Prince, 2012 An art project and activity book aimed at helping children and adults improve their basic understanding of art this reference stresses art elements and principles which in turn promote observation and discovery on a daily basis Ideal for anyone wanting to bring meaningful rich and fun art experiences into children's lives this work is stocked with 65 artsy activities for the home park city or even museum Projects include going on a photographic scavenger hunt in search of forms and shapes writing an imaginary autobiography based solely on a museum portrait and making a sand casting on a trip to the beach The projects which are accessible and require only free or inexpensive materials are accompanied by a helpful index that categorizes projects by elements and principles
