Language Of The Self The Function Of Lan:

Experiencing the Postmetaphysical Self Fionola Meredith, 2004-12-14 This book charts and challenges the bruising impact of post Saussurean thought on the categories of experience and self presence It attempts a reappropriation of the category of lived experience in dialogue with poststructuralist thinking Following the insight that mediated subjectivity need not mean alienated selfhood Meredith forwards a postmetaphysical model of the experiential based on the interpenetration of poststructuralist thinking and hermeneutic phenomenology Since poststructuralist approaches in feminist theory have often placed women s lived experiences under erasure Meredith uses this hermeneutic deconstructive model to attempt a rehabilitation of the singular flesh and blood female existent

Self-Determination Donald Clark, Robert Williamson, 2016-07-27 This is a significant contribution to the worldwide discussion of political self determination as a source of socio cultural and political hope conflict and confusion Inspired by Martin Ennals long the quietly visionary Director General of Amnesty International the book consists of cases and penetratingly definitive analyses culminating in trenchant recommendations for action by world bodies With self determination intensely at issue so widely from the former Yugoslavia to Kashmir to Quebec this distinguished book by a global group of experts is particularly timely

Feminisms Robyn R. Warhol, Diane Price Herndl, 1997 In the landmark 1991 edition of Feminisms Robyn Warhol and Diane Price Herndl assembled the most comprehensive collection of American and British feminist literary criticism ever to be published In this revised edition the editors have updated the volume in keeping with the expanded parameters of feminist literary discourse With the inclusion of more than two dozen new essays along with a major reorganization of the sections in which they appear Warhol and Price Herndl have again established the measure for representing the latest developments in the field of feminist literary theory Believing that the feminist movement can only move forward where difference commands attention not dismissal or negativism they have continued the original collection s mission of providing a multiplicity of perspectives and approaches This anthology contains three new sections Conflict Gaze and Practice and includes more selections by and about women of color and lesbians Aimed at academics and the general public alike this collection is an indispensable guide to the range of practice on campus today in the field of feminist literary criticism
