Living Languages Tracey Tokuhama-Espinosa, 2007-12-30 Globalization is on everyone's tongue and the discussion is not only limited to economic exchange but expands to the intermingling of cultural values To be truly successful in the international arena whether as an immigrant student businessperson or tourist

openness toward other cultures is vital and the most obvious door to those cultures is through language Learning a second language is no longer an option for many it is both a survival tool and an opportunity This book is an aid to parents educators researchers and individuals who want facts about foreign language learning in order to apply concrete tools to maximize their potential in this area independent of their age This book examines the various factors in successful multilingualism across the lifespan discussing groups such as those lucky enough to enjoy bilingualism from birth to those who become foreign language learners in adulthood Special attention is paid to a critique of the academic critical years concept and the question how long does it take a non native speaker to become fluent While many are concerned with bilingualism millions around the world live with three or more languages For those considering adding a third language this book looks at the benefits of bilingualism that transfer to trilingualism Finally the book establishes methods for teaching foreign languages and hints for home support that maximize each person s potential for languages The Units of Language Acquisition Ann M. Peters,1983-09-30

Language Acquisition and Development Brian Tomlinson,2007-04-01 Examines language acquisition and development across a wide range of languages and contexts **Understanding Second Language**

Acquisition Lourdes Ortega,2014-02-04 Whether we grow up with one two or several languages during our early years of life many of us will learn a second foreign or heritage language in later years The field of Second language acquisition SLA for short investigates the human capacity to learn additional languages in late childhood adolescence or adulthood after the first language in the case of monolinguals or languages in the case of bilinguals have already been acquired Understanding Second Language Acquisition offers a wide encompassing survey of this burgeoning field its accumulated findings and proposed theories its developed research paradigms and its pending questions for the future The book zooms in and out of universal individual and social forces in each case evaluating the research findings that have been generated across diverse naturalistic and formal contexts for second language acquisition It assumes no background in SLA and provides helpful chapter by chapter summaries and suggestions for further reading Ideal as a textbook for students of applied linguistics foreign language education TESOL and education it is also recommended for students of linguistics developmental psycholinguistics psychology and cognitive science Supporting resources for tutors are available free at www.routledge.com/ortega

International Handbook of Language Acquisition Jessica Horst,Janne von Koss Torkildsen,2019-05-01 How do children acquire language How does real life language acquisition differ from results found in controlled environments And how is modern life challenging established theories Going far beyond laboratory experiments the International Handbook of Language Acquisition examines a wide range of topics surrounding language development to shed light on how children acquire language in the real world The foremost experts in the field cover a variety of issues from the underlying cognitive processes and role of language input to development of key language dimensions as well as both typical and atypical language development Horst and Torkildsen balance a theoretical foundation with data acquired from applied

settings to offer a truly comprehensive reference book with an international outlook The International Handbook of Language Acquisition is essential reading for graduate students and researchers in language acquisition across developmental psychology developmental neuropsychology linguistics early childhood education and communication disorders Universal Grammar in Second-Language Acquisition Margaret Thomas,2004-07-31 This book discusses how scholars in the west have conceived that human languages share important properties and how westerners have understood the nature of second or foreign language learning *Second Language Acquisition* Wolfgang Klein,1986-01-23 An up to date account of the main problems and theoretical and practical issues raised by second language acquisition research As such this introduction provides students with a real understanding of the fundamental topics in the field and the advances achieved by empirical research **The Routledge Handbook of Second Language Acquisition and Sociolinguistics** Kimberly Geeslin,2022-03-30 This state of the art volume offers a comprehensive accessible and uniquely interdisciplinary examination of social factors role in second language acquisition SLA through different theoretical paradigms methodological traditions populations contexts and language groups Top scholars from around the world synthesize current and past work contextualize the central issues and set the future research agenda on second language variation including languages studied or taught less commonly This will be an indispensable resource to scholars and advanced students of SLA applied linguistics education and other fields interested in the social aspects of language learning in research practice and instruction

Dominant Language Constellations Approach in Education and Language Acquisition Larissa Aronin,Eva Vetter,2021-07-05 This volume is an important instalment in the rapidly expanding literature on multilingualism in education and language teaching Within multilingual studies the volume is highly innovative in its application of the concept theory and perspectives of the Dominant Language Constellations DLC The volume reports original research on language education policy and practice which address contemporary DLC informed multilingualism within family settings and institutional domains such as teacher education primary and secondary schooling and higher education Deploying the DLC concept as an analytical and conceptual category the chapters explore both personal and institutional life of multilingualism enriched through visualizations Specific chapters examine issues connected to career opportunities of adults of refugee background in Norway multilingual transnational couples and language teacher preparation in settings as diverse as Austria Canada Finland Iceland Israel and the Basque Country and Catalonia in Spain This volume is of direct relevance to coursework students and researchers pursuing programs in education linguistics applied linguistics sociolinguistics and multilingualism but will also attract interest in disciplines such as social work and psychology Additionally the volume will appeal to members of the general public wishing to acquaint themselves with current research and thinking on critical issues in multilingual studies such as learning experiences within and beyond classrooms and aspects of public policy and institutional decision making processes **Second Language Acquisition** Susan M. Gass,Larry Selinker,2001 This revision of our best selling

text in SLA will incorporate suggestions made by previous adopters of the book as well as including new developments in theoretical linguistics cognitive psychology and social interaction

Indigenous Language Acquisition, Maintenance, and Loss and Current Language Policies Okamura, Toru, Kai, Masumi, 2020-08-28 The world's linguistic map has changed in recent years due to the vast disappearance of indigenous languages Many factors affect the alteration of languages in various areas of the world including governmental policies education and colonization As indigenous languages continue to be affected by modern influences there is a need for research on the current state of native linguistics that remain across the globe Indigenous Language Acquisition Maintenance and Loss and Current Language Policies is a collection of innovative research on the diverse policies influences and frameworks of indigenous languages in various regions of the world It discusses the maintenance attrition or loss of the indigenous languages language status in the society language policies and the grammatical characteristics of the indigenous language that people maintained and spoke This book is ideally designed for anthropologists language professionals linguists cultural researchers geographers educators government officials policymakers academicians and students

Second Language Acquisition in Childhood B. McLaughlin, 2013-10-28 First published in 1987 Throughout human history learning a second language has been an important part of the educational process From ancient times to the present school children have had to struggle to learn a second language and in many cases third and fourth languages To be educated meant to know a language other than the language of one's family and community The contemporary American educational system is one of the few in recorded history that allows its products to remain monolingual

The Routledge Handbook of Second Language Acquisition and Pedagogy of Persian Pounesh Shabani-Jadidi, 2020-07-16 The Routledge Handbook of Second Language Acquisition and Pedagogy of Persian offers a detailed overview of the field of Persian second language acquisition and pedagogy The Handbook discusses its development and captures critical accounts of cutting edge research within the major subfields of Persian second language acquisition and pedagogy as well as current debates and problems and goes on to suggest productive lines of future research The book is divided into the following four parts I Theory driven research on second language acquisition of Persian II Language skills in second language acquisition of Persian III Classroom research in second language acquisition and pedagogy of Persian and IV Social aspects of second language acquisition and pedagogy of Persian The Routledge Handbook of Second Language Acquisition and Pedagogy of Persian is an essential reference for scholars and students of Persian SLA and pedagogy as well as those researching in related areas
