Twentieth Century French Drawings from the Robert Lehman Collection Metropolitan Museum of Art (New York, N.Y.), George Szabó, 1981 French Master Drawings from the Collection of Muriel Butkin Carter E. Foster, Sylvain Bellenger, Patrick Shaw Cable, Cleveland Museum of Art, 2001 Accompanying an exhibition at the Cleveland Museum of Art last fall and now at the Dahesh Museum in New York this catalog focuses upon the French drawings in Muriel Butkin's highly specialized collection which she has promised to the Cleveland Museum To assemble her diverse yet nicely integrated set of drawings Butkin started buying 18th century French drawings when they were affordable In the mid 1970s with the guidance of art historian Gabriel Weisberg she expanded her collection to include 19th century French drawings These drawings were counter to the mainstream impressionist and postimpressionist taste of the time and focused more on academic French subject matter such as life drawings portraits or compositional studies In the preface Butkin herself reinforces her taste by saying that drawings are much more personal and spontaneous than paintings often demonstrating the artistic process Foster curator of drawings at the Cleveland Museum and other scholars present a well researched volume that contributes new information to a very specialized field of art history It is greatly disappointing however that the bulk of the reproductions are in black and white often missing the subtly colored tones in many of the drawings Nonetheless this is recommended for museum and academic libraries that support graduate programs in art history 183 b w illustrations Storied Past Blanton Museum of Art, Cheryl K. this volume Contemporary French Art: Eleven studies Michael Bishop, 2008 Ben Vautier Niki De Saint Phalle Fran ois Morellet Louise Bourgeois Alexandre Hollan Claude Viallat Sophie Calle Bernard Pag s Jean Pierre Pincemin Annette Messager G rard Titus Carmel eleven major French artists of the last forty years or so examined in the light of their uniqueness and their rootedness the specificities of their differing and at times overlapping plastic practices and the swirling and often highly hybridised conceptions entertained in regard to such practices Thus does analysis range from discussion of the feisty Fluxus inspired free spirited funkiness of Ben Vautier s work to the various modes of transcendence of trauma and haunting fear generated by the exceptional gestures of Niki de Saint Phalle and Louise Bourgeois to the alryrical formalism yet imbued with irony and ludicity of Fran ois Morellet through to the serene intensities of Alexandre Hollan s vies silencieuses the infinite a signatures of Claude Viallat s adventure in the sheer joy of a poiein of self reflexive coloration the powerfully elegant and muscular disarticulations of Bernard Pag s sculpture the great sweep through art s history implied by Jean Pierre Pincemin s chameleon like gestures the vast swirling programme of socio psychological analysis the arts of Annette Messager and Sophie Calle offer in their radically distinctive manners the obsessively serialised oeuvre of G rard Titus Carmel allowing a burrowing deep into the opaque logic of a real though dubious presence to the world

Naturalism's Imaginary Museum, French Art, and the Eclectic Nineteenth Century Sara Pappas, **Contemporary French Art 2** Michael Bishop, 2011-05 G rard Garouste Colette Debl Georges Rousse Genevi ve Asse Martial Raysse Christian Jaccard Jo l Kermarrec Dani le Perronne Daniel Dezeuze Philippe Favier Daniel Nadaud after the eleven essays of Contemporary French Art 1 devoted to major artists from Ben Vautier and Niki de Saint Phalle to Annette Messager and G rard Titus Carmel the present volume pursues its interrogations of the what the how and the why of contemporary plastic production of some of France s finest practitioners If as ever such production can reveal elements of an interweaving of individualized preoccupations and modes endless specificities demarcate and affirm originalities that pure theory and its leveling anonymity may obscure Thus is it that G rard Garouste is alone in that obsession with indianness and classicalness that Colette Debl s gesture is drawn implacably to the unseenness of female representation that Georges Rousse plunges photography into the realm of matter s poetic sacredness that Genevi ve Asse traverses a pure seemingness of abstraction to attain to an intimacy of silence that Martial Raysse s hygiene of vision may endlessly renew and hybridize itself Christian Jaccard too will explore with uniqueness an art of materiality at the frontier of metaphysics Jo l Kermarrec will offer us the inimitable exquisite traces of surging desire and deception Dani le Perronne s boxes and stringings her paintings and her sheetings will unfold a psychic infinity at the heart of form And if Daniel Dezeuze seeks namelessness and pure structuration the latter yet surge forth via works that relentlessly identify a gesture so distant we may feel from the at once sobering and ceremonial microproliferations of a Philippe Favier or the tense but genial articulations of Daniel Nadaud s sculptural imagination
