COHEN

# Folk Legacies Revisited

**Compiled by the British Library of  
Political and Economic Science**

## **Folk Legacies Revisited:**

**Folk Legacies Revisited** David Steven Cohen, 1995 A refreshing combination of history ethnic studies and culture theory Cohen convincingly demonstrates the continued need for documented history as a corrective for the excesses of overzealous historical advocacy Anthony F C Wallace University Professor of Anthropology Emeritus University of Pennsylvania Cohen examines emergent Native American groups in New Jersey that recently have organized themselves into tribes He looks at the history of these groups as they attempt to document an Indian ancestry He also portrays the little known Afro Dutch a term he applies to the thousands of blacks who combined the culture they brought from Africa with Dutch culture in New Jersey and New York

**American Regional Folklore** Terry Mood Leopold, 2004-09-24 An easy to use guide to American regional folklore with advice on conducting research regional essays and a selective annotated bibliography American Regional Folklore begins with a chapter on library research including how to locate a library suitable for folklore research how to understand a library's resources and how to construct a research strategy Mood also gives excellent advice on researching beyond the library locating and using community resources like historical societies museums fairs and festivals storytelling groups local colleges newspapers and magazines and individuals with knowledge of the field The rest of the book is divided into eight sections each one highlighting a separate region the Northeast the South and Southern Highlands the Midwest the Southwest the West the Northwest Alaska and Hawaii Each regional section contains a useful overview essay written by an expert on the folklore of that particular region followed by a selective annotated bibliography of books and a directory of related resources

**Encyclopedia of American Folklife** Simon J Bronner, 2015-03-04 American folklife is steeped in world cultures or invented as new culture always evolving yet often practiced as it was created many years or even centuries ago This fascinating encyclopedia explores the rich and varied cultural traditions of folklife in America from barn raisings to the Internet tattoos and Zydeco through expressions that include ritual custom crafts architecture food clothing and art Featuring more than 350 A Z entries Encyclopedia of American Folklife is wide ranging and inclusive Entries cover major cities and urban centers new and established immigrant groups as well as native Americans American territories such as Guam and Samoa major issues such as education and intellectual property and expressions of material culture such as homes dress food and crafts This encyclopedia covers notable folklife areas as well as general regional categories It addresses religious groups reflecting diversity within groups such as the Amish and the Jews age groups both old age and youth gangs and contemporary folk groups skateboarders and psychobillies placing all of them in the vivid tapestry of folklife in America In addition this resource offers useful insights on folklife concepts through entries such as community and group and tradition and culture The set also features complete indexes in each volume as well as a bibliography for further research

**Ghosts of Northwestern New Jersey** Robert Oakes, 2022 The rolling hills picturesque farms and lush highlands of northwestern New Jersey exemplify the often overlooked natural beauty of the Garden State But among its historic towns and

scenic vistas lurk haunting mysteries and unexplained apparitions A recluse who practiced witchcraft generations ago is said to be still spinning misdeeds as the Sussex Sorcerer on Sunrise Mountain The ghost of Reverend O Malley walks the woods around Mount Allamuchy as the Purple Bishop seeking vengeance against those who betrayed him The sinisterly named Shades of Death Road along the sod farms and meadows of the Pequest River Valley has a bloody reputation of bandit killings and supernatural encounters Author Robert Oakes leads readers on a spirited journey through the historic ghost lore of Northwestern New Jersey

**New Negro, Old Left** William J. Maxwell, 1999 Maxwell uncovers both black literature's debt to Communism and Communism's debt to black literature reciprocal obligations first incurred during the Harlem Renaissance

*Explorers, Fortunes and Love Letters* New Netherland Institute, 2010-04-01 When Henry Hudson sailing on the Half Moon for the Dutch East India Company first laid eyes on the entrance to the Hudson River in 1609 a world of seemingly infinite possibilities lay before him and his crew In 1624 the Dutch would take advantage of these opportunities and create the colony of New Netherland building homes and communities that stretched from the Delaware Bay up along the Hudson River Valley to present day Albany New York The story of New Netherland is often overlooked in tales of the founding of America The essays in *Explorers Fortunes and Love Letters* A Window on New Netherland offer a new perspective that takes the spotlight off the Puritans of New England and the settlers of Jamestown Virginia and instead offers striking arguments for casting the Dutch as central players in the American narrative These twelve essays written by preeminent historians of New Netherland pull from diverse perspectives social cultural intellectual economic and political to weave together the dynamic and diverse history of the Dutch in America These scholars explore all aspects of Dutch life ranging from sailing methods to factional politics to written expressions of love The authors discuss how settlers retained traditions from the Netherlands such as the baking of bread and how these traditions changed over time and became engrained in American culture including the transformation of the Dutch St Nicholas into today's Santa Claus The colony of New Netherland was marked by its diversity and this topic is explored in discussions of the relationship between Native Americans and Dutch settlers in the Mohawk Valley the role of Jews in New Netherland and the practice of slavery throughout the colony The Dutch perspective on child rearing practices is also examined as well as the dream of attaining fortune in the New World The Dutch colony of New Netherland and the development of America are not separate stories but are inextricably linked together through historical moments and present realities Dutch settlers played critical roles in building the nation their influences are not lost and forgotten but are clearly evident even today *Explorers Fortunes and Love Letters* brings the reader into the everyday life of New Netherland and displays just how prominently the Dutch shaped America

**Folk Nation** Simon J. Bronner, 2002 This lively reader traces the search for American tradition and national identity through folklore and folklife from the 19th century to the present Through an engaging set of essays *Folk Nation* shows how American thinkers and leaders have used folklore ranging from Paul Bunyan and Davey Crockett to quilts

cowboys and immigrants to express the meaning and mystique of their country Simon Bronner has carefully selected statements by public intellectuals and popular writers as well as by scholars all chosen for their readability and significance as provocative texts during their time The common thread running throughout is the value of folklore in expressing or denying an American national tradition

**America, the Dream of My Life** David Steven Cohen, 1990 This selection is the first statewide collection of life histories from the Social Ethnic Studies program of the Federal Writers s Project They represent for ethnic history what the more famous Federal Writers Project s Slave Narratives have meant for African American history

A Geography of New Jersey Charles A. Stansfield, 1998 The book is chock full of nuggets of information on all aspects of New Jersey from the beginning of the colonial period to the mid 1990s Harbans Singh Montclair State University This is an up to date comprehensive and well written text that will appeal to both the student and the general reader I shall make it required reading for my course on the geography of the state Peter O Wacker professor of geography Rutgers University More than an ecological primer this book provides essential social and economic information Over one hundred figures and forty five tables capture details to support the straightforward prose and an annotated bibliography leads the reader on New Jersey Monthly While the second edition is similar to the first only with more up to date statistics improved maps and figures and organization the material covered is factually interesting Following an introduction there are several chapters on the physical geography These are followed by interesting chapters on managing physical environments human ecology and early European settlements including excellent sections on historical geography The number and informational content of the maps is far superior in the second edition The book is of value for use in either a high school or university regional geography class Stansfield must be commended for his writing style that holds the interest and for his knowledgeable selection of materials to be included The Pennsylvania Geographer New Jersey is the city in the garden It is a bundle of paradoxes a highly industrialized state famous for its seashore and mountain resorts fairly conservative politically it nonetheless pioneered state land use zoning and environmental protection legislation The only state to be characterized by the U S Census as entirely metropolitan New Jersey has the highest population density in the nation It is a highly suburbanized state that remains important agriculturally both very large and very small farms continue to multiply New Jersey is also a state where widespread suburbanization of residents shopping and jobs has affected the most remote corners At the same time massive immigration is revitalizing urban centers and dramatically changing the demographics of the state New Jersey represents both a microcosm of the United States and a leading indicator of future trends in the nation This updated edition of this classic text features nearly 100 maps and illustrations Charles A Stansfield Jr instructs readers on all aspects of New Jersey geography and provides a detailed analysis of the state s topography management of physical environments human ecology early European settlement cultural landscapes population characteristics race and ethnicity transportation agriculture industrial development recreation and tourism and regions Charles A Stansfield Jr is a professor of

geography at Rowan University Glassboro New Jersey

*Revisiting the Critical Legacy of Shah Ismail* Seyed Javad

Miri, 2025-06-05 Explore the enigmatic legacy of Shah Ismail in this groundbreaking work by Seyed Javad Miri wherein the author reexamines Shah Ismail not merely as a historical figure but as a mystic poet and thinker who profoundly influenced Iranian and global intellectual landscapes Through critical approaches to knowledge language and social theory the book unearths the marginalized Gnostic tradition of Khatai revealing its enduring significance By challenging Eurocentric and nationalist historiographies Miri invites you to rethink the intersections of Irfan governance and cultural identity *The Encyclopedia of New York State* Peter Eisenstadt, 2005-05-19 The Encyclopedia of New York State is one of the most complete works on the Empire State to be published in a half century In nearly 2 000 pages and 4 000 signed entries this single volume captures the impressive complexity of New York State as a historic crossroads of people and ideas as a cradle of abolitionism and feminism and as an apex of modern urban suburban and rural life The Encyclopedia is packed with fascinating details from fields ranging from sociology and geography to history Did you know that Manhattan s Lower East Side was once the most populated neighborhood in the world but Hamilton County in the Adirondacks is the least densely populated county east of the Mississippi New York is the only state to border both the Great Lakes and the Atlantic Ocean the Erie Canal opened New York City to rich farmland upstate and to the west Entries by experts chronicle New York s varied areas politics and persuasions with a cornucopia of subjects from environmentalism to higher education to railroads weaving the state s diverse regions and peoples into one idea of New York State Lavishly illustrated with 500 photographs and figures 120 maps and 140 tables the Encyclopedia is key to understanding the state s past present and future It is a crucial reference for students teachers historians and business people for New Yorkers of all persuasions and for anyone interested in finding out more about New York State *Studies in Urbanormativity* Alexander R. Thomas, Gregory M. Fulkerson, 2013-12-19 The world has been witnessing a long unfolding process of urbanization that not only has altered the structural basis of society in terms of political economy but has also symbolically relegated rural people and life to a secondary or deviant status through an ideology of urbanormativity Both structural and cultural changes rooted in urbanization are connected in complex ways to spatial arrangements that can be described in terms of inequality and uneven development Through a focus on localities *Studies in Urbanormativity* Rural Community in Urban Society examines the implications of urbanization and its corresponding ideology Urbanormativity justifies rural domination by holding urban life as the standard against which rural forms are compared and deemed to be irregular inferior or deviant Urban production as conceptualized in this book is inherently exploitative of rural resources natural social cultural and symbolic As this exploitation advances a wake of entropic conditions is left behind in the forms of degraded landscapes broken social institutions and denigrated communities cultures and identities Edited by Gregory M Fulkerson and Alexander R Thomas *Studies in Urbanormativity* engages a topic on which scholars have been surprisingly silent Designed for advancing theory and practice the chapters provide new theoretical tools

for understanding the complex relationship between the urban and rural While primarily intended for scholars and practitioners interested in rural life rural policy and community development the insights of this book will also be of interest to scholars studying various forms of cultural and social domination as well as identity politics      **Festivals of Freedom** Mitch Kachun, Mitchell Alan Kachun, 2006-03-01 With the abolition of the transatlantic slave trade in 1808 many African Americans began calling for a day of public thanksgiving to commemorate this important step toward freedom During the ensuing century black leaders built on this foundation and constructed a distinctive and vibrant tradition through their celebrations of the end of slavery in New York State the British West Indies and eventually the United States as a whole In this revealing study Mitch Kachun explores the multiple functions and contested meanings surrounding African American emancipation celebrations from the abolition of the slave trade to the fiftieth anniversary of U S emancipation Excluded from July Fourth and other American nationalist rituals for most of this period black activists used these festivals of freedom to encourage community building and race uplift Kachun demonstrates that even as these annual rituals helped define African Americans as a people by fostering a sense of shared history heritage and identity they were also sites of ambiguity and conflict Freedom celebrations served as occasions for debate over black representations in the public sphere struggles for group leadership and contests over collective memory and its meaning Based on extensive research in African American newspapers and oration texts this book retraces a vital if often overlooked tradition in African American political culture and addresses important issues about black participation in the public sphere By illuminating the origins of black Americans public commemorations it also helps explain why there have been increasing calls in recent years to make the Juneteenth observance of emancipation an American not just an African American day of commemoration      **Newsletter** New Jersey Historical Commission, 1992      *Leadership Reconsidered* Ruth A. Tucker, 2008-12-01 While books and articles on leadership abound most of them are written by successful men who look at the world through the lens of a Western business model The standard for success is based on the bottom line financial growth in both the personal and corporate realms This perspective has infected Christian leadership literature as well In *Leadership Reconsidered* Ruth A Tucker calls for a revised definition one that abandons the love of power and success for the eternal value of legacy She challenges the assumption that a leader must by definition have followers be an extrovert crave recognition and dominate others Instead legacy encompasses the values of behind the scenes influence that are available to everyone and last beyond the grave This unique and refreshing perspective on leadership is accessible and engaging and will make an impact on anyone who takes it to heart      *Ibss: Anthropology: 1998* Compiled by the British Library of Political and Economic Science, 1999-12-16 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences      Revisiting the National Socialist Legacy Oliver Rathkolb, 2019-01-22 Since the mid 1990s political legal and historical debates about Nazi theft and confiscation of property

the use of slave labor during World War II and restitution and compensation have reemerged Revisiting the National Socialist Legacy presents completely new historical research on these issues conducted worldwide This volume responds to concern about Holocaust era assets in Europe the United States and Latin America It focuses on both reexamination of the history of National Socialist property theft and employment of forced labor in the wartime economy and the compensation and restitution solutions advanced in various European and Latin American countries since 1945 *Parallel Communities* Dennis C. Rizzo, 2021-04-13 The true story of the small African American communities that formed in southern New Jersey during the era of slavery includes photos For slaves escaping on the Underground Railroad names like Springtown and Snow Hill promised sanctuary and salvation Under the pressures of racial prejudice many free blacks runaway slaves and even Native Americans formed island communities on the periphery of South Jersey towns While Lawnside and others continue to thrive today others like Marshalltown and Timbuctoo now exist only in memory In this discussion of these primarily African American communities Dennis Rizzo validates their role in the preservation of tradition definition of extended family and creation of a social bond between diverse peoples together they formed parallel communities based on but independent of the larger towns and villages familiar to residents of the Garden State *Encyclopedia of American Folklife*, 2006 Offers approximately 270 essays on topics in American folklife as diverse as chain letters the Internet Little Havana fans of heavy metal music Wiccans and zydeco *The Folklorist in the Marketplace* Willow G. Mullins, Puja Batra-Wells, 2019-11-08 The *Folklorist in the Marketplace* brings together voices from multiple disciplines to consider how economics shape and are shaped by folk groups and academic disciplines The authors ask how folk and folklorists can productively comment on the economic structures they inhabit As trade technology and geopolitics have led to a rapid increase in the global spread of cultural products like media knowledge objects and folkways there has been a concomitant rise in fear and anxiety about globalization's dark other side economic nativism neocolonialism cultural appropriation and loss Culture has become a resource and a currency in the global marketplace This movement of people and forms necessitates a new textual consideration of how folklore and economics interweave In *The Folklorist in the Marketplace* contributors explore how the marketplace and folklore have always been integrally linked and what that means at this cultural and economic moment Covering a variety of topics from creel boats to the history of a commune that makes hammocks *The Folklorist in the Marketplace* goes far beyond the well trod examinations of material culture to look closely at the historical and contemporary intersections of these two disciplines and to provoke cross disciplinary conversation and collaboration Contributors William A Ashton Halle M Butvin James I Deutsch Christofer Johnson Michael Lange John Laudun Julie M A LeBlanc Cassie Patterson Rahima Schwenkbeck Amy Shuman Irene Sotiropoulou Yuanhao Zhao

## **Folk Legacies Revisited Introduction**

In today's digital age, the availability of Folk Legacies Revisited books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Folk Legacies Revisited books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Folk Legacies Revisited books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Folk Legacies Revisited versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Folk Legacies Revisited books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Folk Legacies Revisited books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Folk Legacies Revisited books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Folk Legacies Revisited books and manuals for download have transformed the way we access information. They provide a

cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Folk Legacies Revisited books and manuals for download and embark on your journey of knowledge?

### **FAQs About Folk Legacies Revisited Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility.
