Glenn A. Toomey

Flynns Cove:

Nootka Sound and the Surrounding Waters of Maquinna Heather Harbord, 1996 British Columbia's history started with one word Nutka. On James Cook's earliest maps it was the sole port of entry to a whole new world. Nootka was the home base of avarice and slaughter as the sea otter was rendered extinct in local waters by American and English traders. It gained further infamy with the enslavement of John Jewitt in 1803. Always it has been the Land of Maquinna after the legendary chief of the Mowachahts historically called the Nootkas. Fifteen years ago it became the discovery of Heather Harbord. The waters of Nootka Sound and the surrounding inlets lured her to their endless coves and hideaways. First Nations villages abandoned logging camps. Spanish outposts and an ever-changing mosaic of pioneers. *Cases Decided in the Court of Claims of the United States*. United States. Flynn's Log 3: The Ultimate Form of Life Stone Marshall, 2014-09-10 FLYNN MUST FULFILL HIS DESTINY and connect the digital and physical worlds. Stuck inside the digital game world, Flynn faces a true crisis: what is real? Is his ultra-digital body more real than his physical body? What would it be like to stay in the digital world forever? Flynn's journey continues with his friends but his true struggle is internal. He's forgotten what it's like to be physical. Will Flynn stay in the digital world or will he return to his physical body? What would you do? Best book in the series. I thought it would be the end but there is still another Steveatron. Definitely a good book. I can't wait for the next one. Kyle T. Kisebach. I'm so excited for the next one. Can't believe Flynn would do such a stupid thing at the end. Tanya Hagiwara. *Flynn's Log 1: Rescue Island* Stone Marshall, 2014-04-14. The world is in trouble and needs a Minecraft hero. Flynn, a hacker, enters a familiar but changing video game world where something goes terribly wrong. Flynn gets stuck inside the game. His memory is lost and the dangers he faces are real. The game world evolves, introducing new dangers and creatures that Flynn has never seen before. An intelligent creature comes to his aid but can Flynn trust this digital being? About the Flynn's Log series. In the near future, video games begin to change and evolve. Random bits of data create a virtual intelligence that takes over the digital world. A digital crisis is born, bringing the real world to a halt. The only person who can save the world is Flynn, but he needs help from his friends, the Hackers. In short, this is a great read: ingenious set-up, exciting plot, and strong characters. A. Graves. It was great. My son really loved it. He is eagerly waiting for the next one. He read it many times and every time he enjoyed the book. Anil Sharma. My non-reader asked if I would buy this for him. I couldn't have been happier. He really enjoyed it and I REALLY enjoyed the fact that he didn't put it down until he was finished. Cheryl Greif. *The Journey of a West Coast Doctor's Daughter* Lois McLean Hooks, 2021-08-10.
