Esperanto and Languages of Internationalism in Revolutionary Russia Brigid O'Keeffe,2021-05-20 Winner of the 2022 Ab Imperio Award Hoping to unite all of humankind and revolutionize the world Ludwik Zamenhof launched a new international language called Esperanto from late imperial Russia in 1887 Ordinary men and women in Russia and all over the world soon transformed Esperanto into a global movement Esperanto and Languages of Internationalism in Revolutionary Russia traces the history and legacy of this effort from Esperanto s roots in the social turmoil of the pre revolutionary Pale of

Settlement to its links to socialist internationalism and Comintern bids for world revolution and finally to the demise of the Soviet Esperanto movement in the increasingly xenophobic Stalinist 1930s In doing so this book reveals how Esperanto and global language politics more broadly shaped revolutionary and early Soviet Russia Based on extensive archival materials Brigid O Keeffe s book provides the first in depth exploration of Esperanto at grassroots level and sheds new light on a hitherto overlooked area of Russian history As such Esperanto and Languages of Internationalism in Revolutionary Russia will be of immense value to both historians of modern Russia and scholars of internationalism transnational networks and sociolinguistics **The Regional Travel Guide for Samarkand and Bukhara (Uzbekistan) , Russia's French**

Connection Adam Coker,2020-05-28 While it is generally acknowledged that Russia s culture has been influenced by France the present study goes beyond the Francophile preferences of the noble elite and examines Russian society more broadly exploring those elements of French cultural influence that are still relevant today This is done through an historical analysis of French loanwords in the Russian language from the time of Peter the Great to the present The result of this lexical analysis and subsequent study of eighteenth and nineteenth century archival periodical and memoir material is to empirically link Russia s present culture to two major Franco Russian events the wave of immigration to Russia following the French Revolution and Russia s war with Napoleon This is primarily a book for those interested in European history particularly imperial Russia the French Revolution and the Napoleonic Wars The study of Russian officer memoirs includes original campaign maps which may be of interest to military historians The analysis of periodical literature will likewise be a resource for those studying the history of printing publishing and journalism in Russia The book s interdisciplinary nature however broadens its relevance to linguists cultural historians and those in the emerging field of Immigration Studies *DK*

borderlands microhistory and space and human and nonhuman actors Jan Musekamp demonstrates how an inner Prussian railroad line turned into a transnational force overcoming borders and connecting Europeans in a time of rising nationalism *Shifting Lines Entangled Borderlands* investigates the dichotomy between a globalizing world and tighter border control in nineteenth century Central and Eastern Europe focusing on the Royal Prussian Eastern Railroad Ostbahn between the 1830s

and 1930s The line was initially planned as a major internal modernizing project to connect Prussia's capital of Berlin to East Prussia's provincial capital of Königsberg today's Kaliningrad Soon the Ostbahn connected to the growing Imperial Russian railroad network thus becoming a backbone of European East West transportation in trade tourism technological exchange and migration The First World War temporarily disrupted and reconfigured existing networks adapting them to new political regimes and borders However World War II and its aftermath altered mobility patterns more permanently dividing not only the Ostbahn tracks but the whole continent for decades to come From border towns and major cities to unique structures such as stations or bridges this volume analyzes the obvious and not so obvious nodes of the Central and Eastern European rail network and the spaces in between
