Sihra, 2007-03-14 Featuring original essays by leading scholars in the field this book explores the immense legacy of women playwrights in Irish theatre since the beginning of the Twentieth century Chapters consider the intersecting contexts of gender sexuality and the body in order to investigate the broader cultural political and historical implications of representing woman on the stage In addition a number of essays engage with representations of women by a selection of male playwrights in order to re evaluate familiar contexts and traditions in Irish drama Features a Foreword by Marina Carr and a useful appendix of Irish women playwrights and their works **Grania Morgan**

Llywelyn, 2007-02-20 Here is an extraordinary novel about real life Irish chieftain Grace O Malley From Morgan Llywelyn bestselling author of *Lion of Ireland* and the *Irish Century* novels comes the story of a magnificent sixteenth century heroine whose spirit and passion are the spirit and passion of Ireland itself Grania Gaelic for Grace is no ordinary female And she lives in extraordinary times For even as Grania rises as her clan s unofficial head and breadwinner and learns to love a man she enters a lifelong struggle against the English forces of Queen Elizabeth her nemesis and alter ego Elizabeth intends to destroy Grania s piracy and shipping empire and so subjugate Ireland once and for all But Grania aided by Tigernan her faithful and secretly adoring lieutenant has no choice but to fight back The story of her life is the story of Ireland s fight for solidarity and survival but it s also the story of Grania s growing ability to love and be strong at the same time Morgan Llywelyn has written a rich historically accurate and passionate novel of divided Ireland and of one brave woman who is Ireland herself At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied

**Irish Women Playwrights, 1900-1939** Cathy Leeney, 2010 Irish Women Playwrights 1900 1939 is the first book to examine the plays of five fascinating and creative women placing their work for theatre in co relation to suggest a parallel tradition that reframes the development of Irish theatre into the present day How these playwrights dramatize violence and its impacts in political social and personal life is a central concern of this book Augusta Gregory Eva Gore Booth Dorothy Macardle Mary Manning and Teresa Deevy re model theatrical form re structuring action and narrative and exploring closure as a way of disrupting audience expectation Their plays create stage spaces and images that expose relationships of power and authority and invite the audience to see the performance not as illusion but as framed by the conventions and limits of theatrical representation Irish Women Playwrights 1900 1939 is suitable for courses in Irish theatre women in theatre gender and performance dramaturgy and Irish drama in the twentieth century as well as for those interested in women s work in theatre and in Irish theatre in the twentieth century *Women and Embodied Mythmaking in Irish Theatre* Shonagh Hill, 2019-08-29 The rich legacy of women s contributions to Irish theatre is traditionally viewed through a male dominated literary canon and mythmaking thus arguably silencing their work In this timely book Shonagh Hill proposes a feminist genealogy which brings new perspectives to women s mythmaking across the twentieth and twenty first centuries The

performances considered include the tableaux vivants performed by the Inghinidhe na h ireann Daughters of Ireland plays written by Alice Milligan Maud Gonne Lady Augusta Gregory Eva Gore Booth Mary Devenport O'Neill Mary Elizabeth Burke Kennedy Paula Meehan Edna O'Brien and Marina Carr as well as plays translated adapted and performed by Olwen Fou're. The theatrical work discussed resists the occlusion of women's cultural engagement that results from confinement to idealised myths of femininity. This is realised through embodied mythmaking a process which exposes how bodies bear the consequences of these myths while refusing to accept the female body as passive bearer of inscription through the assertion of a creative female corporeality. *Ancient Elder Gods and Irish Myths* A.J. Carmichael, 2024-05-13 Celtic mythology is a rich and intricate diverse world a captivating realm where deities and humans interact amidst mystical environments and celestial conflicts. Rooted predominantly in the ancient cultures of Ireland and Wales this mythology serves as a compendium of stories a cultural and spiritual mirror reflecting the Celtic people's values traditions and laws. By delving into the extensive range of Celtic myths particularly the mythological Ulster and Fenian cycles in Ireland and the Mabinogion in Wales we can uncover the profound influence these myths have had on European literary and cultural development. The primary method of transmitting these stories was oral posing a significant challenge to studying Celtic myths. The religious perspectives of the scribes particularly Christian monks have left a significant imprint on these texts but they remain crucial for our understanding. Irish literature draws from significant sources such as The Book of Invasions and The Book of Leinster while Welsh literature relies on an important source known as Mabinogion. Roman historians provide additional external narratives that contribute to understanding the Celts in a wider context of ancient European history. Unravelling these sources requires a nuanced approach to differentiate the authentic pagan elements from the Christian additions. The Celtic pantheon features diverse deities who govern various aspects of existence and the natural realm. In Irish mythology the Dagda embodies paternal dominion and jurisdiction over the cycles of life and death whereas Morrigan signifies the supremacy and inevitability of warfare. According to Welsh mythology Arawn is the sovereign of the Otherworld and Bran the Blessed is a colossal king with deep ties to the land and its well-being. The Celts' gods frequently engage with humans often directly intervening in their destinies highlighting the Celts' perception of the cosmos as a profoundly interconnected domain. The Mythological Cycle in Ireland narrates the tales of ancient deities and their conflicts including the Tuatha Dé Danann celestial beings who eventually assimilate into Irish civilisation as the forefathers of the contemporary Irish people after being conquered by the Milesians. The purpose of this cycle is twofold to document Ireland's legendary history and to assert a divine entitlement to the land and its governance. *Irish Plays and Playwrights* Cornelius Weygandt, 2022-09-16 DigiCat Publishing presents to you this special edition of Irish Plays and Playwrights by Cornelius Weygandt.
