The Staff of Ira Carl Sheffield, 2017-02-06 A time long ago on the planet of Boldly, a race was on the verge of extinction with little hope left to find a way to stop it. The leader and his scientist tried taking DNA from other species on the planet to create a new life form. A new life they did create, yet it was not acceptable. The scientist told the leader, "A female we must have." This statement brought many questions as to how or where. The only females on the planet were infertile. As they sat and pondered as to how they would come about such females, an idea occurred. Let's build a ship, said the scientist, to carry us to other worlds in search of a female.

And tells how this journalist got his riveting stories. Few writers know baseball and people like Reeves who has produced an intimate and entertaining recollection far removed from other grinding sports franchise histories. The Texas Rangers he portrays are humorous, heroic, and quite often heartbreakers. It's all here, from front office wheeling and dealing to zany clubhouse and press box moments, serious superstars to whimsical wannabes. In a word, Delightful.
