**Language and Silence** George Steiner, 1967      Language and Silence George Steiner, 1974      *Language and Silence* George Steiner, 2010-12-09 How do we evaluate the power and utility of language when it has been manipulated to circumvent the truth at high levels or charged with vulgarity and imprecision by mass consumer culture How can fractured language adapt to the demands of more exact speech required by mathematics and symbolic notation These are some of the questions addressed in this elegantly written book first published in 1967 to international acclaim      **Language and silence : essays on language, literature, and the inhuman** George Steiner (Homme de lettres, France, Grande-Bretagne), 1970      **Language and Silence** George Steiner, 1967      **German Literature, Jewish Critics** Stephen D. Dowden, Meike Werner, 2002 Proceedings of the Brandeis conference on Jewish Germanists who fled Nazi Germany and their impact on Anglo American German studies Among the Jewish academics and intellectuals expelled from Germany and Austria during the Nazi era were many specialists in German literature Strangely their impact on the practice of Germanistik in the United States England and Canada has been given little attention Who were they Did their vision of German literature and culture differ significantly from that of those who remained in their former homeland What problems did they face in the American and British academic settings Above all how did they help shape German studies in the postwar era This unique and important symposium which convened at Brandeis University under the auspices of its Center for German and European Studies addresses these and many other questions Among its distinguished participants who numbered over thirty in all are Peter Demetz Yale emeritus Gesa Dane G ttingen Amir Eshel Stanford Willi Goetschel Toronto Barbara Hahn Princeton Susanne Klingenstein MIT Christoph K nig Deutsches Literaturarchiv Marbach Ritchie Robertson Oxford Egon Schwarz Washington University St Louis emeritus Hinrich Seeba UC Berkeley Walter Sokel University of Virginia emeritus Frank Trommler University of Pennsylvania and many more The volume includes not only the revised essays of the participants but also their prepared responses transcripts of the panel discussion and dialogue of the participants with members of the audience Stephen D Dowden is professor of German at Brandeis University Meike G Werner is assistant professor of German at Vanderbilt University      **The Cultural Front** Michael Denning, 1998 As garment workers longshoremen autoworkers sharecroppers and clerks took to the streets striking and organizing unions in the midst of the Depression artists writers and filmmakers joined the insurgent social movement by creating a cultural front Disney cartoonists walked picket lines and Billie Holiday sang Strange Fruit at the left wing cabaret Caf Society Duke Ellington produced a radical musical Jump for Joy New York garment workers staged the legendary Broadway revue Pins and Needles and Orson Welles and his Mercury players took their labor operas and anti fascist Shakespeare to Hollywood and made Citizen Kane A major reassessment of US cultural history The Cultural Front is a vivid mural of this extraordinary upheaval which reshaped American culture in the twentieth century      **The Past as Text** Gabrielle M. Spiegel, 1999-11-08 This study of familiar medieval histories and

chronicles argues that the historian should be aware of the discursive nature literary modes and ideological investments of such texts as well as the social circumstances to which they were applied and by which they were generated Postmodernism has challenged historians to look at historical texts in a new way and to be skeptical of the claim that one can confidently retrieve fact from historical writings In *The Past as Text* historian Gabrielle M Spiegel sets out to read medieval histories and chronicles in light of the critical theoretical problems raised by postmodernism At the same time she urges a method of analysis that enables the reader to recognize these texts simultaneously as artifice and as works deeply embedded in a historically determinate knowable social world Beginning with a theoretical basis for the study of medieval historiography Spiegel demonstrates her theory in practice offering readings of medieval histories and chronicles as literary social and political constructions The study insightfully concludes that historians should be equally aware of the discursive nature literary modes and ideological investments of such texts and the social circumstances to which they were applied and by which they were generated Arguing for the social logic of the text Spiegel provides historians with a way to retrieve the social significance and conceptual claims produced by these medieval or any historical writings

**Luce Irigaray** Luce Irigaray, Mary Green, 2008-11-18 Luce Irigaray is one of the world's most important and influential contemporary theorists and this book presents a collection of essays exploring the full range of her work from an international team of academics in many different fields

*Voicing the Void* Sara R. Horowitz, 2012-02-01 CHOICE 1997 Outstanding Academic Books Through new close readings of Holocaust fiction this book takes the field of Holocaust Studies in an important new direction Reading a wide range of narratives representing different nationalities styles genders and approaches Horowitz demonstrates that muteness not only expresses the difficulty in saying anything meaningful about the Holocaust it also represents something essential about the nature of the event itself The radical negativity of the Holocaust ruptures the fabric of history and memory emptying both narrative and life of meaning At the heart of Holocaust fiction lies a tension between the silence that speaks the rupture and the narrative forms that attempt to represent to bridge it This book argues that the central issues in Holocaust historiography and literary criticism are not simply prompted by the fictionality of imaginative literature they are already embedded as self critique in the fictional narratives While the current critical discourse argues either for or against the unrepresentability of these events and thus the appropriateness of imaginative literature this book develops the theme of muteness as the central way in which literary texts explore and provisionally resolve these central issues Focusing on the problem of muteness helps unfold the ambivalences and ambiguities that shape the way we read Holocaust fiction and the way we think about the Holocaust itself

*Bringing Forth a World* Joff P.N. Bradley, David Kennedy, 2019-12-30 Offering a critical yet constructive response to the perceived crises in tertiary foreign language education in the Japanese university the contributors to *Bringing Forth a World* provide theoretical and practical solutions which together act as a prolegomena to bringing forth a world Theirs is an ecology of contribution in liberal arts education which takes responsibility for the care for

youth and contests intellectual passivity and indifference in foreign language instruction The editors proffer a transformative engaged and multidisciplinary liberal arts pedagogy one at odds with forms of lowest common denominator one size fits all and standardized provision In response to the prevalent business dominated model they demonstrate an applied format of multiliteracy theory one with semiotic multimodal feminist dimensions which is regionally specific and better accounts for divergent forms of human expression and perception The writers not only take account of the intellectual and mental issues in the student demographic but also in the teaching profession which suffers from widespread anxiety job insecurity and a lack of autonomy experimentation and innovation Philosophically the contributors to this book demand a form of meaning making which is fundamentally social and creative and which celebrates processes of becoming other in between the student and teacher that seldom if ever follow a predictable trajectory It is hoped that readers will embrace the spirit of the book pick up its philosophical gauntlet to think otherwise than prevalent standardized models of teaching and learning and therefore will use its core tenets to experiment with different ways of educating the youth of today     **The Naked Truth** Alys X. George, 2020-05-15

Uncovers the interplay of the physical and the aesthetic that shaped Viennese modernism and offers a new interpretation of this moment in the history of the West Viennese modernism is often described in terms of a fin de siècle fascination with the psyche But this stereotype of the movement as essentially cerebral overlooks a rich cultural history of the body **The Naked Truth** an interdisciplinary tour de force addresses this lacuna fundamentally recasting the visual literary and performative cultures of Viennese modernism through an innovative focus on the corporeal Alys X George explores the modernist focus on the flesh by turning our attention to the second Vienna medical school which revolutionized the field of anatomy in the 1800s As she traces the results of this materialist influence across a broad range of cultural forms exhibitions literature portraiture dance film and more George brings into dialogue a diverse group of historical protagonists from canonical figures such as Egon Schiele Arthur Schnitzler Joseph Roth and Hugo von Hofmannsthal to long overlooked ones including author and doctor Marie Pappenheim journalist Else Feldmann and dancers Grete Wiesenthal Gertrud Bodenwieser and Hilde Holger She deftly blends analyses of popular and high culture laying to rest the notion that Viennese modernism was an exclusively male movement **The Naked Truth** uncovers the complex interplay of the physical and the aesthetic that shaped modernism and offers a striking new interpretation of this fascinating moment in the history of the West     **The**

**Wonder of Their Voices** Alan Rosen, 2010-11-04 Nothing seems more important and meaningful to survivors than to share their experiences In this volume the reader will find memories that will enrich his or her understanding of an era filled with pain and anguish Elie Wiesel Nobel Peace Prize winning author of *Night*     **Consuming Silences** Myles Weber, 2005 J D Salinger was an author in 1951 when he published *The Catcher in the Rye* Is he one now Was Henry Roth an author during the sixty years that separated *Call It Sleep* his literary debut from his second novel *Mercy of a Rude Stream* To show us how silence can be produced and consumed as a literary text Myles Weber takes a provocative look at four revered authors who

battled writer's block or simply ceased publishing. The careers of Tillie Olsen, Henry Roth, J. D. Salinger and Ralph Ellison suggest that an unproductive twentieth century author could command serious critical attention and remain a literary celebrity by offering the public volumes of silence which became read and admired like any other text. Weber sees periods of nonpublication as texts that are consumed by the literary public and sometimes produced deliberately by inactive writers and their handlers. However, his aim is not to criticize individual authors but to reveal connections between literature as a commodity and authorship as a profession. As Weber looks at the particular circumstances of each author's silence, he brings to them an understanding of such topics as the cult of celebrity, intellectual property law, the complicity of the media and the academy in engendering and then maintaining an author's silence and mass production and distribution. By helping us to look in new ways at authorial silence, not just as a biographical fact or a creative problem but also as a marketing opportunity, *Consuming Silences* injects energy into debates about the nature of literary production and the cultural place of authors who do not publish.

***The Contemporary Reception of Classical Rhetoric*** Kathleen E. Welch, 2013-11-05 Responding to the reassertion of orality in the twentieth century in the form of electronic media such as the telegraph, film, video, computers and television, this unique volume traces the roots of classical rhetoric in the modern world. Welch begins by changing the current view of classical rhetoric by reinterpreting the existing texts into fluid language contexts, a change that requires relinquishing the formulaic tradition, acquiring an awareness of translation issues and constructing a classical rhetoric beginning with the Fifth Century B.C. She continues with a discussion of the adaptability of this material to new language situations, including political, cultural and linguistic change, providing it with much of its power as well as its longevity. The book concludes that classical rhetoric can readily address any situation since it focuses not only on critical stances toward discourse that already exists but also presents elaborate theories for the production of new discourse.

***Writing Ground Zero*** John Whittier Treat, 1995 Treat summarizes the Japanese contribution to such ongoing international debates as the crisis of modern ethics, the relationship of experience to memory and the possibility of writing history. This Japanese perspective, he shows, both confirms and amends many of the assertions made in the West on the shift that the death camps and nuclear weapons have jointly signaled for the modern world and for the future.

***The Oxford Handbook of Comparative Law*** Mathias Reimann, Reinhard Zimmermann, 2019-03-26 This fully revised and updated second edition of *The Oxford Handbook of Comparative Law* provides a wide-ranging and diverse critical survey of comparative law at the beginning of the twenty-first century. It summarizes and evaluates a discipline that is time-honoured but not easily understood in all its dimensions. In the current era of globalization, this discipline is more relevant than ever, both on the academic and on the practical level. The Handbook is divided into three main sections. Section I surveys how comparative law has developed and where it stands today in various parts of the world. This includes not only traditional model jurisdictions such as France, Germany and the United States but also other regions like Eastern Europe, East Asia and Latin America. Section II then discusses the major

approaches to comparative law its methods goals and its relationship with other fields such as legal history economics and linguistics Finally section III deals with the status of comparative studies in over a dozen subject matter areas including the major categories of private economic public and criminal law The Handbook contains forty eight chapters written by experts from around the world The aim of each chapter is to provide an accessible original and critical account of the current state of comparative law in its respective area which will help to shape the agenda in the years to come Each chapter also includes a short bibliography referencing the definitive works in the field
