## **Language Policy And Social Reproduction:**

*Language Revitalisation and Social Transformation* Huw Lewis, Wilson McLeod, 2021-09-28 This book brings together an interdisciplinary group of academic researchers in order to examine how and to what extent the challenge of language revitalisation should be reassessed and reconceptualised to take account of our fast changing social context The period of four decades between 1980 and 2020 that straddled the end of the twentieth century and the beginning of the twenty first is widely regarded as one that witnessed a series of fundamental social economic and political transformations Many societies have become increasingly individualistic mobile and diverse in terms of ethnicity and identity their economies have become increasingly interconnected and their governance structures have become increasingly complex incorporating a growing number of different levels and actors In addition rapid advancements with regard to automated digital and communication technology have had a far reaching impact on how people interact with each other and participate in society The chapters in this book aim to advance an agenda of key questions that should concern those working in the field of language revitalisation over the coming years and the volume will be of interest to students scholars and policy makers in related areas including sociolinguistics education sociology geography political science law economics Celtic studies and communication technology

*Language Policy and Social Reproduction* Pádraig Ó Riagáin, 1997      *Language from Below* Caoimhghin Ó Croidheáin, 2006 This book critically investigates the relationship between the Irish language and politics through a survey of individuals and movements associated with the language This approach takes into account competing socialist and nationalist perspectives on language and society to demonstrate the different motivations for and class interest in Irish The increasing power of the global market has the negative effect of reducing the well being and autonomy of national populations The study examines the decline of the Irish language as part of a global neo liberal system that homogenises markets by reducing national and linguistic boundaries It is argued that the struggle for rights is transformational and that the struggle for language rights by individuals and communities is an essential part of this transformation      *Language, Global Mobilities, Blue-Collar Workers and Blue-collar Workplaces* Kellie Gonçalves, Helen Kelly-Holmes, 2020-11-26 This collection brings together global perspectives which critically examine the ways in which language as a resource is used and managed in myriad ways in various blue collar workplace settings in today's globalized economy In focusing on blue collar work environments the book sheds further light on the informal processes through which top down language policies take place in different multilingual settings and the resultant asymmetrical power relations which emerge among employees and employers in such settings Taking into account the latest debates on poststructuralist theories of language the volume also extends its conceptualization of language to demonstrate the ways in which it extends to a wider range of multilingual and multimodal resources and communicative practices all of which combine in unique and different ways toward constructing meaning in the workplace The volume's unique focus on such workplaces also showcases domains of work which have

generally until now been less visible within existing research on language in the workplace and the subsequent methodological challenges that arise from studying them Integrating a range of theoretical and methodological approaches along with empirical data from a diverse range of blue collar workplaces this book will be of particular interest to students and researchers in critical sociolinguistics applied linguistics sociology and linguistic anthropology Language Management Bernard Spolsky,2009-04-02 This book was the first book to present a specific theory of language management

**The Language Phenomenon** P.-M. Binder,K. Smith,2013-04-05 This volume contains a contemporary integrated description of the processes of language These range from fast scales fractions of a second to slow ones over a million years The contributors all experts in their fields address language in the brain production of sentences and dialogues language learning transmission and evolutionary processes that happen over centuries or millenia the relation between language and genes the origins of language self organization and language competition and death The book as a whole will help to show how processes at different scales affect each other thus presenting language as a dynamic complex and profoundly human phenomenon *The Palgrave Handbook of Minority Languages and Communities* Gabrielle Hogan-Brun,Bernadette O'Rourke,2018-12-11 This Handbook is an in depth appraisal of the field of minority languages and communities today It presents a wide ranging coherent picture of the main topics with key contributions from international specialists in sociolinguistics policy studies sociology anthropology and law Individual chapters are grouped together in themes covering regional non territorial and migratory language settings across the world It is the essential reference work for specialist researchers scholars in ancillary disciplines research and coursework students public agencies and anyone interested in language diversity multilingualism and migration **Democracy and Human Rights in Multicultural Societies** Paul de Guchteneire,2017-07-05 Published in association with UNESCO Democracy and Human Rights in Multicultural Societies examines the political governance of cultural diversity specifically how public policy making has dealt with the claims for cultural recognition that have increasingly been expressed by ethno national movements language groups religious minorities indigenous peoples and migrant communities Its principle aim is to understand explain and assess public policy responses to ethnic linguistic and religious diversity Adopting interdisciplinary perspectives of comparative social sciences the contributors address the conditions forms and consequences of democratic and human rights based governance of multi ethnic multi lingual and multi faith societies **Language Attitudes and Identities in Multilingual China** Sihua Liang,2014-12-04 These in depth case studies provide novel insights in to the fast changing language situation in multilingual China and how it changes the meanings of language identity and language learning This linguistic ethnographic study of language attitudes and identities in contemporary China in the era of multilingualism provides a comprehensive and critical review of the state of the art in the field of language attitude research and situates attitudes towards Chinese regional dialects in their social historical as well as local contexts The role of language policies and the links between the interactional

phenomena and other contextual factors are investigated through the multi level analysis of linguistic ethnographic data This study captures the long term language socialisation process and the moment to moment construction of language attitudes at a level of detail that is rarely seen The narrative is presented in a highly readable style without compromising the theoretical sophistication and sociolinguistic complexities

**Languages of the Night** Barry McCrea, 2015-01-01 This provocative book shows how the mass abandonment of rural vernaculars such as the Irish language Italian dialects and French patois shaped European literary modernism Se n R ord in in Ireland and Pier Paolo Pasolini in Italy reshaped minor languages as experimental poetic idioms the decline of the Irish language deeply affected the work of James Joyce the disappearing dialects of northern France were a source of complex inspiration for Marcel Proust Drawing on a broad range of linguistic and cultural examples to present a major reevaluation of the origins and meaning of European literary modernism Barry McCrea shows how a genuinely comparative analysis can force us to rethink national literary traditions

**Sociolinguistics from the Periphery** Sari Pietikäinen, Helen Kelly-Holmes, Alexandra Jaffe, Nikolas Coupland, 2016-06-02 This book offers a fascinating new perspective on language boundaries and speakers impact on individuals capital and opportunities

**Irish Identities** Raymond Hickey, Carolina P. Amador-Moreno, 2020-01-20 This volume examines in depth the many facets of language and identity in the complex linguistic landscape of Ireland The role of the heritage language Irish is scrutinized as are the manifold varieties of English spoken in regions of the island determined by both geography and social contexts Language as a vehicle of national and cultural identity is center stage as is the representation of identity in various media types and text genres In addition the volume examines the self image of the Irish as reflected in various self portrayals and references e g in humorous texts Identity as an aspect of both public and private life in contemporary Ireland and its role in the gender interface is examined closely in several chapters This collection is aimed at both scholars and students interested in language and identity in the multi layered situation of Ireland both historically and at present By addressing general issues surrounding the dynamic and vibrant research area of identity it reaches out to readers beyond Ireland who are concerned with the pivotal role this factor plays in present day societies

**Minority Languages in Europe** G. Hogan-Brun, S. Wolff, 2003-11-11 Minority languages in Europe as part of a common cultural heritage need protection The contributions to this book reflect urgent stimulating and productive debates among researchers in sociolinguistics linguistic anthropology politics and sociology and among language activists and policy makers At the heart of the debate are the effectiveness of the existing political and legal frameworks aimed at protecting linguistic and cultural diversity and prospects for the survival of minority languages in the process of European integration

**Pedagogical Norms for Second and Foreign Language Learning and Teaching** Susan M. Gass, Kathleen Bardovi-Harlig, Sally Sieloff Magnan, Joel Walz, 2002-09-03 The concept of Pedagogical Norm is grounded in both sociolinguistic and psycholinguistic principles Pedagogical norms guide the selection and sequencing of target language features for language teaching and learning This book both situates and expands on this

concept highlighting the interaction of research and pedagogy The papers collectively illustrate how the concept of pedagogical norm applies to all components of language including phonology morphology syntax and discourse The book begins with a discussion of definitions including papers that trace the history of the concept and define what is meant by norms Also included are papers that apply the concept of pedagogical norms in specific contexts e g intonation morphology and to specific languages Finally pedagogical norms are extended beyond the more traditional areas of grammatical competence to such disparate areas as listening discourse and circumlocution

### **Sociolinguistics** Florian

Coulmas, 2005-05-05 This accessible new textbook provides a clear introduction to sociolinguistics the study of why we speak the way we do and the social factors that influence our linguistic decisions Based on the notion of choice that as speakers we select from the options open to us it provides a solid theoretical framework to deal with the most fascinating characteristic of language its variability and diversity Topics covered include dialects gender and age specific speech forms professional jargons diglossia bilingualism code switching pidgin languages and language planning all of which are unified by the common theme that speakers by making choices create their language Drawing on linguistic variation from a wide range of societies and their languages this is set to become a key text for all students of sociolinguistics and will be welcomed by anyone interested in the complex interaction between language and society

### **Language Obsolescence and Revitalization** Mari

C. Jones, 1998 The territorial contraction and speaker reduction undergone by the Welsh language during the past few centuries has resulted in its categorization by many linguists as an obsolescent language This study illustrates that although it is undeniably showing some signs of decline Welsh stands in marked contrast to many previously documented cases of language death Against this backdrop of contraction a steady revitalization is taking place Based upon extensive fieldwork in two sociolinguistically contrasting communities this book is the first to examine the position and nature of contemporary Welsh with reference to both obsolescence related developments and changes under way in the dialects Jones focuses on immersion education long heralded as the saviour of the language and by examining the variety of Welsh being produced by immersion pupils seeks to determine whether this claim is justified or whether such pupils are in fact speaking immersion As well as discussing the recent linguistic change shown by contemporary Welsh within the language death framework the author examines the ways in which the language has been standardized and their repercussions for language maintenance By way of comparison these tensions and implications are also explored with reference to the other varieties of P Celtic namely Breton and Cornish Series Information Oxford Studies in Language Contact Series Editor Professor Suzanne Romaine Merton College Oxford Series ISBN 0 19 961466 0 Series Description Most of the world's speech communities are multilingual and contact between languages is thus an important force in the everyday lives of most people Studies of language contact should therefore form an integral part of work in theoretical social and historical linguistics This series makes available a collection of research monographs which present case studies of language contact around the world As

well as providing an indispensable source of data for the serious researcher it contributes significantly to theoretical developments in the field

*Language in the Media* Sally Johnson, Astrid Ensslin, 2018-10-18 Examining the ways in which the media represents language related issues and how it shapes and constructs what people think language is this book offers a multilingual survey of the construction of language in and by the media Tackling the big issues of identity gender youth citizenship politics and ideology across a range of mediums including television radio newspapers magazines and the internet *Language in the Media* brings together an international team of experts to examine how the media gives language distinctive forms and values This is an essential text for students and researchers of sociolinguistics or language and communication At a time when trust in the mainstream media is at an all time low and world leaders are using new media to deride so called fake news this classic text offers insight and critical analysis into the key issues surrounding the relationship between language the media and its audience
