extremely difficult in today's world. The tug of war of emotions pulls at one's conscience to make the right decision. Many choose to prostitute their convictions for their jobs, money, status, and power, rationalizing their decisions for personal gain, leaving humanity in ashes. As a law enforcement officer, his daily decisions directly affect his fellow man. This burden is self-inflicted by the individual to do the right thing or to go along with the good old boy attitude. The latter accomplishes nothing and is actually looked down upon by the honest public. The people truly want someone they can trust to carry out this honesty and justice philosophy; however, the public has no clue about the sacrifices one has to make in order to achieve these goals. For one to fulfill his mission of striving for fairness and honesty, he has to be a slave of his convictions. At seventy-three, the winter of my life, I often question my life's path. However, not only can I not change it, nor would I want to. I still encounter those negative people who condemned me for my stand for justice. There is nothing I can say to change their minds, which embraces corruption as a badge of honor rather than dishonor. The silent majority hang their heads in disgust, not realizing they have the power to change if they just stand up and fight. The reader of the book must evaluate whether or not the main character of the book was in fact dedicated to his convictions. By infusing the Diary of Corruption into the book, it poses to the reader a decision-making process in which he decides whether the diary is proof that corruption exists or this is just the way it is, and no one can change these practices. The actual diaries represent twenty-seven years of entries documenting the author's daily life in law enforcement. The author of this book does not seek the approval of his life's path but rather poses the question: What would you do if you were in his shoes? Walk the walk and talk the talk, or be silent because it is too costly. Fairness, Honesty, Justice for all. I hope 1 1

Department of the Interior and Related Agencies Appropriations for 2004: Testimony of members of Congress, written testimony United States. Congress. House. Committee on Appropriations.

Subcommittee on Department of the Interior and Related Agencies, 2003. *Now Read on* Mandy Hicken, Raymond John Prytherch, 1994. Keen on adventure stories but have run out of favourite authors. Want to try gothic romances but are not sure where to start. Know that your favourite author writes spy stories but also writes science fiction under another as yet unknown name. *Now Read On* will solve all these problems. It is a guide to popular modern fiction divided up into writing genres such as historical novels, macabre stories, and science fiction. Each author entry within these novel types gives a brief life history, outlines the writer's style, and lists all the relevant published titles. In addition, a *Now Read* list indicates authors who write in a similar vein. Much has changed since the first edition. New writers have established themselves as genres; writers some have switched from one area of writing to another or have even added a new interest to an old one. Around 450 titles have been added to authors listed in the first edition, particularly in Family Stories and Police Work. 60 new names have been selected, and one new genre, Women Detectives, has been created. All this is backed up by an author index and a list of characters that reappear in related stories and series. The winners of the relevant book prizes over the last 25 years are also included. This book will prove invaluable to readers, booksellers, and library staff for anyone who wants to expand their fiction.
