Comprehensive Reform for Student Success Nan L. Maxwell, Ann E. Person, 2017-01-19 Community colleges face pressure to do more with less that have prompted many college leaders to consider fundamental changes to the ways they have typically done business Because piecemeal solutions have not often been effective or efficient colleges are moving far beyond discreet programs or interventions and are attempting to implement comprehensive reform efforts This volume conceptualizes comprehensive reform as being marked by a focus on student success a theory of change that ties programmatic components together in an intentional and cohesive package implemented at multiple levels throughout the college and touching the majority of students and a culture of evidence that uses data to continuously assess programs and processes against student success Presenting original analyses that describe the rationale for comprehensive reform this volume examines the challenges involved in implementing evaluating and sustaining those efforts This is the 176th volume of this Jossey Bass quarterly report series Essential to the professional libraries of presidents vice presidents deans and other leaders in today's open door institutions New Directions for Community Colleges provides expert guidance in meeting the challenges of their distinctive and expanding educational mission

Place-Based Spaces for Networked Learning Lucila

Carvalho, Peter Goodyear, Maarten de Laat, 2016-07-01 With the boundaries of place softened and extended by digital communications technologies learning in a networked society necessitates new distributions of activity across time space media and people and this development is no longer exclusive to formally designated spaces such as school classrooms lecture halls or research laboratories *Place based Spaces for Networked Learning* explores how qualities of physical places make both formal and informal education in a networked society possible Through a series of investigations and case studies it illuminates the structural composition and functioning of complex learning environments This book offers a wealth of key design elements and attributes for productive learning that educational designers can reuse in multiple contexts The chapters examine how places are modified expanded or supplemented by networking technologies and practices in order to create spaces in which learners can collaboratively develop new understandings connections and capabilities Utilizing a range of diverse but complementary perspectives from anthropology archaeology architecture geography psychology sociology and urban studies *Place based Spaces for Networked Learning* addresses how material places and digital spaces are understood how sense can be made of new assemblages and configurations of tasks tools and people how the real time analysis of new flows of data can inform and entertain users of a space and how access to the digital realm changes our experiences with both places and other people New Progress to First Certificate Teacher's Book Leo Jones, 1996-11-07 This new colour edition has been updated to conform to the revised FCE specifications The Routledge Handbook of Corpora and English Language Teaching and Learning Reka R. Jablonkai, Eniko Csomay, 2022-07-29 The Routledge Handbook of Corpora and English Language Teaching and Learning provides a wide ranging and authoritative overview of the latest developments and innovations in how corpus approaches corpus technologies and corpus data can inform and transform English language teaching and learning Featuring a broad range of international experts the Handbook presents state of the art scholarship and inspires new avenues for research focusing on six key areas English language teaching and learning informed by language corpora corpora in syllabus and materials design corpora and English for specific and academic purposes learner corpora for English language teaching data driven learning and corpora and corpus tools for language teaching Unique to this pioneering volume the authors cover key areas at the cross roads of corpus research and English language teaching by drawing on cutting edge corpus applications methods and pedagogical approaches hence bridging the research practice gap in the field This Handbook is a collection of novel contributions offering essential reading for those researching and studying English language teaching and learning through the application of corpus approaches
