Chinese to the appropriation and after life of Kurdish folk songs in Turkish and the emergence of rock n roll in Russian Other papers examine the reception of Anglo American stage musicals and musical films in Italy and Spain the concept of singability with examples from Scandinavian languages and the French dubbing of musical episodes of TV series The volume also offers an annotated bibliography on opera translation and a general bibliography on translation and music *Le stagioni* James Thomson,1826

Humour in Audiovisual Translation Margherita Dore,2019-12-06 This book offers a comprehensive account of the audiovisual translation AVT of humour bringing together insights from translation studies and humour studies to outline the key theories underpinning this growing area of study and their applications to case studies from television and film The volume outlines the ways in which the myriad linguistic manifestations and functions of humour make it difficult for scholars to provide a unified definition for it an issue made more complex in the transfer of humour to audiovisual works and their translations as well as their ongoing changes in technology Dore brings together relevant theories from both translation studies and humour studies toward advancing research in both disciplines Each chapter explores a key dimension of humour as it unfolds in AVT offering brief theoretical discussions of wordplay culture specific references and captioning in AVT as applied to case studies from Modern Family A dedicated chapter to audio description which allows the visually impaired or blind to assess a film s non verbal content using examples from the 2017 film the Big Sick outlines existing research to date
