Language Learning In Intercultural Perspective:

Language Learning in Intercultural Perspective Michael Byram, Michael Fleming, 1998-06-11 Language Learning in Intercultural Perspective addresses the ways in which language learning is related to learning about other cultures and to acquiring an ability to communicate across cultural frontiers It argues that language learners need to develop sensitivity to cultural difference and its impact on communication and to acquire the skills of discovering and interpreting other cultures other values beliefs and behaviours which lie beneath the surface of cross cultural communication Contributors show how drama can be used to develop cultural awareness and how learners can acquire ethnographic skills to help them investigate and understand socio cultural aspects of language which play an important role in second language acquisition The contributors are all respected educationalists from a range of countries and different cultural contexts

Language Learning in Intercultural Perspective Michael Byram, 1998

Developing Intercultural Perspectives on Language Use Troy McConachy, 2017-11-20 Many language teachers recognise the importance of integrating intercultural learning into language learning but how this can be best achieved is not always apparent This is particularly the case in foreign language learning contexts where teachers are working with a prescribed textbook and opportunities to use the language outside the classroom are limited This book argues that teachers can work creatively with conventional resources and utilise classroom experiences in order to help learners interpret aspects of communication in insightful ways and develop awareness of the influence of cultural assumptions and values on language use The book provides extensive analysis of a range of classroom interactions to demonstrate how teachers and learners can work together to construct opportunities for intercultural learning through reflection on pragmatics

Practices in Intercultural Language Teaching and Learning Michael Joseph Ennis, Catherine Elizabeth Riley, 2018-06-11 This volume responds to the growing need for intercultural approaches to teaching and learning languages The central premise is that the aim of intercultural language teaching and learning is to foster effective communication and effective learning in spaces between cultures in order to prepare learners for global citizenship but that the corresponding models and methods must emerge from the bottom up in order to meet the needs of each unique context The book offers a collection of successful experiences rooted in praxis It shares the activities methods models and approaches which have been developed within specific contexts Thus it offers an example of how to adopt an intercultural perspective in teaching and learning The editors and contributors share the conviction that the experiences detailed here can be informative to the realities of all readers in the same way that their own practices have been informed by others
