Jfkthe Cuba Files:

JFK Fabián Escalante Font, 2006 First ever publication of the declassified Cuban report into the Kennedy assassination instigated at the request of the US government Fabian Escalante director of Cuba's investigation describes how Cuban units infiltrating anti Castro groups in Miami inadvertently uncovered a conspiracy against President Kennedy among those who had felt betrayed by the Bay of Pigs Cuban exiles the Mafia and the CIA

THE JFK FILES Peter Kross, 2019-02-12 In October 2017 2 800 files about the 1963 murder were made public for the first time bringing to the fore revelations that an alleged Cuban intelligence officer met Lee Harvey Oswald in Mexico City and praised his shooting ability and that the Soviet spy agency KGB believed then Vice President Lyndon Johnson may have conspired to assassinate Kennedy On April 26 2018 the U S Government released 19 000 newly declassified government documents on the Kennedy assassination It is said that investigators learned little except that the government's ideas about what needs to be secret and what doesn't are cryptic and unpredictable Some stuff in the documents that had been open for years is now classified again and some stuff that had been classified and is now open is so innocuous that nobody can figure out what the point was In some cases the documents had re redacted material that had already been declassified in previous versions Often that seemed to reflect Trump administration sensitivities to the feelings of foreign governments A 1975 CIA report on the surveillance of shooter Lee Harvey Oswald during his visit to the Soviet embassy in Mexico City just a few weeks before Kennedy's death was released years ago identifying a particular photo as coming from a Mexican police surveillance camera In the same document re released April 26 the words Mexican police had been covered over Why are these documents even more redacted than previously known versions of the same document What astonishing information was released by the documents if any Why aren't all of the documents released in their entirety without any information redacted Are the intelligence agencies afraid they will look incompetent and unable to protect the President Or do they further confirm that Vice President Lyndon Johnson was involved in the assassination as earlier documents suggested

Indictment J. J. Magee, 2013-11-05 On November 22 1963 the 35th President of the United States was gunned down on the streets of a modern American city In the fifty years since that crime was committed in Dallas hundreds of books reports and articles have been written about this tragic event in American history Collectively these works examine every aspect of the assassination from the errors and cover up of the Warren Commission to discrepancies in and manipulation of the evidence They look at the number of assassins their firing position the number and timing of the shots and the numerous other details of the murder This book does not revisit any of these topics This book uses that information to assert why the shooters were there

Cuba Andres J. Solares, 2010 This book analyses the current situation existing in Cuba and describes in detail the real disaster caused in every aspect of Cuban life by the so called revolution of Fidel Castro including how it has affected the different components of Cuban society The author gives detailed summary of the main indicators of the Cuban economy and society before 1959 when Fidel Castro

took power indicating how they compared favorably at that time with other countries of the world including many which are considered part of the developed world in our days The book demystifies numerous aspects of Castro s propaganda that his followers have considered as great achievements of his government and puts them in perspective in regard to what Cuba could have had nowadays if it had been ruled by democratically elected governments The book profusely documents the system of corruption and privilege established in the island and analyses the obscure role of Castro in a number of important events related to the United States including references to his links with drug traffic money laundry and the promotion of terrorism activities among other criminal activities One of the aspects the book describes in more detail is the lack of political freedom and the repression of independent thinking and free expression existing in the island which is part of the overall control on everybody s life established by Castro which is implemented by a gigantic machinery of terror and surveillance The book describes the role of Cuban military and intelligence in numerous important events of world politics during the past five decades including their role in Africa Latin America and other regions of the world and it includes some questioning about the possible role of Castro in the assassination of President John F Kennedy It considers Castro s interpretation of foreign policy and the way he has disregarded all norms of international behavior The book also discusses the case of the enormous debt accumulated by Castro s government and how many of these resources have been deviated to well camouflaged foreign accounts and investments by Castro and some of the top people around him One of the interesting things about this book is the analysis it makes about the situation of youth women and blacks within the present Cuban society and the detailed description about how the people in general live and how this has evolved under Castro s tyranny It also includes an analysis of the exiled Cuban community Andres Solares discusses the real facts behind Castro s long tenure of power and shows the contradictions between what he and his supporters say and the crude reality of what happens in Cuba His book also enters in details about the degrees of decomposition existing at all levels of the political establishment of this obsolete communist regime The book describes the enormous damage caused by Castro s policies to the environment of the island and the state of destruction of all the main networks of services as well as the stagnant conditions of the economy It includes the author s views on the different possible scenarios for Cuban political future once Castro and his brother one way or another are no longer able to control Cuba This book is a strong denounce of the longest dictatorship that has existed in America and it serves as an eye opener for all those who ignore the crude reality of what happens in that beautiful country It is also a moral message of hope for a better future for the Cuban people Mr Solares has used his professional and personal experience together with his direct knowledge of the Cuban society and economy to give us a very interesting account of the situation in his country which will serve those who read it to comprehend better what we can expect there The Spectacle of the False-Flag Eric Michael Wilson,2015-03 Eric Wilson s work poses crucial challenges to social theory unsettling our understanding of the nature of the liberal democratic state In The Spectacle of the False Flag he urges the reader to examine

the often unconsidered deep state practices that confound conventional notions of the state as monolithic or uniform This compelling volume traces deep state conflicts and convergences through central cases in the development of American political economic power JFK Dallas LBJ Gulf of Tonkin and Nixon Watergate Rigorously documented and unflinchingly analyzed The Spectacle of the False Flag provides a stunning example of a new criminological practice one that takes the state seriously making the inner workings of the state rather than its effects the primary object of study Drawing upon a wealth of historical records and developing the theoretical insights of Guy Debord s writings on spectacular society Wilson offers a glimpse into a necessary criminology to come

JFK: The French Connection Peter Kross, 2012-07-24 Ten months after the assassination of John F Kennedy the Warren Commission reported that Lee Harvey Oswald alone killed the president on November 22 1963 in Dallas Texas Oswald had no confederates nor did any foreign power aid him in his deadly deed Case closed However what most Americans do not know is that one day after the assassination the FBI deported a known French assassin a member of the militant anti Charles de Gaulle organization called the OAS Jean Souetre was sent to either Mexico or Canada He was involved in anti de Gaulle terrorist activities in Europe and even tried to recruit the CIA in his efforts to oust the French President During his career he used at least 11 identities including those of two real people Why was a known French assassin in Dallas on the exact day that the president of the United States was killed and what role if any did he play in the monstrous deed This book delves into three major areas of study 1 the investigation of Jean Souetre and the two other men whose identities he used 2 the investigation of the identities of two European assassins QJ WIN and WI ROUGE and their use in the CIA s assassination unit called ZR RIFLE Executive Action and 3 the role of the CIA in the drug trade after World War II Chapters include The First Assassin The Mafia and Uncle Sam The Heroin Trail MKULTRA QJ WIN and Patrice Lumumba The US Senate Select Committee on Intelligence Assassination Reports The CIA and Lumumba Who Was Souetre Who Was Mertz The Steve Rivele Investigation The Guns of Dallas more *The Hidden History of the JFK Assassination* Lamar Waldron, 2013-10-21 INSIDE THE CRIME OF THE CENTURY This fascinating history draws on never before published information to reveal the Mafia conspiracy that led to the assassination of John F Kennedy Answering the questions that have haunted Americans for decades Why and how was JFK murdered The Hidden History of JFK s Assassination draws on exclusive interviews with more than two dozen associates of John and Robert Kennedy in addition to former FBI Secret Service military intelligence and Congressional personnel who provided critical first hand information The book also uses government files including the detailed FBI confession of notorious Mafia godfather Carlos Marcello to simply and clearly reveal who killed JFK Using information never published before the book uses Marcello s own words to his closest associates to describe the plot His confession is also backed up by a wealth of independent documentation This book builds on the work of the last Congressional committee to investigate JFK s murder which concluded that JFK was probably assassinated as a result of a conspiracy and that godfathers Santo Trafficante and Carlos Marcello had the motive means and

opportunity to assassinate President Kennedy However it also draws on exclusive files and information not available to Congress that have only emerged in recent years to fully explain for the first time how Marcello and Trafficante committed and got away with the crime of the 20th century **Ultimate Sacrifice** Lamar Waldron,Thom Hartmann,2008-10-10 A landmark in historical research tying the Mafia and Cuba to the assassination of JFK updated to reveal the role of Cuban Commander Juan Almeida Recent revelations by the U S government point to Cuba s former number three official Commander Juan Almeida as secretly working with President John F Kennedy in November 1963 to overthrow Fidel Castro This updated edition of Ultimate Sacrifice tells the full story for the first time complete with new photos and documents The authors obtained the story from almost two dozen associates of John and Robert Kennedy starting in 1990 with JFK s Secretary of State Dean Rusk Their accounts are supported by thousands of newly released files at the National Archives A palace coup set for December 1 1963 was to be backed up by U S forces invited in by Commander Almeida then Chief of the Cuban Army However three Mafia bosses being targeted by Attorney General Robert F Kennedy used several CIA assets to infiltrate the secret plot and murder JFK The new edition explains why Almeida was not a double agent why Fidel suspected Almeida s ally Che Guevara and what Fidel did in 1990 when he finally found out about Almeida s work for JFK How well do the authors make their case With a relentless accumulation of detail a very thorough knowledge of every political and forensic detail and the broad perspective of historians rather than assassination theorists Publishers Weekly starred review At last the mysteries surrounding JFK s death are fully explained by the startling revelations in this book William W Turner former FBI agent and author of Deadly Secrets **They Killed Our President** Jesse Ventura,2013-10-01 Unless you ve been living under a rock for the past fifty years you re aware of the many hypotheses that the assassination of President John F Kennedy was not done by one man Whether you ve read one or a dozen of the books on this topic there s no way to fully grasp the depth of this conspiracy For the first time ever New York Times bestselling authors Jesse Ventura and Dick Russell have teamed up with some of the most respected and influential assassination researchers to put together the ultimate compendium that covers every angle from the plot to the murder of JFK They Killed Our President will not only discuss the most famous of theories but will also bring to light new and recently discovered information which together shows that the United States government not only was behind this egregious plot but took every step to make sure that the truth would not come out With 2013 marking the fiftieth anniversary of JFK s assassination this is the perfect time for They Killed Our President to be available to readers The research and information in this book are unprecedented and there s nobody better to bring this to everyone s attention than the former governor of Minnesota and US Navy SEAL Jesse Ventura **Operation Pedro Pan and the Exodus of Cuba's Children** Deborah Shnookal,2022-06-28 This in depth examination of one of the most controversial episodes in U S Cuba relations sheds new light on the program that airlifted 14 000 unaccompanied children to the United States in the wake of the Cuban Revolution Operation Pedro Pan is often remembered within the U S

as an urgent rescue mission but Deborah Shnookal points out that a multitude of complex factors drove the exodus including Cold War propaganda and the Catholic Church's opposition to the island's new government Shnookal illustrates how and why Cold War scare tactics were so effective in setting the airlift in motion focusing on their context the rapid and profound social changes unleashed by the 1959 Revolution including the mobilization of 100 000 Cuban teenagers in the 1961 national literacy campaign Other reforms made by the revolutionary government affected women education religious schools and relations within the family and between the races Shnookal exposes how in its effort to undermine support for the revolution the U S government manipulated the aspirations and insecurities of more affluent Cubans She traces the parallel stories of the young Pedro Pans separated from their families in some cases indefinitely in what is often regarded in Cuba as a mass kidnapping and the children who stayed and joined the literacy brigades These divergent journeys reveal many underlying issues in the historically fraught relationship between the U S and Cuba and much about the profound social revolution that took place on the island after 1959 Publication of the paperback edition made possible by a Sustaining the Humanities

through the American Rescue Plan grant from the National Endowment for the Humanities **Reclaiming History: The Assassination of President John F. Kennedy** Vincent Bugliosi, 2007 Bugliosi brilliant prosecutor and bestselling author is perhaps the only man in America capable of prosecuting Lee Harvey Oswald for the murder of John F Kennedy His book is a narrative compendium of fact ballistic evidence and above all common sense **Burying the Lead** Mal Jay

Hyman, 2019-03-01 The Cold War ushered in a time of secrecy and willing media cooperation to keep those secrets But even after winning that war the vault of secrets remains firmly locked especially surrounding John F Kennedy's murder Even for those who fundamentally oppose the current presidential administration notions of a national security state and fake news must be examined to maintain a functional democracy This book explains the rapid decline in confidence in government that started after the assassination of JFK The mainstream media failed to go beyond repeating the official story and by 1991 they along with academe and the government had stopped investigating altogether It was filmmaker Oliver Stone whose film fueled public outrage and led to the JFK Act to declassify all of the remaining documents Almost four million pages of documents were then released that even Congress had not yet seen The JFK Act stated that all files must be released by October 2017 yet thousands are still withheld on the grounds of national security This volume examines the tight alliances that have allowed this cover up for more than 50 years President Kennedy declared in October 1963 that men who create power make an indispensable contribution to a nation's greatness but the men who question power make a contribution just as indispensable especially when they are disinterested for they determine whether we use power or power uses us **1963**

Robert P. Fitton, 2014-06-09 Patch Kincaid's time travel to 1961 resulted in President Kennedy's assassination The sequel to 1961 begins with Patch in Dealey Plaza selling CDs and DVDs of President Kennedy's life He is kidnapped and his mind altered as he is thrust through a new time portal back to 1963 Patch enters the life of Lee Harvey Oswald Oswald's activities

as well as the events leading up to the Kennedy Assassination are footnoted in this unusual time travel novel Patch's memory slowly returns and snaps into place on the morning of the Kennedy Assassination November 22 1963 Along with his friend Shari Patch must try to stop the killing of the thirty fifth president Mary's Mosaic Peter Janney,2013-10-01 Who really murdered Mary Pinchot Meyer in the fall of 1964 Why was there a mad rush by CIA counterintelligence chief James Angleton to immediately locate and confiscate her diary What in that diary was so explosive and revealing Had Mary Meyer finally put together the intricate pieces of a bewildering conspiratorial mosaic of information that revealed a plan to assassinate her lover President Kennedy with the trail ultimately ending at the doorstep of the Central Intelligence Agency And was it mere coincidence that Mary Meyer was killed less than three weeks after the release of the Warren Commission Report Based on years of painstaking research and interviews much of it revealed here for the first time author Peter Janney traces some of the most important events and influences in the life of Mary Pinchot Meyer including her first meeting with Jack Kennedy at the Choate School during the winter of 1936 her explorations with psychedelic drugs and finally how she supported her secret lover the president of the United States as he turned away from the Cold War toward the pursuit of world peace As we approach the fiftieth anniversary of President Kennedy's assassination and Mary Meyer's Mary's Mosaic adds to our understanding of why both took place This paperback edition has been updated and revised with a significant postscript that focuses on Meyer's alleged assassin who the author finally located and confronted in person in August 2012 as well as the ongoing saga of Janney's attempt to reopen the case based on new evidence *CUBA: The Disaster of Castro's Revolution* Andres J. America and other regions of the world and it includes some questioning about the possible role of Castro in the assassination of President John F Kennedy It considers Castro s interpretation of foreign policy and the way he has disregarded all norms of international behavior The book also discusses the case of the enormous debt accumulated by Castro s government and how many of these resources have been deviated to well camouflaged foreign accounts and investments by Castro and some of the top people around him One of the interesting things about this book is the analysis it makes about the situation of youth women and blacks within the present Cuban society and the detailed description about how the people in general live and how this has evolved under Castro s tyranny It also includes an analysis of the exiled Cuban community Andres Solares discusses the real facts behind Castro s long tenure of power and shows the contradictions between what he and his supporters say and the crude reality of what happens in Cuba His book also enters in details about the degrees of decomposition existing at all levels of the political establishment of this obsolete communist regime The book describes the enormous damage caused by Castro s policies to the environment of the island and the state of destruction of all the main networks of services as well as the stagnant conditions of the economy It includes the author s views on the different possible scenarios for Cuban political future once Castro and his brother one way or another are no longer able to control Cuba This book is a strong denouncement of the longest dictatorship that has existed in America and it serves as an eye opener for all those who ignore the crude reality of what happens in that beautiful country It is also a moral message of hope for a better future for the Cuban people Mr Solares has used his professional and personal experience together with his direct knowledge of the Cuban society and economy to give us a very interesting account of the situation in his country which will serve those who read it to comprehend better what we can expect there

United States-Cuban Relations Esteban Morales Dominguez, Gary Prevost, 2008-01-01 United States Cuban Relations breaks new ground in its treatment of this long and tumultuous relationship The overall approach mirroring the political science background of both authors does not focus on historical detail that has been provided by many other works but rather on a broad analysis of trends and patterns that have marked the long relationship between the two countries Dominguez and Prevost argue that U S policy toward Cuba is driven in significant measure by developments on the ground in Cuba From the U S intervention at the time of the Cuban Independence War to the most recent revisions of U S policy in the wake of the Powell Commission the authors demonstrate how U S policy adjusts to developments and perceived reality on the island The final chapters of the book focus on the contemporary period with particular emphasis on the changing dynamic toward Cuba from U S civil society Dominguez and Prevost describe how the U S business community fearful of being isolated from Cuba s reinsertion in the world s capitalist markets have united with long standing opponents of the U S embargo to win the right to sell food and medicines to Cuba over the last four years Ultimately the authors are realists about the possibility of better relations between the U S and Cuba pointing out that short of the collapse of Cuba s current political and economic system fundamental change in U S policy
