Freedom Run Richard S. Drake,2002-09-15 In the 21st Century two uneasy nations are at the brink of war The Confederacy having long given up slavery shows the world how all men and women are brothers and sisters In the embittered United States however men and women are joined only by the forces which dominate their lives a hellish industrial state controlling the population with the help of a Christian Fundamentalist television preacher and the grim agents of the Industrial Protection Agency But there is hope in the midst of chaos an Underground Railroad taking workers from the North to the South This is the story of one man s emotional and spiritual odyssey as he travels the danger filled path to the Confederacy

Congress,1997      **Freedom Made Manifest** Peter Joseph Fritz,2018-12-12 Freedom Made Manifest explicates Rahner s theology of freedom by elucidating its configuration and sources Much of its inquiry centers on the fundamental option each human person s eternal decision made paradoxically in time as a definitive answer to God s personally tailored call to salvation This idea stems from three principal sources Catholic conversations with transcendental idealist philosophy penitential theology and practice and Ignatian spirituality Rahner s unique redeployment of these sources inflects the fundamental option with theologies of concupiscence mercy and forgiveness especially as ecclesially mediated and devotion to Jesus Christ Awareness of these inflections can show how Rahner s theology of freedom may assist in theological reflection on freedom s susceptibility to injury and trauma      *Freedom's Law* Stephen B. Pearl,2021-12-10 Escaped e entertainment star Rowan McPherson and her liberator retired Space Forces Captain Ryan Chandler have arrived at the Switchboard Station the central hub of the Galactic Republic The alien administered sectors of the station provide sanctuary as long as Ryan and Rowan keep out of United Earth Systems territory However Rowan s health is deteriorating and only advanced human medicine can save her Docking in the felinezoid sector and boarding with old friends Ryan searches desperately for medical facilities outside of the human controlled parts of the station Prejudice against clones makes the task harder as well as obsessive and dangerous foes intent on retrieving Rowan for the studio or killing her whichever is easiest Meanwhile back on the set of Angel Black the truth about the clones existence comes to light Working in secret they begin recruiting outside

their show s cast and even their own enemies as they plot rebellion The light years long arm of the law is treading closely on all the clones heels and they will have to step carefully in their battle to be free      **Arming Freedom** Stephen B.

Pearl,2024-12-03 Ryan and Rowan and their new crew and passengers have reached the dreaded Murack system The two alien races there are still vying for control of the system even after the Murack Five disaster nearly caused the Galactic Republic to bomb them both to oblivion Their techniques now are more underhanded and they see Ryan and Rowan s relief supply mission as a means to progress their war On Gaia the cloned e entertainers continue expanding their influence among their unsuspecting peers Gunther has started recruiting their former alien pirate enemies while Medwin reaches out to inactive clones with other special abilities or connections Their plans are coming together but they re still entirely at the mercy of their controllers The fight for freedom is nearing its tipping point but are its soldiers ready to lay down their lives for what they believe in      *Resister* Bruce Dancis,2014-02-25 Bruce Dancis arrived at Cornell University in 1965 as a youth

who was no stranger to political action He grew up in a radical household and took part in the 1963 March on Washington as a fifteen year old He became the first student at Cornell to defy the draft by tearing up his draft card and soon became a leader of the draft resistance movement He also turned down a student deferment and refused induction into the armed services He was the principal organizer of the first mass draft card burning during the Vietnam War an activist in the Resistance a nationwide organization against the draft and a cofounder and president of the Cornell chapter of Students for a Democratic Society Dancis spent nineteen months in federal prison in Ashland Kentucky for his actions against the draft In *Resister* Dancis not only gives readers an insider s account of the antiwar and student protest movements of the sixties but also provides a rare look at the prison experiences of Vietnam era draft resisters Intertwining memory reflection and history Dancis offers an engaging firsthand account of some of the era s most iconic events including the 1963 March on Washington for Jobs and Freedom the Abbie Hoffman led hippie invasion of the New York Stock Exchange the antiwar confrontation at the Pentagon in 1967 and the dangerous controversy that erupted at Cornell in 1969 involving African American students their SDS allies and the administration and faculty Along the way Dancis also explores the relationship between the topical folk and rock music of the era and the political and cultural rebels who sought to change American society      **New Threats**

**to Freedom** Adam Bellow,2012-02-01 *New Threats to Freedom* In the twentieth century free people faced a number of mortal threats ranging from despotism fascism and communism to the looming menace of global terrorism While the struggle against some of these overt dangers continues some insidious new threats seem to have slipped past our intellectual defenses These often unchallenged threats are quietly eroding our hard won freedoms and in some cases are widely accepted as beneficial In *New Threats to Freedom* editor and author Adam Bellow has assembled an all star lineup of innovative thinkers to challenge these insidious new threats Some leap into already raging debates on issues such as Sharia law in the West the rise of transnationalism and the regulatory state Others turn their attention to less obvious threats such as the dogma of

fairness the failed promises of the blogosphere and the triumph of behavioral psychology These threats are very real and very urgent yet this collection avoids projecting an air of doom and gloom Rather it provides a blueprint for intellectual resistance so that modern defenders of liberty may better understand their enemies more effectively fight to preserve the meaning of freedom and more surely carry its light to a new generation What are the new threats to freedom when has authority not claimed when imposing trammels and curbs on liberty that it does so for a wider good and a greater happiness Christopher Hitchens The regulatory state amounts to a regressive tax that penalizes small independent producers and protects the status quo Max Borders Europe tends to favor stability over democracy America democracy over stability Daniel Hannan The value of free expression is perceived to be at odds with goals that were considered more important like inclusiveness diversity nondiscrimination and tolerance Greg Lukianoff The masses cannot ultimately be free only the individual can be Robert D Kaplan That old bugbear of postwar sociology the mob self is now a reality In a participatory popularity culture the freedom to think and act for ourselves becomes harder and harder to achieve Lee Siegel As traditional marriage declines the ranks of single women are growing and increasingly these women are substituting the security of a husband with the security of the state Jessica Gavora Ending the freedom to fail is a mean spirited attack on the freedom to succeed Michael Goodwin The only solution to the new threats to American press freedom lies in organized resistance Katherine Mangu Ward The new behaviorism isn't interested in protecting people's freedom to choose on the contrary its core principle is the idea that only by allowing an expert elite to limit choice can individuals learn to break their bad habits Christine Rosen There's a world of Travis Bickles out there and they're not driving cabs They're reading blogs Ron Rosenbaum The first amendment ensures not that speech will be fair but that it will be free It cannot be both David Mamet Join the conversation about these issues at [www.newthreatstofreedom.com](http://www.newthreatstofreedom.com)
