I AM THAT

Talks with
Sri Nisargadatta Maharaj

The real does not die, the unreal never lived.

Once you know that death happens to the body and not to you, you just watch your body falling off like a discarded garment.

The real you is timeless and beyond birth and death. The body will survive as long as it is needed. It is not important that it should live long.

I Am That Talks With Sri Nisargadatta:

I Am that Nisargadatta Mahārāj,1973 I Am That Sri Nisargadatta-Maharaj,1999-08 That is the kind of popularity the book is enjoying **I Am that** Nisargadatta (Maharaj),1999 *I Am that* Maharaj Nisargadatta,2012 This collection of the timeless teachings of one of the greatest sages of India Sri Nisargadatta Maharaj is a testament to the uniqueness of the seer's life and work and is regarded by many as a modern spiritual classic *I Am That* first published in 1973 continues to draw new audiences and to enlighten seekers anxious for self realization Sri Nisargadatta Maharaj was a teacher who did not propound any ideology or religion but gently unwrapped the mystery of the self His message was simple direct and sublime *I Am That* preserves his dialogs with the followers who came from around the world seeking guidance in destroying false identities The sage's sole concern was with the human suffering and the ending of suffering It was his mission to guide the individual to an understanding of his true nature and the timelessness of being He taught that the mind must recognize and penetrate its own state of being not being this or that here or there then or now but just timeless being A simple man Maharaj was a householder and petty storekeeper in Bombay where he lived and died in 1981 at the age of 84 He had not been educated formally but came to be respected and loved for his insights into the crux of human pain and for the extraordinary lucidity of his direct disclosure Hundreds of diverse seekers traveled the globe and sought him out in his unpretentious home in Bombay now Mumbai to hear him To all of them he gave hope that beyond the real experience is not the mind but the self the light in which everything appears the awareness in which everything happens In the humble abode of Sri Nisargadatta Maharaj but for the electric lights and the noises of the street traffic one would not know in which period of human history one dwells **I Am that** Nisargadatta (Maharaj),1973 Discourses of a Hindu religious leader of the Navnath sampradaya I Am that Nisargadatta (Maharaj),1976 **Beyond Freedom - Talks with Sri Nisargadatta Maharaj** Maria Jory,2007-08-01 Experience afresh the true essence of his teaching Recently some long forgotten tapes of Nisargadatta Maharaj's talks were unearthed from the archives of S K Mullarpattan Maharaj's interpreter for the longest time These tapes contained recordings of some of Maharaj's talks with seekers held during the last two years of his life They capture afresh the essence and flavour of the teachings of this world renowned Master of Advaita the Hindu philosophy of Non duality These dialogues find a new relevance for our times For in one of these talks Maharaj made a special reference to his earlier book *I Am That* and said That book and whatever was expounded at that time was only relevant for that period I am speaking differently today As a matter of fact this should also have been recorded and published as it is in greater detail and is emphasizing different aspects More than 25 years later that wish of Nisargadatta Maharaj is being fulfilled with the publication of these talks in *Beyond Freedom* This is a book all devotees of Maharaj will want to read with ardent fervour and enthusiasm **Mindfulness and Meditation at University** Andreas de Bruin,2021-04-16 Why should mindfulness and meditation be taught at universities What impact could the establishment of such programs have on students and on the

education system itself Andreas de Bruin showcases the remarkable results of the first ten years of the Munich Model Mindfulness and Meditation in a University Context a program started in the year 2010 in which 2000 students have already participated Through meditation journal entries featured in the book students describe the effects of mindfulness and meditation on their studies and in their daily lives In addition to an overview of cutting edge research into mindfulness and meditation along with in depth analyses and explanations of key terms the book also contains numerous practical exercises with instructions

The Nature of Reality Steven E. Kaufman, 2023-10-03 What is The Nature of Reality Contrary to what almost all human beings presently believe we do not live in a physical Universe because as *The Nature of Reality* explains physical reality is just an appearance that is being created by our minds and then superimposed by projection upon the non physical reality that is both actually there and what we really are The problem that arises as a result of believing physical reality to be the reality that is actually there is that that mistaken belief causes physical reality to function like a misperceived reflection to continuously obscure one's own reality from their awareness thereby effectively trapping one's awareness in what is nothing more than a mind generated experiential dream that is neither the reality that is actually there nor the reality that one really is *The Nature of Reality* was written to provide you with the opportunity to free yourself from that experiential dream and from the suffering being trapped in that dream produces by using fundamental scientific facts to demonstrate that physical reality is not the reality that is actually there where it appears to be so you can rid your mind of the false belief in physical reality that it is inadvertently using to convert physical reality into a delusion that continuously hides from your awareness the non physical reality you really are Whether you know it or not your awareness is presently trapping itself in a mind generated experiential dream as a function of what is nothing more than a mistaken belief The question is Are you ready to loosen your grip on that belief so you can begin to wake up and become aware of the reality you really are

On the Way John K. Landrè, 2012-08 Personal growth is a slow process so slow that most people are unaware of the fact that fundamentally we do change several times during our lives *On the Way* is about these personal transformations It describes how growth of consciousness happens and how we can measure where we are in our individual growth what comes next for us and why It illustrates how at all levels of development we can learn to guide our own growth Individual consciousness grows through five distinct phases The first is the consciousness of young children and of primitive adults Here people trust their instincts more than their feelings or their rational objectivity In the second phase of consciousness typical of the teenager feelings take precedence over instincts and objectivity This changes in the third phase when instincts and emotions become less than trustworthy and objectivity and rationality take over as the most reliable sources of awareness Yet there is a fourth phase of consciousness where even objective rational thinking no longer appears trustworthy Then intuition becomes the most reliable form of information This is the consciousness of the spiritual seeker To very few a sudden flash of insight happens resulting in a final fifth phase of consciousness Enlightenment The book consists of three

parts The first is about how consciousness grows through the first three phases The second deals with the various paths of spiritual seekers And the third focuses on which spiritual practice can be expected to be most effective for whom

Bringing Home the Mountain Cathy Rosewell Jonas,2010-05-27 Bringing Home the Mountain Finding the Teacher Within unveils an intimate account of a path to awakening The author tells of her retreat experiences as well as pilgrimages to the Sacred Mountain Arunachala in India revealing both the struggles and rewards faced on the search for enlightenment Heart opening insights teachings and specific meditation practices are weaved into the book to help the reader develop or deepen their own spiritual practice Explore Hinduism Bansi Pandit,2005 This book studies the diverse and often competitive strands of Hindu traditions Hindu festivals and life cycle rituals and examines them in the context of globalized religions

Mindful Philosophy Michael J Snow,2019-04-27 This book is a wholly life affirming and positive account of how spiritual evolution is the domain of all of us whether we realize and accept it or not It is very practical and down to earth It explains how the great spiritual traditions of the world agree to a surprisingly wide extent as to what in essence a human being is comprised how the truth of really and truly what we are may be realized and under what circumstances true and lasting happiness can be availed The book shows how what is now known as mindfulness is in truth part of the essential make up of us all and how it comprises something of the utmost value if it is perceived as a path not just to therapeutic well being but to spiritual realization The book outlines just how accessible this subject is because it is essentially practical It uses examples from across the globe and down the ages from many traditions cultures and religions but does so in a manner free of dogma and with a light touch The reader is encouraged to investigate and given various exercises and ideas to use One is left with the feeling that the outcome and destiny of all of us is actually blissful and full of love and well being and that is entirely within reach of all of us if we are prepared to approach this vast subject with an open mind and an open heart

Experiential Consciousness and the Nature of Human Identity Vitor Jose F. Rodrigues,2022-12-13 Consciousness is hard to bring to the laboratory as it confronts us with a classic dilemma can a mind observe itself However who then is observing the observer Without experiential awareness culture the arts science and philosophy would not make sense Would it make sense if refrigerators were to produce a refrigerator culture without the experience of freezing food Virtually all human culture is destined to provide conscious experiences This volume provides a rich array of views on human nature and the way it shows up in the strange land of human identity **Varieties of Mythic Experience** Dennis Patrick Slattery,Glen Slater,2008 This book presents contributions from different authors covering the mythical basis for different religions It also shows how psychology and philosophy have been influenced by myths *I Am that I Am* Stephen Wolinsky,2000 This is a powerful companion volume to one of the most important spiritual texts of this generation I Am That by Nisargadatta Maharaj It both illuminates and elaborates upon the major understandings confrontations and contributions of this most remarkable sage Utilising his direct personal experience interactions commentaries quotations and the inquiry process Dr

Wolinsky transports readers right into the room where they find themselves in the presence of this most extraordinary teacher

Healing Within Michael W. Kovarik, 2014-06-10 Healing Within came to be from my journey with breast cancer This healing passage evolved over a few years It did not present itself right away but transpired when I was ready for it to begin First I had to become conscious of this path and perfect a balance within With my initial diagnosis I gave full authority to my traditional doctors a traditional drug therapy and fear It would take a second discovery of this illness to fuse me with my heart and soul My journey to heal within drew me to a path reaching the deepest caverns of my being It was a remarkable awakening of my ability to hear the whispers of my inner voice as it guided me to who I truly am to be It is this disease so grounded in dread and fear that had the power to awaken me to my heart my soul and the quest they were guiding me to be part of Its precious gift life a full life When listening to our inner voice we embrace its message treasure its guidance and trust its love This comforting intimate instrument gently guides us in discovering our authentic self ones genuine life path and the potential we possess to truly heal within Michael W Kovarik
