Common Ground Geneviève Massard-Guilbaud, Stephen Mosley, 2010-10-12

Today's environmental problems climate change loss of biodiversity polluted air land and water all have their origins to a greater or lesser extent in how we have lived played and worked. At a time when societies are confronted with the often dramatic consequences of past choices made in the fields of energy technology industry agriculture urbanisation and consumption we need a history that casts more light on the ways in which unsustainable human nature relationships came into being. This means forging stronger connections between social and environmental history. Common Ground opens up a dialogue between two sub disciplines that to date have remained largely parallel endeavours bringing together both established and younger scholars from both fields to explore how people's everyday lives have connected to their environments and with what effects. The book is organised in six sections: leisure and environment nature and conservation environmental conflicts folk and scientific knowledge environmental disasters and energy industry and urban infrastructure. By exploring the complex interplay between people's day to day activities and ecological change especially the values beliefs and environmental experiences of ordinary men and women we can better understand our past relationships with nature and perhaps make more informed planning and policy choices in the future.

La Diplomatie Multilatérale Marcel André Boisard, Evgeny M. Chossudovsky, Jacques Lemoine, 1998

In the first part of this book distinguished diplomats and eminent

academics have contributed papers on the concept of international organization on international conference diplomacy and on negotiating strategies while experts have provided practical advice on conference management and tips on getting ideas and positions heard and understood in this particular setting A second part includes notices on the United Nations organizations headquartered in Geneva with special emphasis on what may be called their institutional culture and a third part including an invaluable presentation by the Swiss Department of Foreign Affairs is devoted to the question of privileges and immunities There are many studies academic or otherwise on the United Nations organizations but hardly any provide this kind of practical guidance for diplomats and national officials first confronted with the Geneva multilateral setting The book is primarily intended for them but is also of interest for those concerned with international relations

Les défis du développement local au Sénégal Rosnert Ludovic Alissoutin, 2008 Le présent ouvrage se veut une analyse sans complaisance de la politique de décentralisation en milieu rural au Sénégal mettant en exergue son incapacité promouvoir le développement local qui est pourtant sa principale raison d'être dans un contexte de pauvreté Pour identifier les raisons des lacunes l'auteur va au-delà des textes et explore la compatibilité du comportement sociologique des acteurs et du contexte culturel avec la poursuite des objectifs de développement local Mais il existe bien des solutions la légitimité des acteurs concernés et la faible envergure des initiatives entreprises Elles devraient être recherchées dans la mobilisation méthodique et citoyenne autour d'atouts respectifs quoiqu'ouvertes sur les modernisations plus ambitieuses plus adaptées aux et parfaitement ancrées dans la culture du résultat

Gestion des ressources en eau et développement local durable, 2008 Cet ouvrage analyse l'un des thèmes cruciaux de l'environnement la gestion des ressources en eau envisagée ici un niveau intercontinental de l'Amérique Latine l'Océan Indien en passant par la Caraïbe insulaire On parle désormais d'une véritable

crise contemporaine de l'eau avec d'une part une surexploitation des ressources du fait de l'augmentation incessante des besoins chez les nations en forte expansion industrielle ainsi que des exigences d'une agriculture productiviste et d'autre part une dégradation dans les pays du Sud de la disponibilité quantitative et qualitative de l'eau en relation avec une croissance démographique notable dans les zones arides en particulier. Son inégale répartition géographique sa rareté eu égard aux besoins actuels des populations et les difficultés accrues de son accès proportionnelles à la concentration de ces populations sont aujourd'hui les caractéristiques essentielles de l'écoute. Se pose alors le problème de sa bonne gestion qui se trouve en outre affecté par les phénomènes climatiques nouveaux qui menacent la planète et de la nécessité de se doter d'instruments juridiques efficaces forts de normes et d'institutions aptes à assurer une bonne gouvernance. Ces instruments doivent définir des rôles et des responsabilités clairs en vue de protéger l'intérêt public tout en répondant aux attentes des populations en termes de transparence, de droit de participation et de durabilité. Gestion intégrée au Costa Rica, gestion équilibrée à la Réunion, gestion rationalisée dans les Antilles françaises, gestion planifiée au Brésil, gestion de priorité Madagascar etc. sont autant de facettes d'une approche comparative qui entend prendre en compte les différentes réponses à la crise actuelle de l'eau au service du développement local.

Mobilités dans l'espace ouest-africain. Ressources, développement local et intégration régionale BOESEN Elisabeth, MARFAING Laurence, 2014-06-12

Ce volume aborde des phénomènes de mobilité spatiale rarement pris en considération dans les débats actuels en sciences sociales où elle est considérée comme un principe général de la modernité. Bon et al 2004 et citée comme un nouveau paradigme. L'exemple de l'espace Sahara-Sahel les auteurs traitent ici de variantes banales de la mobilité et du mouvement dans la mesure où elles représentent des formes mentales de recherche de subsistance et de revenu. Ces formes sont le contraire de ce que l'on peut assimiler des stratégies de libre choix ou des expressions d'une individualité moderne. Une des particularités des contributions présentes ici est d'analyser diverses formes de mobilité spatiale tant régionales qu'à travers des exemples classiques de migration européenne non seulement en fonction de leurs effets économiques sur l'individu et la collectivité d'origine mais aussi des implications locales et régionales qu'elles génèrent. L'objectif de cet ouvrage est ainsi d'attirer l'attention sur le fait que ces mouvements présentent un potentiel inhérent de changement et de développement. Les textes ont été rédigés à partir des communications présentes à un atelier de travail interdisciplinaire financé par la Fondation allemande pour la Recherche DFG Bamako en février 2011. Des études empiriques sur l'espace Sahara-Sahel y ont été mises en lumière dans une perspective vue de loin qui compare les conditions politiques et administratives des mobilités en Afrique de l'Ouest et en Amérique latine. S'y ajoute une perspective vue de près qui suggère une conception de la mobilité inspirée de celle des nomades saharahariens et non de celle des voyageurs occidentaux modernes. Laurence Marfaing historienne de formation travaille au GIGA German Institute for Global and Area Studies Hambourg. Ses champs d'études sont l'évolution du commerce ouest-africain depuis le XIXe siècle, le monde des affaires au S n

gal ainsi que l'articulation des réseaux et les changements sociaux induits par les mobilités régionales et internationales Elisabeth Boesen est anthropologue et travaille à l'Université de Luxembourg Ses recherches se concentrent sur le Sahel ouest africain et l'Europe de l'Ouest en particulier la Grande Région Sar Lor Lux et portent entre autres sur différentes formes de mobilités spatiales

Développement local, gouvernance territoriale Amadou Diop, 2008 Face à la globalisation les concepts de développement local et de gouvernance territoriale font désormais partie des paradigmes prioritaires du développement Comment développer une relation de causalité positive entre une mondialisation qui suppose une gouvernance globale et un développement local qui appelle une gouvernance territoriale Comment articuler l'approche de développement local conçue comme une démarche qui se veut collective et endogène inclusive et participative axée sur la construction d'un territoire restreint avec la contribution de ce territoire au mouvement général du développement La vision du local peut-elle s'insérer dans une perception du global sans compromettre la nécessaire dynamique qui doit réguler et rythmer les deux démarches appelées complémentaires tant dans les stratégies que dans les agendas de réalisation Présenté comme un modèle de développement alternatif le développement local est devenu une référence et tend à s'imposer dans les discours de politique économique Il place les acteurs au cœur de la gestion des territoires et nécessite la jonction avec de nouveaux espaces avec la mise en œuvre de nouveaux instruments de dialogue C'est pour réfléchir et mettre en cohérence toutes les idées qui irriguent les discussions sur le développement local la Gouvernance territoriale la globalisation que le GERAD a réuni différents experts dans les domaines du développement territorial de l'aménagement de la culture pour jeter des regards croisés sur les enjeux et perspectives de ces problématiques Le fruit de ces réflexions prospectives dont l'essentiel est consigné dans ce livre nous ouvre de nouvelles pistes et des perspectives qui préfigurent des projets de sociétés basés sur un ancrage entre le local et le global

Lutte contre la pauvreté, territorialité et développement social intégré Pierre-Joseph Ulysse, Frédéric Lesemann, 2011-06-23T00:00:00-04:00 Fondé sur une étude de cas réalisée à Trois Rivières cet ouvrage tente de comprendre les dynamiques économiques politiques et sociales ayant favorisé la revitalisation de cette ville après une chute vertigineuse des emplois manufacturiers et bien sûr Il importe de rendre compte des pratiques d'intervention de lutte contre la pauvreté l'exclusion et le chômage ainsi que de cerner la manière dont ces pratiques contribuent à changer transformer ou améliorer les conditions de vie des individus qui y participent

Développement local, économie sociale et démocratie Marielle Tremblay, Pierre-André Tremblay, 2002-09-03T20:00:00-04:00 En explorant les rapports entre l'économie sociale et le développement local les auteurs s'interrogent sur les possibilités qu'elle recèle pour corriger les inégalités Voilà l'enjeu de la valorisation des pratiques d'économie sociale Il ne s'agit donc pas seulement de savoir si les fonds reçus de l'État sont utilisés honnêtement ce qu'on a souvent tendance à ramener à la valorisation mais surtout de savoir si les pratiques respectent les intentions manifestées au départ Cependant les outils les cadres d'interprétation et les méthodes nous font cruellement défaut Ce livre désire ainsi contribuer à faire avancer la réflexion sur cette question dont on voit clairement les enjeux démocratiques

Emploi,

économie sociale et développement local Yvan Comeau, Louis Favreau, 2001-01-07T19:00:00-05:00 la recherche de solutions à l'exclusion économique et sociale et au mal développement des collectivités locales les auteurs font le point sur l'état actuel des travaux et proposent des questionnements fort pertinents pour l'avenir Cet ouvrage reprend différentes expériences et de nouveaux dispositifs mis en place au cours des dernières années pour assurer une économie plus sociale et plus solidaire Il y est également question de l'enjeu du financement et de son rapport étroit avec les objectifs de développement

Gouvernance post-conflit du développement local au Nord-Kivu et Sud-Kivu en RDCongo Jules Mapi Bagalwa Mapatano, 2013-11-22 La République démocratique du Congo est depuis 1996 le théâtre d'une suite de guerres complexes aux conséquences dévastatrices Comment mettre fin au désordre comme instrument politique dans un contexte politico institutionnel qui demeure encore fragile Cet ouvrage s'attache rendre compte des manières dont des dynamiques des initiatives diverses pratiques sont expérimentées par des acteurs locaux dans les provinces du Kivu Maniema Nord Kivu Sud Kivu pour affronter certains problèmes concrets et ainsi ramener la paix sociale comme la satisfaction des besoins vitaux Des questions multidimensionnelles sanitaires humaine et animale aux thématiques environnementale politique et socio économique cette collection d'articles pluridisciplinaires de la revue du Centre d'études et des recherches pour la promotion rurale CERPRU vient dresser l'état des lieux d'un pays meurtri et explorer les pistes d'une nouvelle gouvernance pour construire le Congo de demain
