Dazz & All That Jazz Sabine Simon,2017-03-02 My friendly warning to the fortunate readers of Dazz you are about to read a fascinating and historical book of poetry by Sabine Simon also known as Dazz Dazz will show you how a young woman from the island of Haiti can turn into a charismatic poet and share with you her true love experiences in America where she started her writing journey in 1996 Like a lot of poets writing becomes a therapy after losing a loved one and after a painful break up with someone you love When you try very hard to escape the pain what can you do You write about it In this poem Escaping Pain the author talks about her wrist her knife her blood and her life It is very unfortunate when you aimed for the best and you end up facing the worst relationship of your life Would I Be Wrong is another title of one of the poems in this book that will give you hope when you are down This poem will place you in a church praising God regardless if you were willing to do so or not Would I be wrong to want to be on the mountaintop How wrong can I be when I walk with the one who possesses eternity I Am Sorry is another title that shows the inner conscience of the poetess that she is human she has a big heart and she is willing to forgive But the pains will never be forgotten because of the scars that keep on reminding you of the sorrowful moments in your life This kaleidoscopic summary of countless events that you are about to read from Dazzs poetry is breathtaking and is indeed textually significant vis vis anyone who has been in good bad relationship Dazzs poetry was written with an innate passion and unconditional love This book was written in raw accuracy of what you the reader could have been or are dealing with in your relationships as we speak

Education, Colonial Sickness Njoki Nathani Wane,2024-03-18 In the last two decades we have witnessed the quest for decolonization through research writing teaching and curriculum across the globe Calls to decolonize higher education have been overwhelming in recent year However the goal of decolonizing has evolved past not only the need to dismantle colonial

empires but all imperial structures Today decolonization is deemed a basis for restorative justice under the lens of the psychological economic and cultural spectrum In this book the editor and her authors confront various dimensions of decolonizing work structural epistemic personal and relational which are entangled and equally necessary This book illuminates other sites and dimensions of decolonizing not only from Africa but also other areas This convergence of critical scholarship theoretical inquiry and empirical research is committed to questioning and redressing inequality in contemporary history and other African studies It signals one of many steps in a bid to consultatively examine how knowledge and power have been both defined and subsequently denied through the sphere of academic practice

Human in Person Dr. N Prabhu Dev, 2016-05-12 Life is a dream for the wise a game for the fool and a comedy for the rich and a tragedy for the poor I have made an attempt to portrait life as you and I live and believe This is purely my perception I may be right or I may even be wrong You may agree or agree to disagree I believe that Life is a collection of experiences ideas education and events The Game of Life is not a game of chess in the conventional sense There are no players and no winning or losing Once the pieces are placed in position the rules determine everything that happens later Nevertheless Life is full of surprises In most cases it is impossible to look at a starting position or pattern and see what will happen in the future The only way to find out is to follow the rules of life Life is just one example of a cellular automaton In Life as in nature we observe many fascinating phenomena Nature however is complicated and we aren't sure of all the rules I believe in Study everything join nothing I am puzzled by civil war How can a war be civil
