Presented by: januario mendes

What is a Language Experience ?

- Language experience is a strategy to develop and reinforce reading and writing by using personal experiences and natural language. In this approach, the students themselves initiate experiences through projects and other resulting interactive activities. In their authentic language students dictate their experiences to the teacher who translates their story into written English. With this documentation as a basic material for reading and writing instruction, the teacher helps the students see the connection between what they signed and what was written. The teacher uses this language experience to develop new vocabulary, comprehension and basics of English
