## **Language And Gender In American Fiction Howells James Wharton And Cather:**

*Language and Gender in American Fiction* Elsa Nettels, 1996-12-11 Elsa Nettels's analysis of American fiction and criticism of the post Civil War era unearths the prevailing assumptions about language and gender as revealed in definitions of masculine and feminine and in comparisons of men's and women's speech and writing Chapters on William Dean Howells Henry James Edith Wharton Willa Cather and Utopian fiction show how individual writers both reinforced and subverted gender ideology in their treatment of language and social class and in their construction of dialogue and the discourse of first and third person narrators

**Language and Gender in American Fiction** Elsa Nettels, 1997 *Language and Gender in American Fiction* Elsa Nettels, 1997 Between January 1880 and December 1889 Harper's Monthly Magazine published 263 works of fiction half of these were written by women Judging by the popularity of contemporary mass circulation magazines women writers of the late nineteenth century enjoyed equal opportunity in the world of commercial publishing Yet although they wrote best sellers and won prizes the institutions that keep writers and their reputations alive chose not to sustain these writers and few are familiar today Sarah Orne Jewett Mary Wilkins Freeman Willa Cather Edith Wharton Elsa Nettels suggests that this lack of parity is not surprising in a culture that for centuries has used masculine to describe all things strong and dominant while feminine has signified weakness and inferiority In Victorian America the relation of literary style to gender became of increasing interest as women writers became ever more prominent In the influential magazines of the late nineteenth century Harper's Century Scribner's Atlantic Monthly Cosmopolitan and Ladies Home Journal writers directly or implicitly reflected society's views of the sexes and the proper roles of men and women In this intelligent and accessible book the author examines how William Dean Howells Henry James Edith Wharton and Willa Cather helped both to perpetuate and to subvert Victorian America's ideology of language and gender All had fruitful careers as novelists editors and critics and she demonstrates that each was in a unique position to affect popular language and gender stereotypes To gauge their responses to the pervasive assumptions held by the magazines that published them Nettels traces how these writers defined masculine and feminine in their works how they characterized women's speech and language how they distinguished male and female discourse and where they invested authority in matters of usage Taking into account others engaged in the Victorian construction of gender such as grammarians linguists sociologists and writers on etiquette Nettels offers a compelling look at the cultural perpetuation of ideologies as well as fascinating scholarship on four authors who manipulated social mores to establish their place in American literature

**Willa Cather** Cather Studies, 2010-11-01 The essays in Cather Studies Volume 8 explore the many locales and cultures informing Willa Cather's fiction A lifelong Francophile Cather first visited France in 1902 and returned repeatedly throughout her life Her visits to France influenced not only her writing but also her interpretation of other worlds for example while visiting the American Southwest in 1912 a region that informed her subsequent works she first viewed that landscape through the prism of her memories of Provence

Cather's intellectual intercourse between the Old and the New World was a two way street moving both people and cultural mores between the two. But her worlds extended far beyond France or even geographical locations. This new volume pairs Cather innovatively with additional influences: theological, aesthetic, even gastronomical, and examines her as tourist and traveler cautiously yet assiduously exploring a diverse range of places, ethnicities, and professions. **BOOK JACKET** **Edith Wharton in Context** Laura Rattray, 2012-10-08. Edith Wharton was one of America's most popular and prolific writers, becoming the first woman to win the Pulitzer Prize for Fiction in 1921. In a publishing career spanning seven decades, Wharton lived and wrote through a period of tremendous social, cultural, and historical change. Bringing together a team of international scholars, this volume provides the first substantial text dedicated to the various contexts that frame Wharton's remarkable career. Each essay offers a clearly argued and lucid assessment of Wharton's work as it relates to seven key areas: life and works, critical receptions, book and publishing history, arts and aesthetics, social designs, time and place, and literary milieu. These sections provide a broad and accessible resource for students coming to Wharton for the first time, while offering scholars new critical insights. *Edith Wharton, Willa Cather, and the Place of Culture* Julie Olin-Ammentorp, 2019-10-01. Edith Wharton and Willa Cather wrote many of the most enduring American novels from the first half of the twentieth century, including Wharton's *The House of Mirth*, *Ethan Frome*, and *The Age of Innocence*, and Cather's *O Pioneers!*, *My Antonia*, and *Death Comes for the Archbishop*. Yet despite their perennial popularity and their status as major American novelists, Wharton (1862-1937) and Cather (1873-1947) have rarely been studied together. Indeed, critics and scholars seem to have conspired to keep them at a distance: Wharton is seen as our literary aristocrat, an author who chronicles the lives of the East Coast Europe-bound elite, while Cather is considered a prairie populist who describes the lives of rugged western pioneers. These depictions, though partially valid, nonetheless rely on oversimplifications and neglect the striking and important ways the works of these two authors intersect. The first comparative study of Edith Wharton and Willa Cather in thirty years, this book combines biographical, historical, and literary analyses with a focus on place and aesthetics to reveal Wharton's and Cather's parallel experiences of dislocation, their relationship to each other as writers, and the profound similarities in their theories of fiction. Julie Olin-Ammentorp provides a new assessment of the affinities between Wharton and Cather by exploring the importance of literary and geographic place in their lives and works, including the role of New York City, the American West, France, and travel. In doing so, she reveals the two authors' shared concern about the culture of place and the place of culture in the United States. **A Companion to American Fiction, 1865 - 1914** Robert Paul Lamb, G. **Language, Gender, and Citizenship in American Literature, 1789-1919** Amy Dunham Strand,2008-08-27 Examining language debates and literary texts from Noah Webster to H L Mencken and from Washington Irving to Charlotte Perkins Gilman this book demonstrates how gender arose in passionate discussions about language to address concerns about national identity and national citizenship elicited by 19th century sociopolitical transformations Together with popular commentary about language in Congressional records periodicals grammar books etiquette manuals and educational materials literary products tell stories about how gendered discussions of language worked to deflect nationally divisive debates over Indian Removal and slavery to stabilize mid 19th century sociopolitical mobility to illuminate the logic of Jim Crow and to temper the rise of New Women and New Immigrants at the end and turn of the 19th century Strand enhances our understandings of how ideologies of language gender and nation have been interarticulated in American history and culture and how American literature has been entwined in their construction reflection and dissemination

Stout,2000-12-29

Previous biographies of Willa Cather have either recycled the traditional view of a writer detached from social issues whose work supported a wholesome view of a vanished America or they have focused solely on revelations about her private life Challenging these narrow interpretations Janis P Stout presents a Cather whose life and quietly modernist work fully reflected the artistic and cultural tensions of her day A product of the South she was born in Virginia Cather went west with her family at an early age a participant in the aspirations of Manifest Destiny Known for her celebrations of immigrants on the prairie she in fact shared many of the ethnic suspicions of her contemporaries Loved by a popular audience for her pieties of family and religion she was in her youth a freethinker who resisted traditional patterns for women's lives cutting her hair like a boy's and dressing in men's clothing Seen by critics since the 1930s as a practitioner of an escapist formalism she was in Stout's view profoundly ambivalent about most of the important questions she faced Cather structured her writing to control her uncertainty and project a serenity she did not in fact feel Cather has at times been viewed as a writer preoccupied with the past whose literary project had little to do with the intellectual currents of her time On the contrary Stout argues Cather was a full participant in the doubts and conflicts of twentieth century modernity Only in recoil from her distress at these conflicts did she turn to overt celebrations of the past and construct a retiring crotchety persona The Cather that emerges from Stout's treatment is a modernist conservative in the mold of T S Eliot though more responsive to her time and simultaneously less assured in her pronouncements Cather's sexuality too is more complicated in Stout's version than previous biographers have allowed Willa Cather The Writer and Her World presents a woman and an artist who fully exemplifies the ambivalence the foreboding and above all the complexity that we associate with the twentieth century mind
