Langsamer Satz Anton Webern, 1971 *A Sound Mind* Paul Morley, 2020-11-10 For readers of Mozart in the Jungle and Year of Wonder a new history of and guide to classical music Paul Morley made his name as a journalist covering the rock and pop of the 1970s and 1980s But as his career progressed he found himself drawn toward developing technologies streaming platforms and increasingly the music from the past that streaming services now made available Suddenly able to access every piece Mozart or Bach had ever written and to curate playlists that worked with these musicians themes across different performers composers and eras he began to understand classical music in a whole new way and to believe that it was music at its most dramatic and revealing In *A Sound Mind* Morley takes readers along on his journey into the history and future of classical music His descriptions explanations and guidance make this seemingly arcane genre more friendly to listeners and show the music's power depth and timeless beauty In Morley's capable hands the history of the classical genre is shown to be the history of all music with these long ago pieces influencing everyone from jazz greats to punk rockers and the pop musicians of today Chamber Music Lucy Miller Murray, 2015-04-09 In *Chamber Music An Extensive Guide for Listeners* Lucy Miller Murray transforms her decades of program notes for some of the world's most distinguished artists and presenters into the go to guide for the chamber music novice and enthusiast Offering practical information on the broad array of chamber music works from the Classical Romantic and Modern periods and an artful selection from the Baroque period of Johann Sebastian Bach's works *Chamber Music An Extensive Guide for Listeners* is both the perfect reference resource and chamber music primer for listeners Covering over 500 works Murray surveys in clear and simple language the historical and musical impact of some 130 composers 20 of them living Notably *Chamber Music* includes the complete string quartets of Beethoven Bartok and Shostakovich as well as 35 piano trios of Haydn It also provides critical information and assessments of works by composers not nearly so well known both past and present Entries appear in alphabetical order by composer and in every instance give a brief introduction to the composer's life and work Of particular interest are the brief spotlight contributions from well known figures in the chamber music world who focus on the performance experience or offer special knowledge of the works This work is an ideal introduction and reference for students and scholars new listeners and enthusiasts of the chamber music tradition in Western music Special contributors include Charles Abramovic James Bonn Michael Brown Eugene Drucker James Dunham Daniel Epstein Ralph Evans Jeremy Gill Jake Heggie Paul Katz Bert Lucarelli Stuart Malina Robert Martin Peter Orth Jann Pasler Susan Salm David Shifrin Peter Sirotin Ya Ting Chang Arnold Steinhardt Kenneth Woods David Yang Phillip Ying Music for a Mixed Taste Steven David Zohn, 2015 This first full length study of

Telemann's concertos, sonatas and suites focuses on his imaginative mixing of styles and genres. Special attention is also devoted to the extra-musical meanings and humor of his programmatic overture suites, his unprecedented self-publishing enterprise and the social resonances of his Polish style works. [Got Beethoven](#) Paul Cassidy, 2022-02-28. Plenty of teenagers dream about becoming a rock star, but how many 10-year-olds dream about becoming a world-beating string quartet and then go ahead and do it? Following on from Paul Cassidy's popular prequel *Get Beethoven*, *Got Beethoven* is a brutally honest and relentlessly entertaining account of what it's like to be in a band. **Orchestral Music** David Daniels, 2005-10-13. Also Available: *Orchestral Music Online*. This fourth edition of the highly acclaimed classic sourcebook for planning orchestral programs and organizing rehearsals has been expanded and revised to feature 42% more compositions over the third edition, with clearer entries and a more useful system of appendixes. Compositions cover the standard repertoire for American orchestra. Features from the previous edition that have changed and new additions include: Larger physical format 8.5 x 11 vs 5.5 x 8.5. Expanded to 6400 entries and almost 900 composers, only 4200 in 3rd Ed. Merged with the American Symphony Orchestra League's OLIS (Orchestra Library Information Service). Enhanced specific information on woodwind/brass doublings. Lists of required percussion equipment for many works. New, more intuitive format for instrumentation. More contents, notes and durations of individual movements. Composers' citizenship, birth and death dates and places integrated into the listings. Listings of useful websites for orchestra professionals. [Strauss](#) Laurenz Lütteken, 2019-03-01. Richard Strauss is an outlier in the context of twentieth-century music. Some consider him a composer of the late-romantic period, while others declare him a traitor of modernity for his role in National Socialism. Despite the controversy surrounding him, Strauss's works, even beyond his most well-known operas *Elektra* and *Rosenkavalier*, are present in the repertoires of concert halls worldwide and continue to enjoy large audiences. The details of the composer's life, however, remain shrouded in mystery and gossip. Laurenz Lütteken's *Strauss* presents a fresh approach to understanding this elusive composer's life and works. Dispensing with stereotypes and sensationalism, it reveals Strauss to be a sensitive intellectual and representative of modernity with all light and shade of the turn of the twentieth century. *School of Music, Theatre & Dance (University of Michigan) Publications*. University of Michigan. School of Music, Theatre & Dance, 1880. Includes miscellaneous newsletters, Music at Michigan, Michigan Muse bulletins, catalogs, programs, brochures, articles, calendars, histories, and posters. [Behind the Baton](#) Gerard Schwarz, Maxine Frost, 2017-03-01. Amadeus. To speak of Gerard Schwarz, musician, conductor, festival organizer, gig hopper, educator, television personality, patron and proselytizer of the arts, is to tell an exemplary American story. You could convey it exclusively in clichés: from his industrious emigré parents to his precocious childhood; from his ardor and diligence as a prodigy trumpeter to his meteoric rise as a conductor; from his unforeseen cross-country migration to the gradual construction of a world-class orchestra in a city formerly regarded as a cultural backwater; from the halls of New York City's High School of Performing Arts to the digital instructor's chair of the All-Star Orchestra's Khan Academy course series. You

could simply recite the numbers over 300 new works premiered over 350 recordings in his discography 14 GRAMMY nominations 4 Emmy awards six ASCAP Awards and hundreds of other honors and laurels You could dazzle and festoon and bewitch with talk of truth and beauty and the pursuit of ever higher forms of artistic expression Or you could tell it Jerry's way Behind the Baton is a quintessentially Schwarzschildian memoir intrepid forthright risible subtly self-assured and entirely unpretentious It offers an intimate inside look at a man whose immense talent is rivaled only by his humility and work ethic a man who for nearly fifty years has strived to leave every orchestra and musician he touched better than when he found them Whether you're a classical music aficionado an orchestra initiate just cutting your teeth or an everyday reader interested in the remarkable story behind an extraordinary man Behind the Baton belongs on your nightstand *Anton Webern* Darin Hoskisson, 2017-03-27 Anton Webern A Research and Information Guide offers carefully selected and annotated sources regarding Webern from 1975 to present day including sources on Webern's life his music and the interpretation and reception of his music Along with this comprehensive annotated listing of print and online sources the book discusses the history of research on Webern and includes a brief chronology of his life It is a major reference tool for those interested in Webern and his music and valuable for researchers of 20th century music and the Second Viennese School **BBC Proms 2017** BBC Proms Publications, 2017-04-20 The BBC Proms is the world's biggest and longest running classical music festival and one of the jewels in the crown for the BBC It is one of the strongest brand names in the music world and attracts a glittering array of artists and orchestras from the UK and around the world in over 150 concerts talks workshops and family events around London every summer Whether you're a first time visitor or an experienced Prommer watching at home or listening on radio or online the BBC Proms Guide will help you to plan your summer of music and discover in depth what lies behind the Proms from the composers to the performers to how the events are broadcast The Proms Guide contains brand new articles on featured composers and insights on performers new music and accompanying events **YEAR OF WONDER: Classical Music for Every Day** Clemency Burton-Hill, 2017-10-05 Exclusively for iBooks Discover and Share the Year of Wonder Playlists on Apple Music Year of Wonder is an absolute treat the most enlightening way to be guided through the year Eddie Redmayne Classical music for everyone an inspirational piece of music for every day of the year celebrating composers from the medieval era to the present day written by award winning violinist and BBC Radio 3 presenter Clemency Burton Hill Have you ever heard a piece of music so beautiful it stops you in your tracks Or wanted to discover more about classical music but had no idea where to begin Year of Wonder is a unique celebration of classical music by an author who wants to share its diverse wonders with others and to encourage a love for this genre in all readers whether complete novices or lifetime enthusiasts Clemency chooses one piece of music for each day of the year with a short explanation about the composer to put it into context and brings the music alive in a modern and playful way while also extolling the positive mindfulness element of giving yourself some time every day to listen to something uplifting or beautiful Thoughtfully curated
