Languages And Their Territories:

Languages and Their Territories J. A. Laponce, 1987 **Language Rights and the Law in the United States and Its Territories** Eduardo D. Faingold, 2020-07-07 This book analyzes the promulgation of linguistic rights in the constitutions and statutes of the United States and its territories It addresses the demands for linguistic rights by those who do not speak English as a first language or seek to maintain the use of an indigenous language **The Routledge Handbook of Language Policy and Planning** Michele Gazzola, François Grin, Linda Cardinal, Kathleen Heugh, 2023-09-28 The Routledge Handbook of Language Policy and Planning is a comprehensive and authoritative survey including original contributions from leading senior scholars and rising stars to provide a basis for future research in language policy and planning in international national regional and local contexts The Handbook approaches language policy as public policy that can be studied through the policy cycle framework It offers a systematic and research informed view of actual processes and methods of design implementation and evaluation With a substantial introduction 38 chapters and an extensive bibliography this Handbook is an indispensable resource for all decision makers students and researchers of language policy and planning within linguistics and cognate disciplines such as public policy economics political science sociology and education **Language of the Land** Leslie Ray, 2007 This is the first book in English to examine the contemporary Mapuche their culture their struggle for autonomy within the modern day nation state their religion language and distinct identity Leslie Ray looks back over the history of relations between the Mapuche and the Argentine and Chilean states and examines issues of ethnicity biodiversity and bio piracy in Mapuche lands today their struggle for rights over natural resources and the impact of tourism and neoliberalism The Mapuche of what is today southern Chile and Argentina were the first and only indigenous peoples on the continent to have their sovereignty legally recognized by the Spanish empire and their reputation for ferocity and bravery was legendary among the Spanish invaders Their sense of communal identity and personal courage has forged among the Mapuche a strong instinct for self preservation over the centuries Today their struggle continues neither Chile nor Argentina specifically recognize the rights of indigenous peoples In recent years disputes over land rights particularly in Chile have provoked fierce protests from the Mapuche In both countries policies of assimilation have had a disastrous effect on the Mapuche language and cultural integrity Even so in recent years the Mapuche have managed a remarkable cultural and political resurgence in part through a tenacious defense of their ancestral lands and natural resources against marauding multinationals which has catapulted them to regional and international attention Leslie Ray has been a freelance translator since the mid 1980s He has translated a number of books from Italian and Spanish in the fields of architecture design and art history A regular visitor to Argentina since the late eighties he has worked actively with Mapuche organizations there since the late 1990s In addition to his work on the Mapuche he has also published articles on Argentine social indigenous and language related issues for publications as diverse as History Today and The Linguist **Multilingualism and History**

Aneta Pavlenko,2023-04-27 We often hear that our world is more multilingual than ever before but is it true This book shatters that cliché It is the first volume to shine light on the millennia long history of multilingualism as a social institutional and demographic phenomenon Its fifteen chapters written in clear accessible language by prominent historians classicists and sociolinguists span the period from the third century BC to the present day and range from ancient Rome and Egypt to medieval London and Jerusalem from Russian Ottoman and Austro Hungarian empires to modern Norway Ukraine and Spain Going against the grain of traditional language histories these thought provoking case studies challenge stereotypical beliefs foreground historic normativity of institutional multilingualism and language mixing examine the transformation of polyglot societies into monolingual ones and bring out the cognitive and affective dissonance in present day orientations to multilingualism where celebrations of linguistic diversity coexist uneasily with creation of language police **Land and Language in Cape York Peninsula and the Gulf Country** Jean-Christophe Verstraete,Diane Hafner,2016-02-18 This volume offers a state of the art survey of linguistic anthropological archaeological and historical work focused on Cape York Peninsula and the Gulf Country in Australia's northeast The volume also honours Bruce Rigsby emeritus professor of anthropology at the University of Queensland whose work has inspired all of the contributors The papers in the volume are organized in terms of five key themes including the use of historical and archaeological methods to reconstruct aspects of language and social organization anthropological and linguistic work uncovering aspects of world view embedded in languages and ethnographic data sets the study of post contact transformations in language and society and the return of archival data to communities Its thematic intersections draw together the varied disciplinary threads in an overview of the cultures and languages of the region and will appeal to all those interested in Australian Aboriginal studies linguistics anthropology and associated disciplines *The Spanish Language in the United States* José Cobas,Bonnie Urciuoli,Joe Feagin,Daniel Delgado,2022-02-24 The Spanish Language in the United States addresses the rootedness of Spanish in the United States its racialization and Spanish speakers resistance against racialization This novel approach challenges the foreigner status of Spanish and shows that racialization victims do not take their oppression meekly It traces the rootedness of Spanish since the 1500s when the Spanish empire began the settlement of the new land till today when 39 million U S Latinos speak Spanish at home Authors show how whites categorize Spanish speaking in ways that denigrate the non standard language habits of Spanish speakers including in schools highlighting ways of overcoming racism Europe and the Politics of Language Máiréad Nic Craith,2005-12-14 Do political boundaries impact on concepts of language How significant is language for citizenship in contemporary Europe Can disputed languages acquire full status Should non European languages receive recognition from the EU These are among the many questions explored in this new study of official regional and disputed languages in an ever changing European context Broad policy issues and the performance of the range of instruments of policy at local national and European levels are illustrated with reference to case studies across

Europe *Politics in the Vernacular* Will Kymlicka, 2001-01-19 This volume brings together eighteen of Will Kymlicka's recent essays on nationalism, multiculturalism and citizenship. These essays expand on the well known theory of minority rights first developed in his *Multicultural Citizenship*. In these new essays Kymlicka applies his theory to several pressing controversies regarding ethnic relations today, responds to some of his critics and situates the debate over minority rights within the larger context of issues of nationalism, democratic citizenship and globalization. The essays are divided into four sections. The first section summarizes the state of the debate over minority rights and explains how the debate has evolved over the past 15 years. The second section explores the requirements of ethnocultural justice in a liberal democracy. Kymlicka argues that the protection of individual human rights is insufficient to ensure justice between ethnocultural groups and that minority rights must supplement human rights. In particular, Kymlicka explores why some form of power sharing such as federalism is often required to ensure justice for national minorities, why indigenous peoples have distinctive rights relating to economic development and environmental protection, and why we need to define fairer terms of integration for immigrants. The third section focuses on nationalism. Kymlicka discusses some of the familiar misinterpretations and preconceptions which liberals have about nationalism and defends the need to recognize that there are genuinely liberal forms of nationalism. He discusses the familiar but misleading contrast between cosmopolitanism and nationalism and discusses why liberals have gradually moved towards a position that combines elements of both. The final section explores how these increasing demands by ethnic and national groups for minority rights affect the practice of democratic citizenship. Kymlicka surveys recent theories of citizenship and raises questions about how they are challenged by ethnocultural diversity. He emphasizes the importance of education as a site of conflict between demands for accommodating ethnocultural diversity and demands for promoting the common virtues and loyalties required by democratic citizenship. And finally, he explores the extent to which globalization requires us to think about citizenship in more global terms or whether citizenship will remain tied to national institutions and political processes. Taken together, these essays make a major contribution to enriching our understanding of the theory and practice of ethnocultural relations in Western democracies. Local Self-government, Territorial Integrity, and Protection of Minorities European Commission for Democracy through Law, Institut suisse de droit comparé, 1996-01-01 Herzegovina by Mr Joseph MARKO **The Indo-European Languages** Mate Kapović, 2017-01-20 New fully updated edition incorporates the latest research in Indo-European Studies. Written by an international team of experts providing a range of views in one volume. Revised structure with languages following the order of attestation and new indexes for Proto Indo-European reconstructed roots, words, Proto Indo-European vocabulary and specific families, languages, indexes in Sanskrit, Latin, Gothic, English for easier reference. *Law and Language in the European Union* Richard L. Creech, 2005 The European Economic Community founded in 1957 consisted of six Member States with a combined total of four official languages. By 2004 this organization had evolved into a European Union of twenty-five Member States with more than twenty

official languages among them This increase has presented numerous challenges to the EU's internal linguistic regime where formal policy has been with some notable exceptions to treat all of these languages equally Some of these languages English in particular have been more equal than others Languages that lack nation wide official status in any Member State such as Catalan and Welsh have been overtly denied equal treatment Furthermore the multilingual nature of the EU has had significant implications for any Member State that wishes to regulate the use of language within its territory as such regulation can interfere with the rights accorded to citizens of other Member States to participate in free commercial movement throughout the Union Law and Language in the European Union now in paperback examines how in the linguistic realm the EU has responded to the tensions that lie behind this paradoxical motto

Handbücher zur Sprach- und Kommunikationswissenschaft Hans Goebel, Herbert Ernst Wiegand, 1996 Advances in language planning Joshua A. Fishman, 2011-10-10 The Contributions to the Sociology of Language series features publications dealing with sociolinguistic theory methods findings and applications It addresses the study of language in society in its broadest sense as a truly international and interdisciplinary field in which various approaches theoretical and empirical supplement and complement each other The series invites the attention of scholars interested in language in society from a broad range of disciplines anthropology education history linguistics political science and sociology To discuss your book idea or submit a proposal please contact Natalie Fecher

Manual of Applied Romance Linguistics Vera Mathieu, Julia Montemayor Gracia, Claudia Polzin-Haumann, 2025-06-16 This handbook provides a systematic overview firstly of the basic concepts and secondly of current research topics and trends in Applied Romance Linguistics from a theoretical methodological and empirical perspective It takes account of both traditional and innovative research approaches Following a general introduction to the field and its major topics methods and objectives the presentation is divided into four thematic sections methods and methodology language society and knowledge language acquisition and language education specialised communication and transfer The volume is geared towards researchers teachers and students working in the fields of linguistic and communication studies but also addresses the general public It aims to provide useful information for anyone dealing with problems of language and communication in their professional or private lives and illustrates career options for graduates of Romance Linguistics

A Portrait of the Young in the New Multilingual Spain Carmen Pérez Vidal, Maria Juan-Garau, 2008 This book examines the main issues in bilingual and multilingual language acquisition through children and youngsters growing up in today's multicultural Spain where four official languages and other new languages are used The studies cover phonetics g

Indian Languages of Mexico and Central America and Their Geographical Distribution Cyrus Thomas, 1911

Nationalist Politics and Everyday Ethnicity in a Transylvanian Town Rogers Brubaker, 2006 Cluj Napoca in Transylvania is now part of Romania but was once a Hungarian town and still retains many ethnic Hungarians This book examines nationalist politics in Cluj Transylvania and the wider region and also the more fluid terrain on which

ethnicity and nationhood are experienced and understood in everyday life *Language, Policy and Territory* Wilson McLeod, Rob Dunbar, Kathryn Jones, John Walsh, 2022-07-07 This volume celebrates the contribution of Professor Colin Williams an immensely important and influential scholar in the field of language policy for more than forty years Eighteen chapters by former students colleagues and collaborators address a range of topics involving different aspects of language legislation and language rights governance economics territoriality land use planning and onomastics Six chapters address policy issues in Professor Williams s native Wales while others focus on Canada Catalonia Ireland and Scotland The volume concludes with an Afterword by Professor Williams himself The book will be suitable for postgraduates and researchers not only in the field of language policy and planning but also sociolinguistics geography law and political science **Language of the Land** Katherine Schuster, David Witkosky, 2007-04-01 The idea for this volume arose out of a need for a treatment of the interplay between language and ethnonationalism within both formal and nonformal educational settings In no way intended to be exhaustive in scope the contents give the reader a critical overview of issues related to language cultural identity formation and ethnonationalism The chapters within this work deal with the effects of different language groups with differing amounts of power within society coming into contact with one another and provide insight into how language is both utilized by and affected by processes such as colonialism post colonialism acculturation and ethnonationalism Language is central to culture indeed houses cultural understandings and allows generational transfer of key aspects of a group s heritage

The book delves into Languages And Their Territories. Languages And Their Territories is an essential topic that needs to be grasped by everyone, from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Languages And Their Territories, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:
 - Chapter 1: Introduction to Languages And Their Territories
 - Chapter 2: Essential Elements of Languages And Their Territories
 - Chapter 3: Languages And Their Territories in Everyday Life
 - Chapter 4: Languages And Their Territories in Specific Contexts
 - Chapter 5: Conclusion
 2. In chapter 1, the author will provide an overview of Languages And Their Territories. This chapter will explore what Languages And Their Territories is, why Languages And Their Territories is vital, and how to effectively learn about Languages And Their Territories.
 3. In chapter 2, the author will delve into the foundational concepts of Languages And Their Territories. The second chapter will elucidate the essential principles that need to be understood to grasp Languages And Their Territories in its entirety.
 4. In chapter 3, this book will examine the practical applications of Languages And Their Territories in daily life. This chapter will showcase real-world examples of how Languages And Their Territories can be effectively utilized in everyday scenarios.
 5. In chapter 4, this book will scrutinize the relevance of Languages And Their Territories in specific contexts. The fourth chapter will explore how Languages And Their Territories is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, this book will draw a conclusion about Languages And Their Territories. The final chapter will summarize the key points that have been discussed throughout the book.
- This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Languages And Their Territories.
