To quote Matty: "Great scientists cause accidents. Smoke detectors were made by accident. My robots look like accidents, which proves that I am a great scientist." Matty Bratty Robots is a funny, clever tale of a boy who flunked third grade but is confident enough to think that he can be a scientist. After all, Albert Einstein is his pen pal, although Albert never writes back to Matty. His stuffed dinosaur DINO sounds just like Matty because Dino wears false teeth that Matty made from his baby teeth. The Pobblebonk Earth Detective Club Sue Baker, 2016-01-07 Educational children's book on Australian animals. A fresh approach combining fact and the hilarious adventures of The Pobblebonk Earth Detective Club. Designed to show learning is fun. Aimed at 10-14 year olds, it encourages children to investigate questions, carry out imaginative earth detective activities that can also be used by teachers and develop a life-long interest in learning. Quizzes with country flag maps are designed to develop knowledge of the world and its place geography. The book tells the story of the three somewhat off-beat Mathieson children who, forced to move to their granny's farm, fight off their loneliness and boredom by becoming amateur detectives, launching into a series of bizarre adventures in the process. Their cases take them deep into the world of animal tracks and scats and native Australian animals including marsupials, frogs, crocodiles, rats, and mice, a range of lesser-known animals, and the unique character of Australia itself. The book provides references to high-quality, useful websites for children to carry out further research. Literacy is stressed through a variety of methods, with all technical terms highlighted and clearly explained.

Fisticuff of the Souls Matilda Pinto, 2017-09-29 FISTICUFF OF THE SOULS is a fictional novel based on the premise that man dies but not his soul, no matter what his transgressions in life amount to. Salvation is the entitlement of the soul. But there is a catch: The soul must earn its amnesty by acknowledging its peccadillos of its volition with no coercion from angels or allies. It could take eons for some of the souls to swallow pride, to flash a smile, to concede wrongdoing, and to opt for salvation above self. The two women with chutzpa, Teru and Awra, show the lesser mortals how the former does it, and the latter is likely to attempt it.

Stork Mountain Miroslav Penkov, 2016-03-15 Culture, religion, and ideology collide in the mountains of Bulgaria. In this big-hearted debut novel, *Stork Mountain* tells the story of a young Bulgarian immigrant who, in an attempt to escape his mediocre life in America, returns to the country of his birth. Retracing the steps of his estranged grandfather, a man who suddenly and inexplicably cut all contact with the family three years prior, the boy finds himself on the border of Bulgaria and Turkey, a stone's throw away from Greece, high up in the Strandja Mountains. It is a place of pagan mysteries and black storks nesting in giant oaks, a place where every spring, possessed by Christian saints, men and women dance barefoot across live coals in search of rebirth. Here, in the mountains, the boy reunites with his grandfather. Here, in the mountain, he falls in love with an unobtainable Muslim girl. Old ghosts come back to life, and forgotten conflicts, in the name of faith and doctrine, blaze anew. *Stork Mountain* is an enormously charming, slyly brilliant debut novel from an internationally celebrated writer. It is a novel that will undoubtedly find a home in many readers' hearts.
