Diabetes and God's Unending Grace is the story of my fifty four year journey as an insulin dependent type 1 diabetic I believe that God has directly led me to write this book as a source of encouragement and inspiration for other people afflicted with this incurable disease My journey as a type 1 diabetic began on December 4 1965 I was almost sixteen years old Diabetes was much more difficult to manage at this time and I described this in the early chapters of my book My parents were informed by the doctor to tell me to never get pregnant and that I might live twenty five more years At age sixty nine I have survived type 1 diabetes for over half a century Through divine interventions and answered prayers I have cheated death many times over Through God's wisdom and guidance I have probably accomplished more in my life than an average person I give my Lord and Savior Jesus Christ all the glory and praise Deep down inside I know God allowed this disease into my life because he had a special plan for me Throughout life God's strength and grace have met my every need If you are a diabetic either a type 1 or type 2 I believe that God has you on a special assignment I believe he wants to manifest his grace and strength through you I believe that God also desires to help you discover the special blessings you could not have had otherwise without your diabetes I trust that my personal story in Diabetes and God's Unending Grace will deepen your faith and trust in the divine sovereignty of Almighty God He is a wonderful heavenly Father and you will read about his awesome and unending grace
