The Architect and His Wife Jane Ridley, 2002 This is a full biography of a witty complex personality a man who had little formal education who loved jokes and hated growing up It is also a portrait of an extraordinary marriage His wife Emily fell in love with Krishnamurti 21 years her junior and believed to be the reincarnation of a god and she thereafter spent her time and her husband's money promoting Theosophy a Hindu inspired cult Lutyens's failure to find a common language with Emily possibly drove him to achieve the remarkable communication through the language of architecture which characterises his best work BOOK JACKET **Gothic Novels of the Twentieth Century** Elsa J. Radcliffe, 1979 Easy to use competently indexed and fun to explore this bibliography is an irresistible antidote for all forms of gothic snobbery Recommended for gothophiliacs gothophobiacs and readers with idle nights and empty weekends *In the Company of Stone* Dan Snow, 2001-01-01 Finding stone choosing it and letting go of it are the three things a waller does I'd miss any one of them too much if I asked someone else to do them for me I may work by myself but I'm not alone I'm in the company of stone Daniel Snow is a waller an artisan who builds walls terraces caverns and the occasional sphere or pool out of dry stone It's an ancient skill building with only what the earth provides No mortar no nails nothing to hold his creations together except gravity an invisible glue he can sense in the stones conversations of squeaks and rumbles A hollow sound means a

void needs to be filled a solid fit is secured with the sound of a bolt being thrown Snow s evocative prose and Peter Mauss s richly textured photographs of Snow s work reveal the nuance and beauty of walling and of one man s relationship with nature The result is by turns poetic and practical Stone ,1894 **Imperial Maritime Customs** China.
